TV WALL MOUNT

The **Brateck KL38-44F Compact Fixed TV Wall Mount** provides dependable support for flat and curved TVs up to 75", with a super-slim 24mm wall profile and heavy-duty 75kg capacity for a clean, space-saving installation.

Ultra-Slim Wall Profile

Allowing users to adjust and secure their preferred viewing angle for greater comfort and reduced unwanted screen glare.

Open Architecture & Wide VESA Compatibility

Features an open-frame design that promotes ventilation and provides easier access to TV connections, while supporting compatible VESA mounting patterns for versatile display installation.

UP TO 400X400
COMPATIBLE VESA

Easy Installation with Integrated Bubble Level

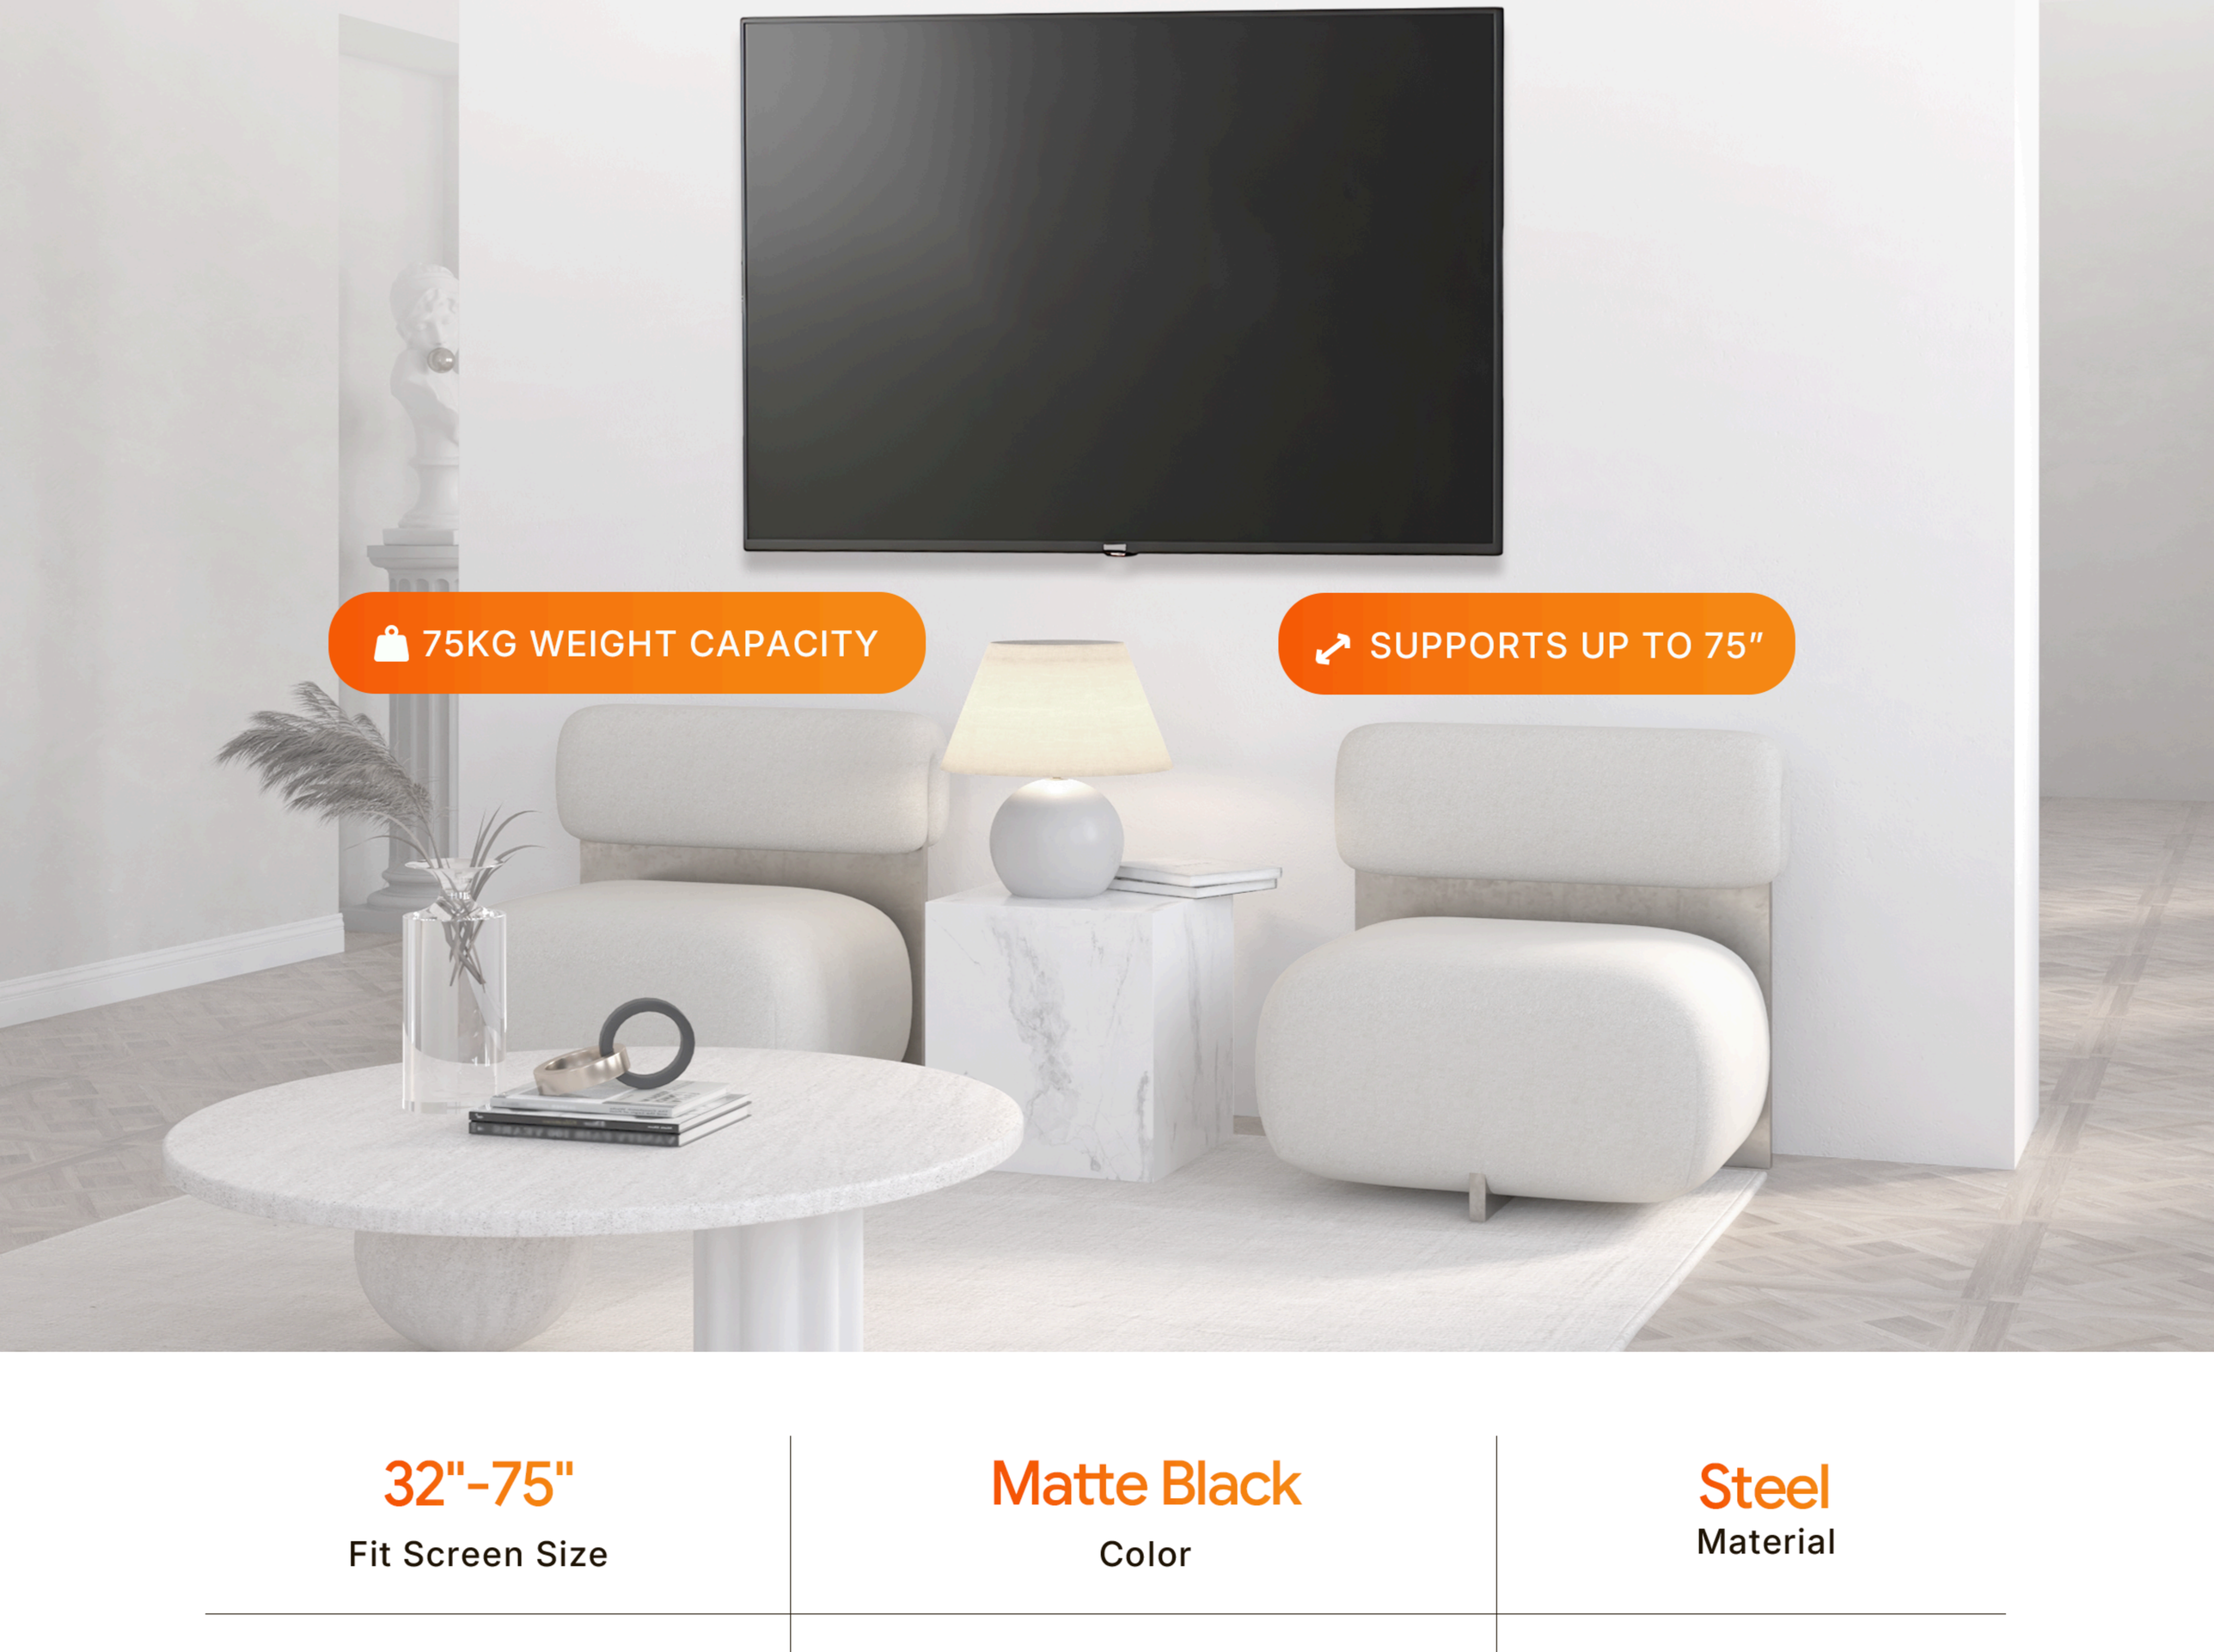

Supports most 60"–100" displays weighing up to 100kg, featuring a robust steel base and durable caster wheels for reliable stability and effortless movement.

Super Heavy-Duty Support

Supports most 32"–75" flat and curved TVs weighing up to 75kg, featuring durable steel construction for dependable mounting.
