

Plastic Cable Cover

Keep Cables Covered and Out of Sight.

Keep short cable runs neat, protected and out of sight with the Brateck Plastic Cable Cover – 250mm. Finished in white, it blends discreetly with modern interiors for a tidy, professional installation.

Seamless Cable Connection

Creates a neat transition between compatible cable cover sections for a cleaner overall installation.

Durable PVC Material

Provides lightweight strength and reliable everyday performance.

Clean White Finish

Complements light-coloured walls and interiors for a more discreet look.

Plastic Cable Cover

Keep Cables Covered and Out of Sight.

Made from durable PVC, its compact profile provides a clean solution for organising cables around TVs, desks, workstations and other wall-mounted setups.

Features

Compact Design

Its 60x20x250mm size keeps cable joints neat without adding unnecessary bulk.

Professional Cable Management

Helps create a tidier, more organised and polished cable installation.

Easy Integration

Designed to work as part of a compatible cable management system for a coordinated setup.

Ideal for Multiple Environments

Suitable for all areas and other spaces where exposed cabling needs a cleaner finish.
