

Single Monitor Wall Mount

Tilt. Swivel. View with Ease.

The Brateck Single Monitor Wall Mount Tilting & Swivel Wall Bracket is a compact and reliable mounting solution designed for most 13"-27" LED and LCD flat-panel displays.

Wide Display Compatibility

Supports most 13"-27" monitors and flat-panel displays, making it suitable for home, office, and commercial applications.

Smooth & Effortless Positioning

Allows monitors to be adjusted quickly and smoothly for optimal viewing comfort throughout the day.

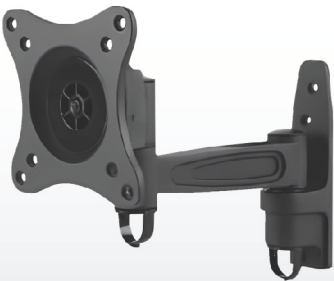

Space-Saving Wall Mount Design

Mounts the display directly to the wall, freeing up desk space and creating a cleaner, more organized environment.

Single Monitor Wall Mount

Tilt. Swivel. View with Ease.

Supporting up to 15kg and compatible with VESA 75x75mm and 100x100mm mounting patterns, it provides secure installation and broad display compatibility.

Features

Strong Weight Capacity

Designed to securely support displays weighing up to 15kg, ensuring stable and reliable performance.

Swivel Function

Provides flexible side-to-side movement for optimal screen positioning and shared viewing.

Easy Installation

Includes a user-friendly mounting design for quick and straightforward setup.

Anti-Theft Locking Hole

Features a built-in anti-theft locking hole for enhanced security.
