

Cable Cover Joint L Shape

Keep Cables Covered Through Every Corner.

Create cleaner cable runs around corners with the Brateck L-Shaped Plastic Cable Cover Joint. Its compact design helps maintain an organised appearance across home, office and commercial environments.

Seamless Cable Connection

Creates a neat transition between compatible cable cover sections for a cleaner overall installation.

Durable ABS Material

Provides lightweight strength and reliable everyday performance.

90° L-Shaped Cable Routing

Creates a neat right-angle transition between compatible cable cover sections for cleaner routing around corners.

Cable Cover Joint L Shape

Keep Cables Covered Through Every Corner.

Made from durable ABS and finished in white, it provides a neat 90° transition between compatible cable cover sections for a more organised and professional installation.

Features

Compact Design

Its 127x127x21.5mm size keeps cable joints neat without adding unnecessary bulk.

Professional Cable Management

Helps create a tidier, more organised and polished cable installation.

Easy Integration

Designed to work as part of a compatible cable management system for a coordinated setup.

Ideal for Multiple Environments

Suitable for all areas and other spaces where exposed cabling needs a cleaner finish.
