

# Brateck

## Your Display, Anywhere You Need It.

### DISPLAY FLOOR STAND

Designed to support most monitors, **Brateck Mobile Spring-Assisted Display Floor Stand**. combines smooth spring-assisted adjustment with the freedom of a mobile floor-standing design. Compatible with VESA, it's ideal for offices, meeting rooms, reception areas, training spaces, healthcare environments and shared workstations where displays need to be repositioned quickly and easily.

## Smooth Adjustment & Easy Installation

The built-in spring tension mechanism balances display weight for controlled positioning, while the detachable VESA plate makes monitor installation and removal quick and simple.

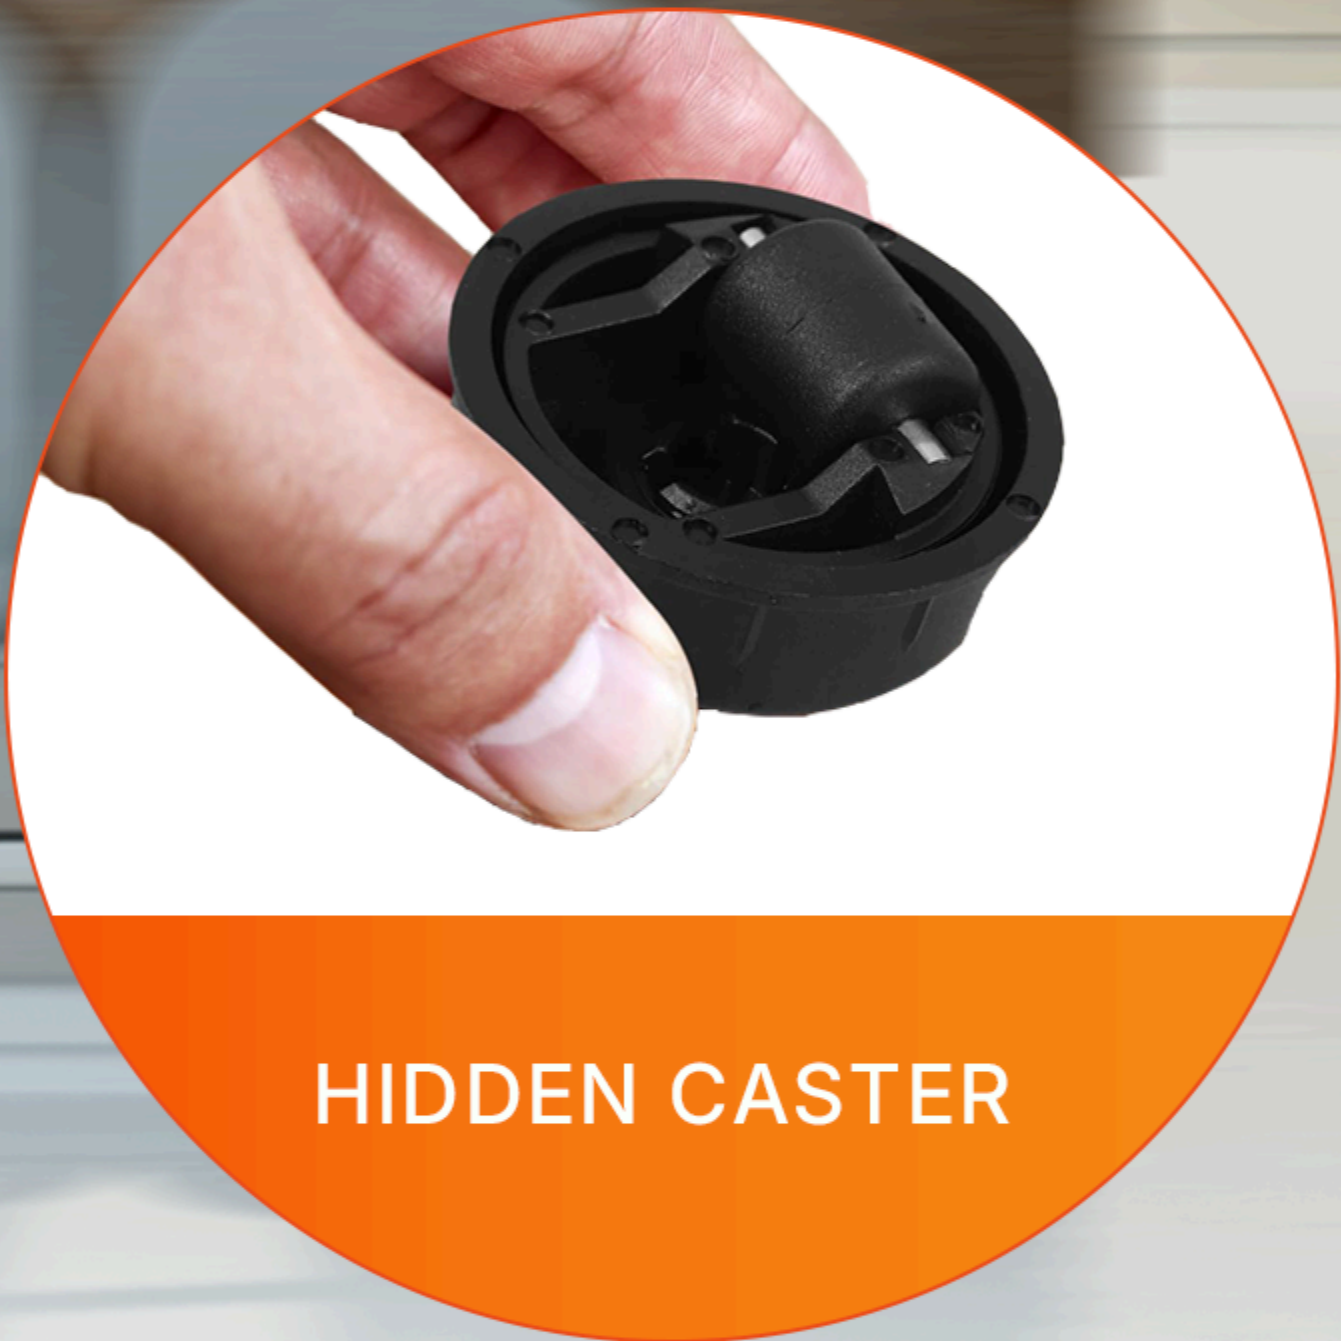

## Flexible Viewing & Orientation

The free-tilting design makes forward and backward adjustment easy for better viewing and reduced glare, while portrait and landscape rotation supports different tasks, presentations and workspace needs.

# Hidden Casters in the Base

Allow the stand to move smoothly while maintaining a clean, minimal appearance.
