

Mobile CPU Stand

A Better Way To Position Your PC Tower.

Brateck Mobile ATX Case Stand provides a practical base that helps lift the computer off the floor while allowing easier movement for cleaning, cable access or workstation changes.

Adjustable Width

Expands from 119-209mm to fit a variety of compatible ATX cases and other device sizes.

Heavy-Duty Locking Casters

Move the PC tower easily when needed, then lock the wheels securely in place for stable positioning.

Heavy-Duty Construction

Built for added strength, durability and dependable everyday support.

Mobile CPU Stand

A Better Way To Position Your PC Tower.

Its compact design is ideal for home offices, gaming setups and professional workspaces that need better PC organization and mobility.

Features

Mobile Floor Stand Design

Makes it easier to reposition the PC for cleaning, cable access or workstation changes.

Ideal for Home & Office Setups

Suitable for gaming PCs, office workstations and general desktop computer environments.

Keeps the PC Off the Floor

Helps elevate the tower away from direct floor contact for a cleaner and more organised setup.

Flexible PC Placement

Lets you position the tower where it is most accessible without permanently fixing it in place.
