Brateck

Smarter Bike Storage. One Space-Saving Solution.

WALL-MOUNTED BIKE RACK

Keep your bicycles and riding essentials organised with the **Brateck LBM09-02 Catch-All Wall-Mounted Bike Rack.** Heavy-duty bike hooks, adjustable spacing and dedicated helmet storage. Designed to maximise wall space and minimise clutter for a cleaner, more functional garage.

Durable, Space-Saving Construction

Combines sturdy steel construction with a protective powder-coated finish and compact wall-mounted design, keeping garages and storage areas cleaner and more organised.

Heavy-Duty Design

Supporting up to 25kg per bike hook and 10kg per helmet hook, providing dependable wall-mounted storage while helping free up valuable floor space.

Adjustable Lateral-Shift Hooks

Allows users to slide and adjust the spacing between hooks, making it easier to create a more flexible, organised storage arrangement.

Protective Hanging Hooks

Equipped with durable PVC-coated hooks designed to help protect bicycle rims against scratches and damage.
