

Brateck

Keep Cables Covered and Out of Sight.

PLASTIC CABLE COVER

Keep cables neatly concealed and workspaces looking clean with the **Brateck Plastic Cable Cover**. Made from durable PVC, its slim design provides a practical way to route and protect cables along walls, desks or skirting while reducing visible clutter. Finished in white, it blends naturally into modern home, office and commercial interiors for a cleaner, more professional installation.

Perfect for Mounted TVs

Creates a clean cable path below mounted TVs, helping hide visible power, HDMI and other compatible cables.

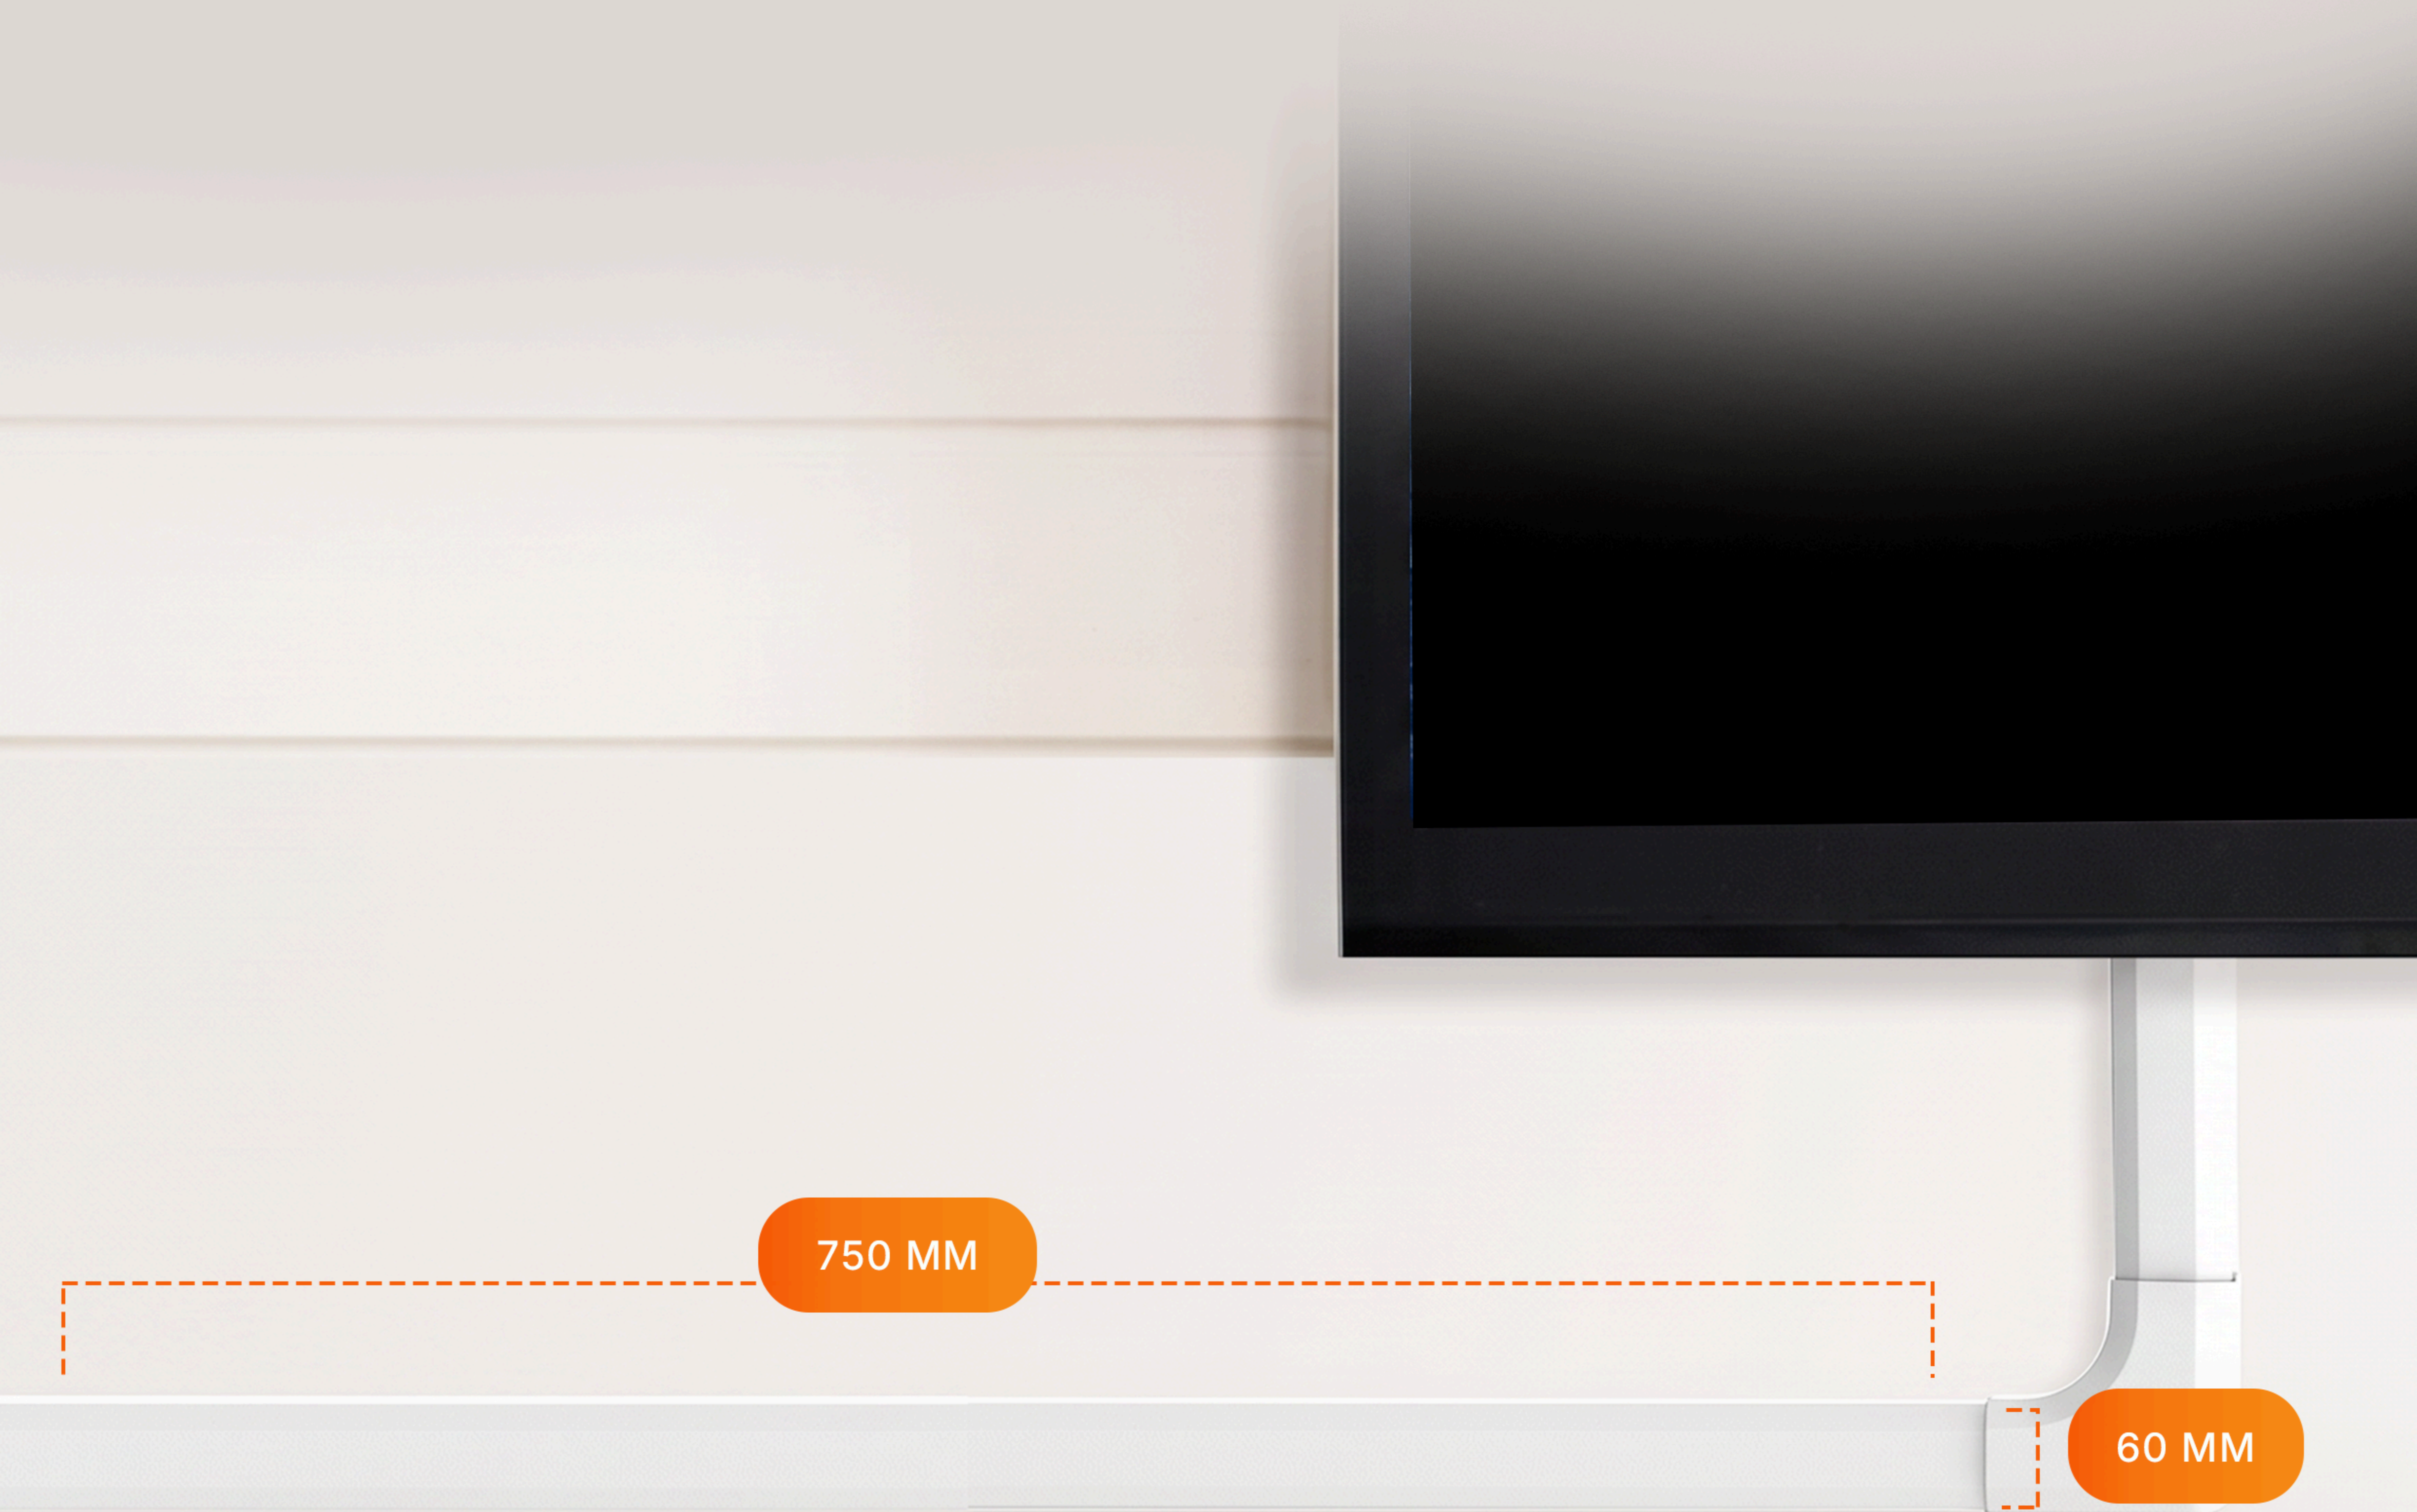

Clean Cable Management

Conceals and routes loose cables neatly to keep walls and workspaces organised, uncluttered and professional.

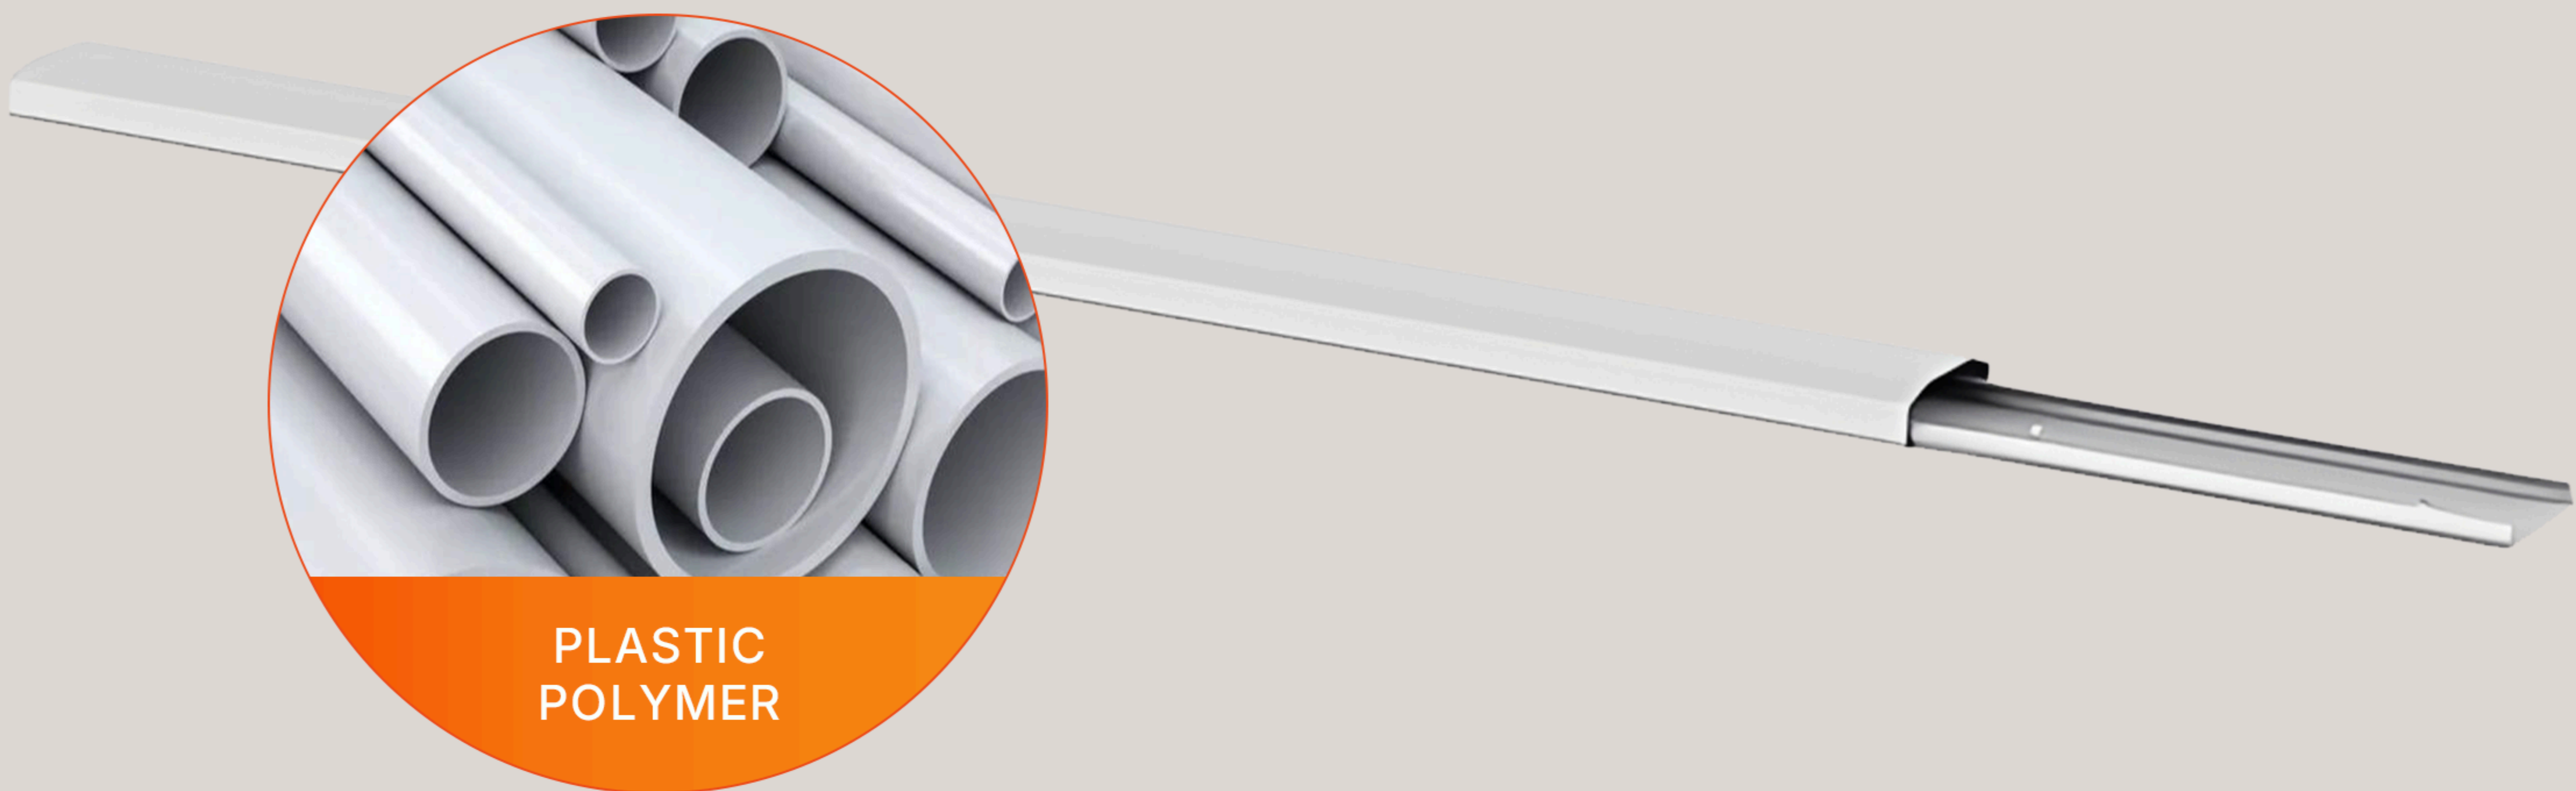

Slim, Space-Saving Profile

Provides a generous 750mm length for managing longer cable runs and keeps cables concealed without creating unnecessary bulk on the wall while maintaining a clean, continuous appearance.

Durable PVC Construction

Made from lightweight, dependable PVC for practical everyday cable protection and long-lasting use.
