

Heavy-Duty Floor Cable Cover

Protect Every Step. Organise Every Cable.

The **Brateck CMBT-CC13-L110** is a heavy-duty floor cable cover designed to protect exposed cables while reducing trip hazards in busy commercial environments. Featuring a durable non-slip construction and generous cable capacity, it provides a clean, professional cable management solution for offices, retail stores, schools, warehouses, event spaces, and public walkways.

Trip Hazard Protection

Safely covers exposed floor cables to help minimise trips, improve workplace safety, and protect pedestrians.

Large Cable Capacity

Accommodates multiple power, network, and AV cables while keeping them neatly organised and protected.

Heavy-Duty Construction

Built from durable, impact-resistant materials for reliable everyday use in commercial and public environments.

Heavy-Duty Floor Cable Cover

Protect Cables. Prevent Hazards.

Designed for commercial and public environments, the **CMBT-CC13-L110** provides dependable cable protection, improved safety, and organised cable routing for everyday pedestrian traffic.

Features

	Trip Hazard Protection Helps reduce the risk of trips by safely covering exposed floor cables.		Floor Cable Management Keeps cables neatly organised while maintaining a clean and professional appearance.
	Large Cable Capacity Organises multiple power, network, AV, and communication cables within a single cable channel.		Quick Installation Simply place over existing cables for fast deployment without specialised tools.
