Aluminium Floor Cable Cover

Protect Your Cables. Perfect Your Space.

The Brateck CMBT-CC13-S160 keeps floor cables concealed and protected from foot and pet traffic. Its aluminium cover features a cuttable design, flexible lid and protective end caps, with adhesive mounting for tidy cable routing in homes, offices and workshops.

Floor Cable Protection

Conceals exposed floor cables to help reduce trip hazards and everyday wear.

Dual-Channel Routing

Separates cables inside the cover for cleaner, more organised floor-level cable runs.

Durable Aluminium Build

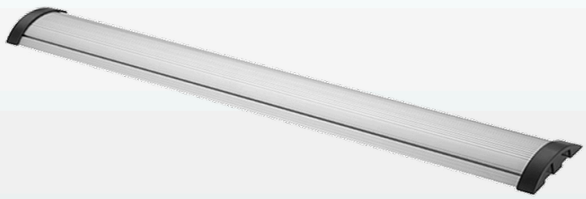

Aluminium construction with protective ABS end caps for everyday use.
