

Display Floor Stand

Your Display, Anywhere You Need It.

Designed to support most monitors, Brateck Mobile Spring-Assisted Display Floor Stand. Combines smooth spring-assisted adjustment with the freedom of a mobile floor-standing design.

Secure Monitor Display

Keeps monitors safely positioned for everyday public use, giving businesses added confidence in high-traffic areas.

Mobile Floor-Standing Design

Provides flexible screen positioning without requiring permanent desk or wall mounting.

Hidden Casters in the Base

Allow the stand to move smoothly while maintaining a clean, minimal appearance.

Display Floor Stand

Your Display, Anywhere You Need It.

Compatible with VESA, it's ideal for offices, meeting rooms, reception areas, training spaces, healthcare environments and shared workstations where displays need to be repositioned quickly and easily.

Features

Free-Tilting Design

Makes forward and backward screen adjustment easy for a more comfortable viewing angle and reduced glare.

Durable Steel Construction

Built with high-quality steel for long-lasting durability and reliable performance in busy commercial environments.

Portrait & Landscape Orientation

Lets the screen rotate to suit different viewing, presentation and workspace requirements.

Built-In Spring Tension Mechanism

Helps balance the display weight for smoother, more controlled positioning.
