

Brateck

The Smarter Way to Mount Mini PCs

NUC MOUNTING BRACKET

The **Brateck VESA Compatible NUC Mounting Bracket** is a durable and space-saving solution designed to securely mount mini PCs and Intel NUC devices behind monitors or under desks. Built with sturdy steel construction and VESA compatibility, it helps create a cleaner, more organized, and professional workspace while supporting devices up to 3kg.

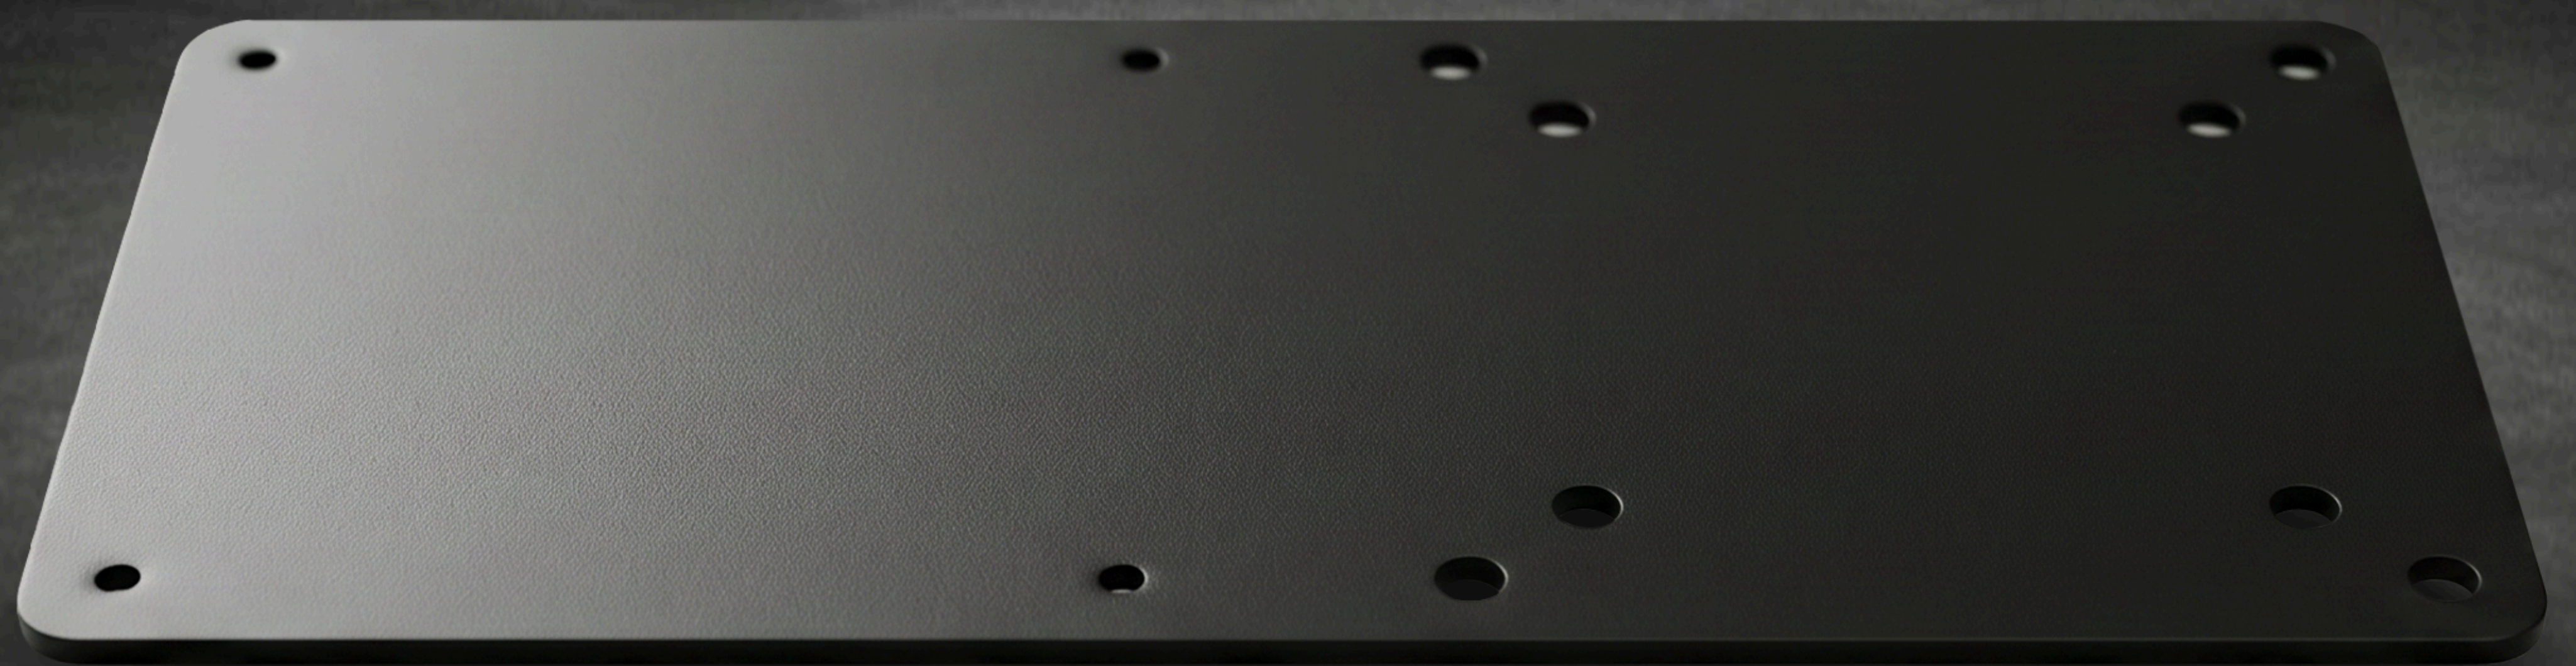

VESA COMPATIBLE MOUNTING DESIGN

Easily attaches to VESA-compatible monitors and mounts for a cleaner, space-saving workstation setup.

HEAVY-DUTY STEEL CONSTRUCTION

Built with durable steel material to provide strong and stable support for mini PCs and NUC devices up to 3kg.

CLEAN & PROFESSIONAL CABLE MANAGEMENT

Helps create a streamlined setup by keeping mini PCs securely organized and out of sight.
