

Brateck

Neat Connections. Better Cable Management.

PLASTIC CABLE COVER

Keep cable management clean, continuous and professional with the **Brateck Plastic Cable Cover Joint**. It provides a neat connection between compatible cable cover sections for a more polished installation. Its compact design helps maintain an organised appearance across home, office and commercial environments.

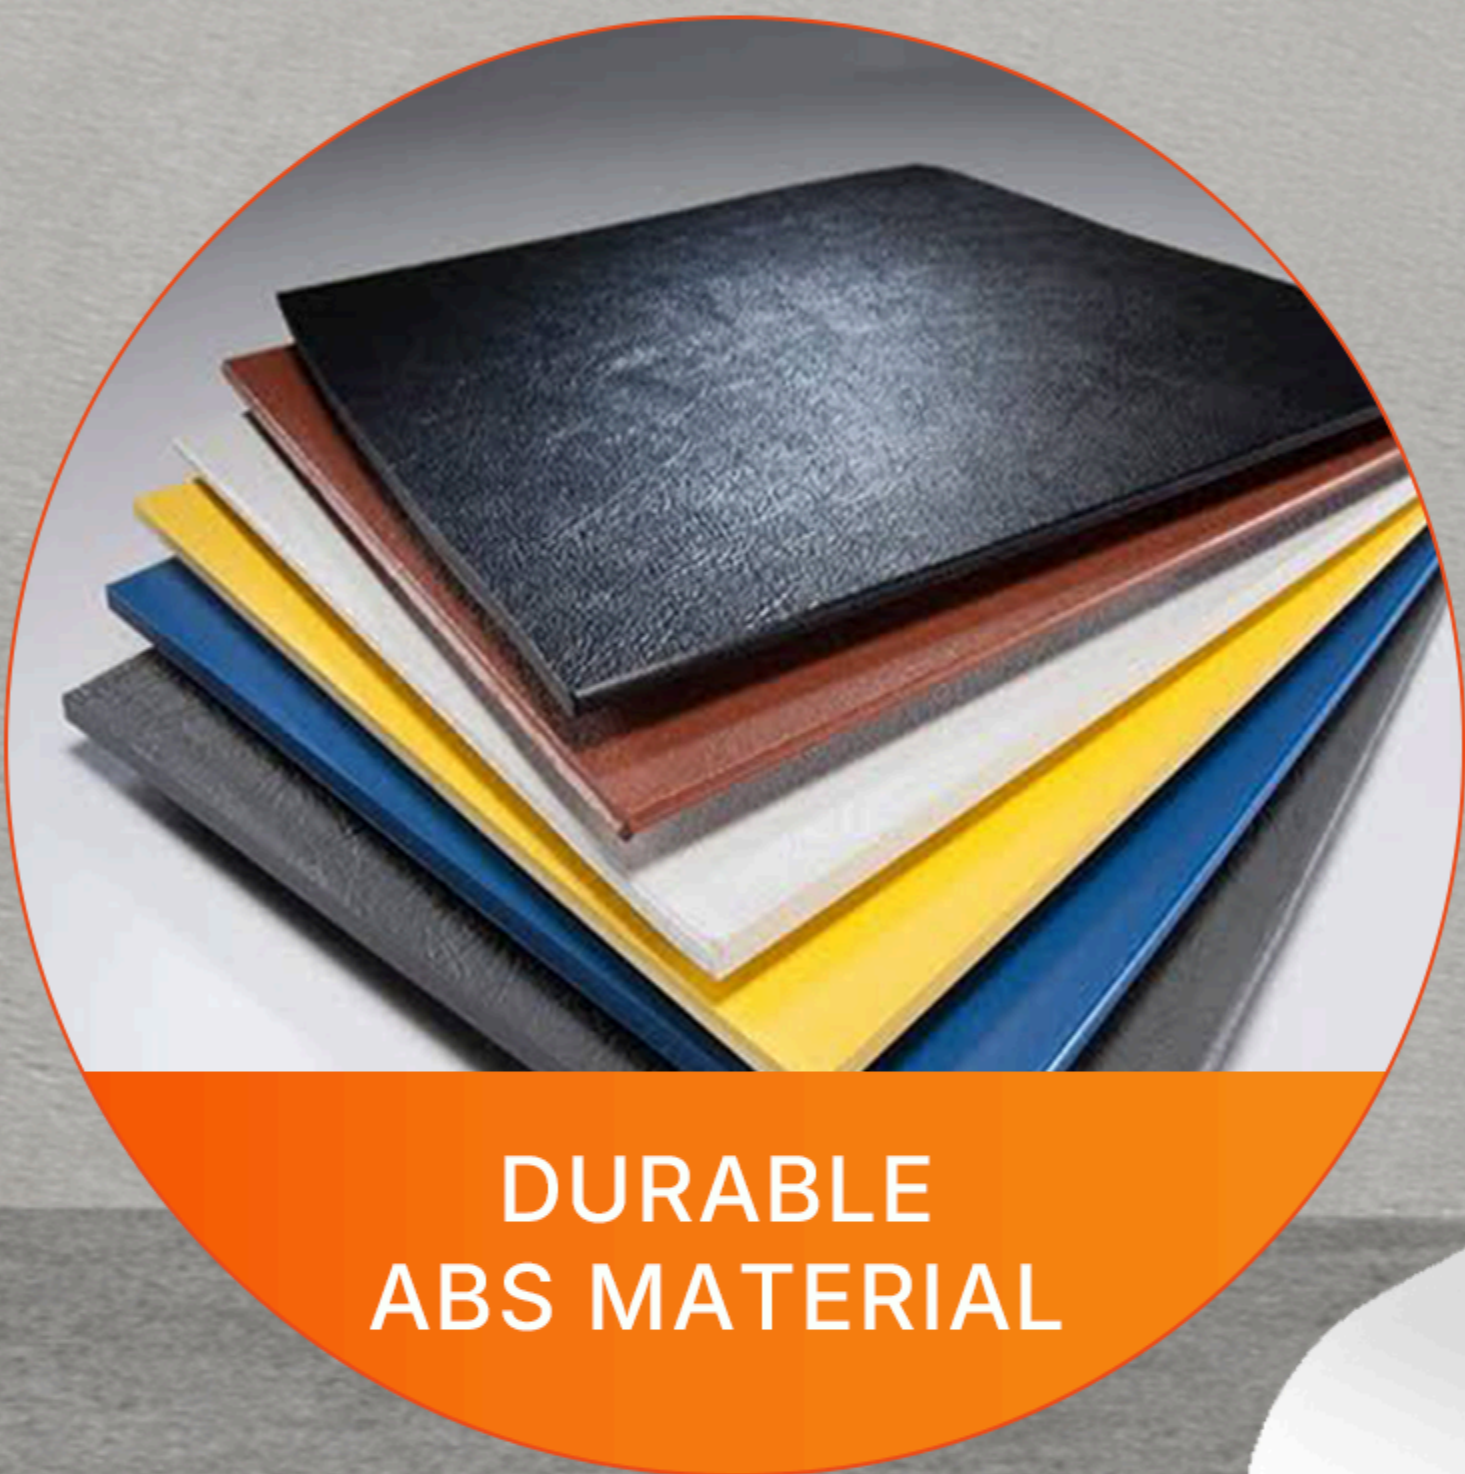

Seamless Cable Cover Connection

Joins compatible cable cover sections neatly to create a cleaner, more continuous cable management run.

Durable, Discreet Design

Strong ABS construction delivers reliable everyday performance, while the clean white finish blends naturally with walls, skirting and modern interiors for a neat, low-profile installation.

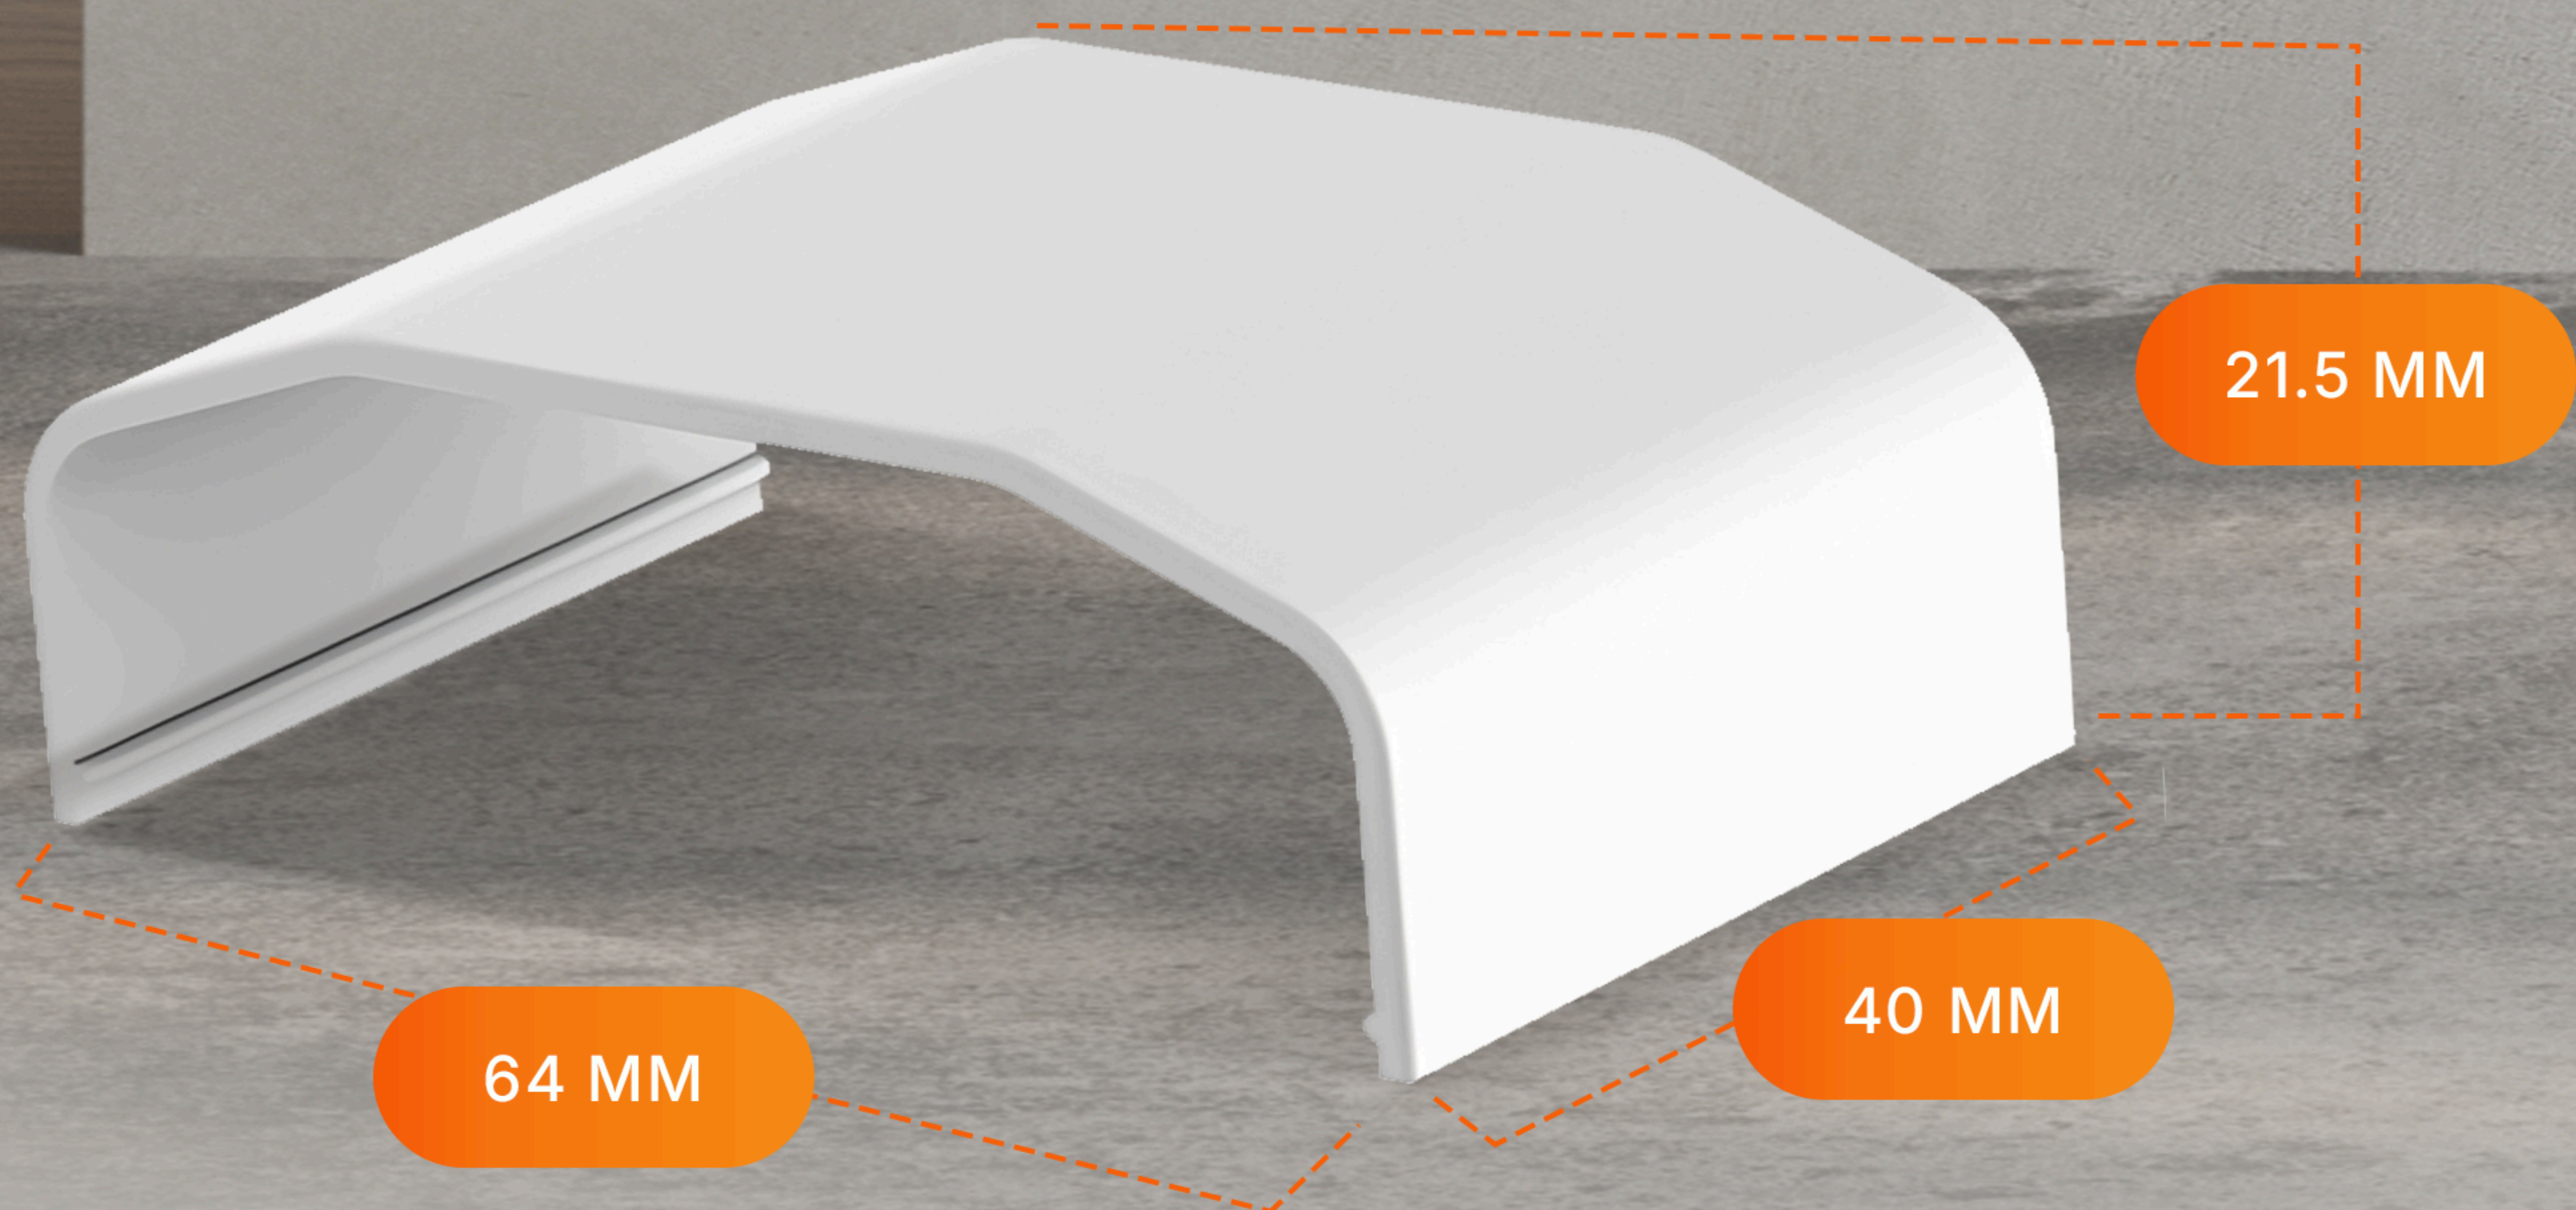

DURABLE
ABS MATERIAL

Compact 64 × 21.5 × 40mm Design

Keeps the connection point neat and unobtrusive
without adding unnecessary bulk.
