Cable Sock

Protect Your Cables While Keeping Your Setup Neat.

Designed to bundle multiple wires into one neat sleeve, it helps reduce visible clutter behind desks, monitors, televisions and entertainment systems.

Features

Cut-to-Fit Convenience

The 1000mm sleeve can be cut to the required length, allowing users to customise able coverage.

Durable Steel Construction

Built with high-quality steel for long-lasting durability and reliable performance.

Flame-Resistant Polyester

Constructed from flame-resistant polyester, providing an additional material safety feature.

Easy Tool-Free Installation

Offers a straightforward cable management solution that can be installed without specialised tools.
