

Plastic Cable Cover

A Simple Joint for a Smarter Finish.

Keep cable management clean, continuous and professional with the Brateck Plastic Cable Cover Joint. Its compact design helps maintain an organised appearance across home, office and commercial environments.

Seamless Cable Connection

Creates a neat transition between compatible cable cover sections for a cleaner overall installation.

Durable ABS Material

Provides lightweight strength and reliable everyday performance.

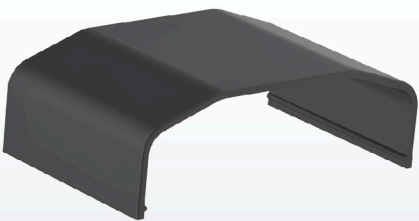

Black Finish

Complements dark-coloured walls and interiors for a more discreet look.

Plastic Cable Cover

A Simple Joint for a Smarter Finish.

It provides a neat connection between compatible cable cover sections for a more polished installation.

Features

Compact Design

Its 64 × 21.5 × 40mm size keeps cable joints neat without adding unnecessary bulk.

Professional Cable Management

Helps create a tidier, more organised and polished cable installation.

Easy Integration

Designed to work as part of a compatible cable management system for a coordinated setup.

Ideal for Multiple Environments

Suitable for all areas and other spaces where exposed cabling needs a cleaner finish.
