Brateck

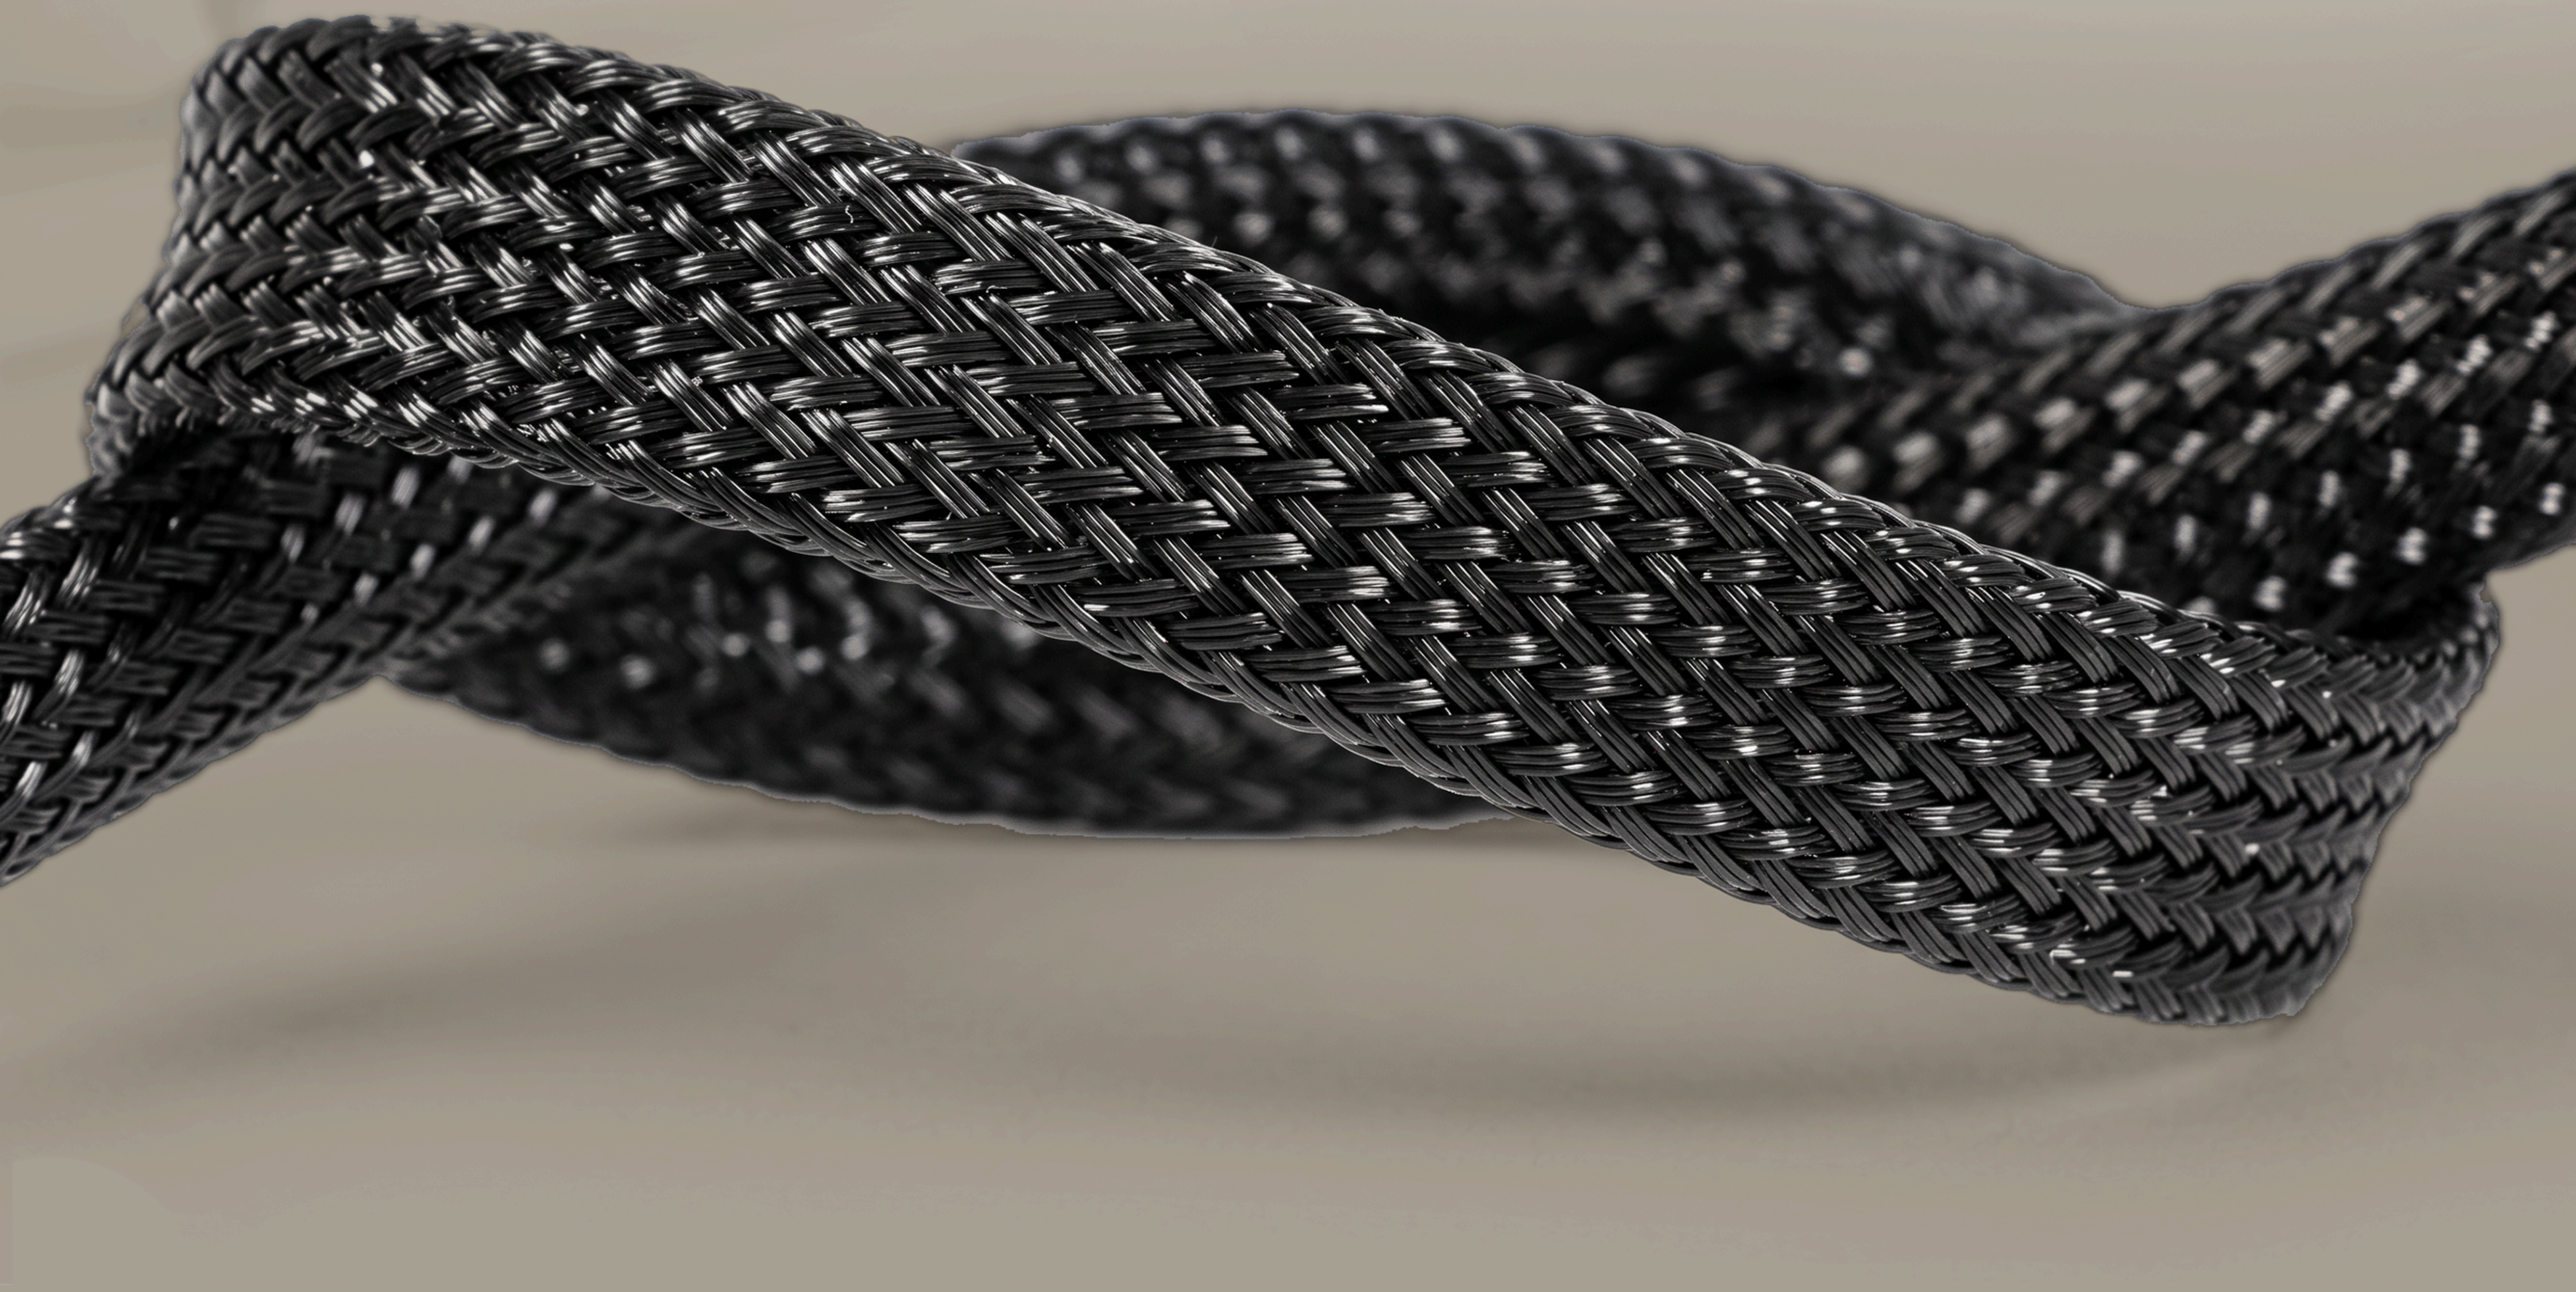

Conceal and Protect Your Cables with Ease.

CABLE SOCK

The **Brateck CS-40-B Braided Cable Sock** offers a simple and effective way to organise, conceal and protect cables in modern offices, home workstations and entertainment setups. Crafted from durable, flame-resistant polyester, its braided construction provides reliable cable coverage while helping minimise everyday wear and tear.

Durable Braided Construction

Made from premium-grade polyester with a durable braided structure that keeps cables neatly bundled and helps protect them from everyday wear and tear.

Flexible & Adaptable Design

The flexible braided sleeve bends around cable runs and can be cut to the required length, providing a neat fit for different cable management setups.

Durable Flame-Resistant Polyester

Made from durable, flame-resistant polyester that helps protect cables against everyday wear while providing an additional safety-conscious material feature.

FLAME-RESISTANT
POLYESTER

Quick & Tool-Free Installation

Offers a straightforward cable organisation solution that can be installed without specialised tools, helping simplify setup for home and office environments.
