Brateck

Bundle, Conceal and Protect Your Cables with Ease.

CABLE SOCK

The **Brateck CS-30-B Braided Cable Sock** is crafted from durable, flame-resistant polyester, its flexible braided construction allows cables to be neatly routed around desks, monitors and electronic equipment while helping protect them from everyday wear.

Neat & Concealed Cable Management

Keeps multiple cables bundled in one organised sleeve, reducing visible wiring and creating a cleaner, more professional setup.

Flexible & Adaptable Design

The flexible braided sleeve bends around cable runs and can be cut to the required length, providing a neat fit for different cable management setups.

Durable Flame-Resistant Polyester

Made from durable, flame-resistant polyester that helps protect cables against everyday wear while providing an additional safety-conscious material feature.

Quick & Tool-Free Installation

Offers a straightforward cable organisation solution that can be installed without specialised tools, helping simplify setup for home and office environments.
