

Braided Polyester Cable Sleeve

Conceal the chaos, protect your gear.

The Brateck Braided Cable Sock is crafted with premium-grade polyester, our braided cable organizer safely secures and unifies TV, video game and desktop computer wires - all to reduce the mess below your feet or behind your device. Great for the home or office, use our easy-to-use, heavy-duty cable ties to manage entire networking formats or the space behind your entertainment center.

Premium Polyester Material

Crafted from tight, heavy-duty braided polyester that safely bundles complex networking formats or messy home theater spaces.

Cable Organizer & Hider

Conceals and unifies TV, video game, and computer wires into a single bundle to protect cords from daily wear and tear.

Flame-Resistant Build

Engineered with fire-resistant properties to significantly lower the risk of electrical fire hazards behind your electronics.

Instant Desktop Optimization Without Expert Installation

Heavy-Duty Capacity for Massive Multi-Cable Bundles

Boasting a wide 40mm (1.6") starting diameter, this wrap is perfectly spec'd to engulf wide arrays of power cables, thick HDMI/DisplayPort leads, and peripheral wiring simultaneously, locking them down into one neat, unified column.

Features

Premium Braided Build

Crafted from high-grade, heavy-duty woven polyester, this cable sock easily expands to safely unify and bundle multiple thick cords. Its premium textile finish integrates seamlessly into minimalist setups, hiding ugly plastic cables behind a clean jacket.

Cuttable & Customizable Design

The flexible textile structure allows you to cleanly cut the sock down to your exact required length. Whether wrapping short monitor runs or running long segments behind an entertainment console, it scales perfectly without fraying.

Flame-Resistant Safety

Designed to withstand demanding workstation environments, the sock features advanced flame-resistant material properties. It effectively minimizes fire hazards near dense clusters of power blocks, networking hardware, or gaming equipment.

Tools-Free Assembly

Streamline your cable routing routines in minutes. The sock is built for intuitive, tools-free wrapping that allows you to cleanly organize hardware bundles behind desks or TV units without needing complicated mounting steps.
