

# Cable Tray Organizer

*Simplify Your Space. Improve Your Focus.*

The Brateck Under-Desk Cable Management Tray helps create a cleaner, safer, and more organized workspace by keeping cables, power strips, and adapters neatly hidden beneath the desk.

**Large Cable Storage Capacity**  
Designed to hold power strips, surge protectors, adapters, and bundles of cables, helping keep workspaces neat and clutter-free.

**Durable Steel Construction**  
Made from high-quality steel for excellent strength and long-term durability, even when supporting heavier cable setups.

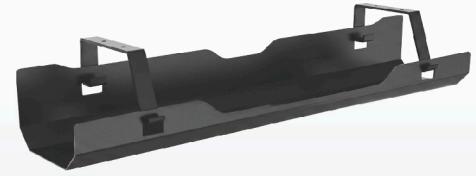

**Open Architecture Design**  
The open-frame construction improves airflow around power supplies and cables while providing quick access for maintenance and upgrades.

# Cable Tray Organizer

**Simplify Your Space. Improve Your Focus.**

It reduces visible clutter, improves workspace aesthetics, and makes everyday work and entertainment setups more comfortable and professional.

## Features

### Powder-Coated Finish

Features a black powder-coated surface that resists scratches, corrosion, and everyday wear while maintaining a professional appearance.

### Easy Cable Routing

Openings on both ends allow cables to enter and exit neatly, making organization and cable management much easier.

### Simple Under-Desk Installation

Uses screw-fix mounting and an open configuration design that provides easy access to mounting points for quick installation.

### Spacious 600mm Tray Size

Providing ample room for cables, power bricks, and extension cords without taking up desk space.
