Brateck

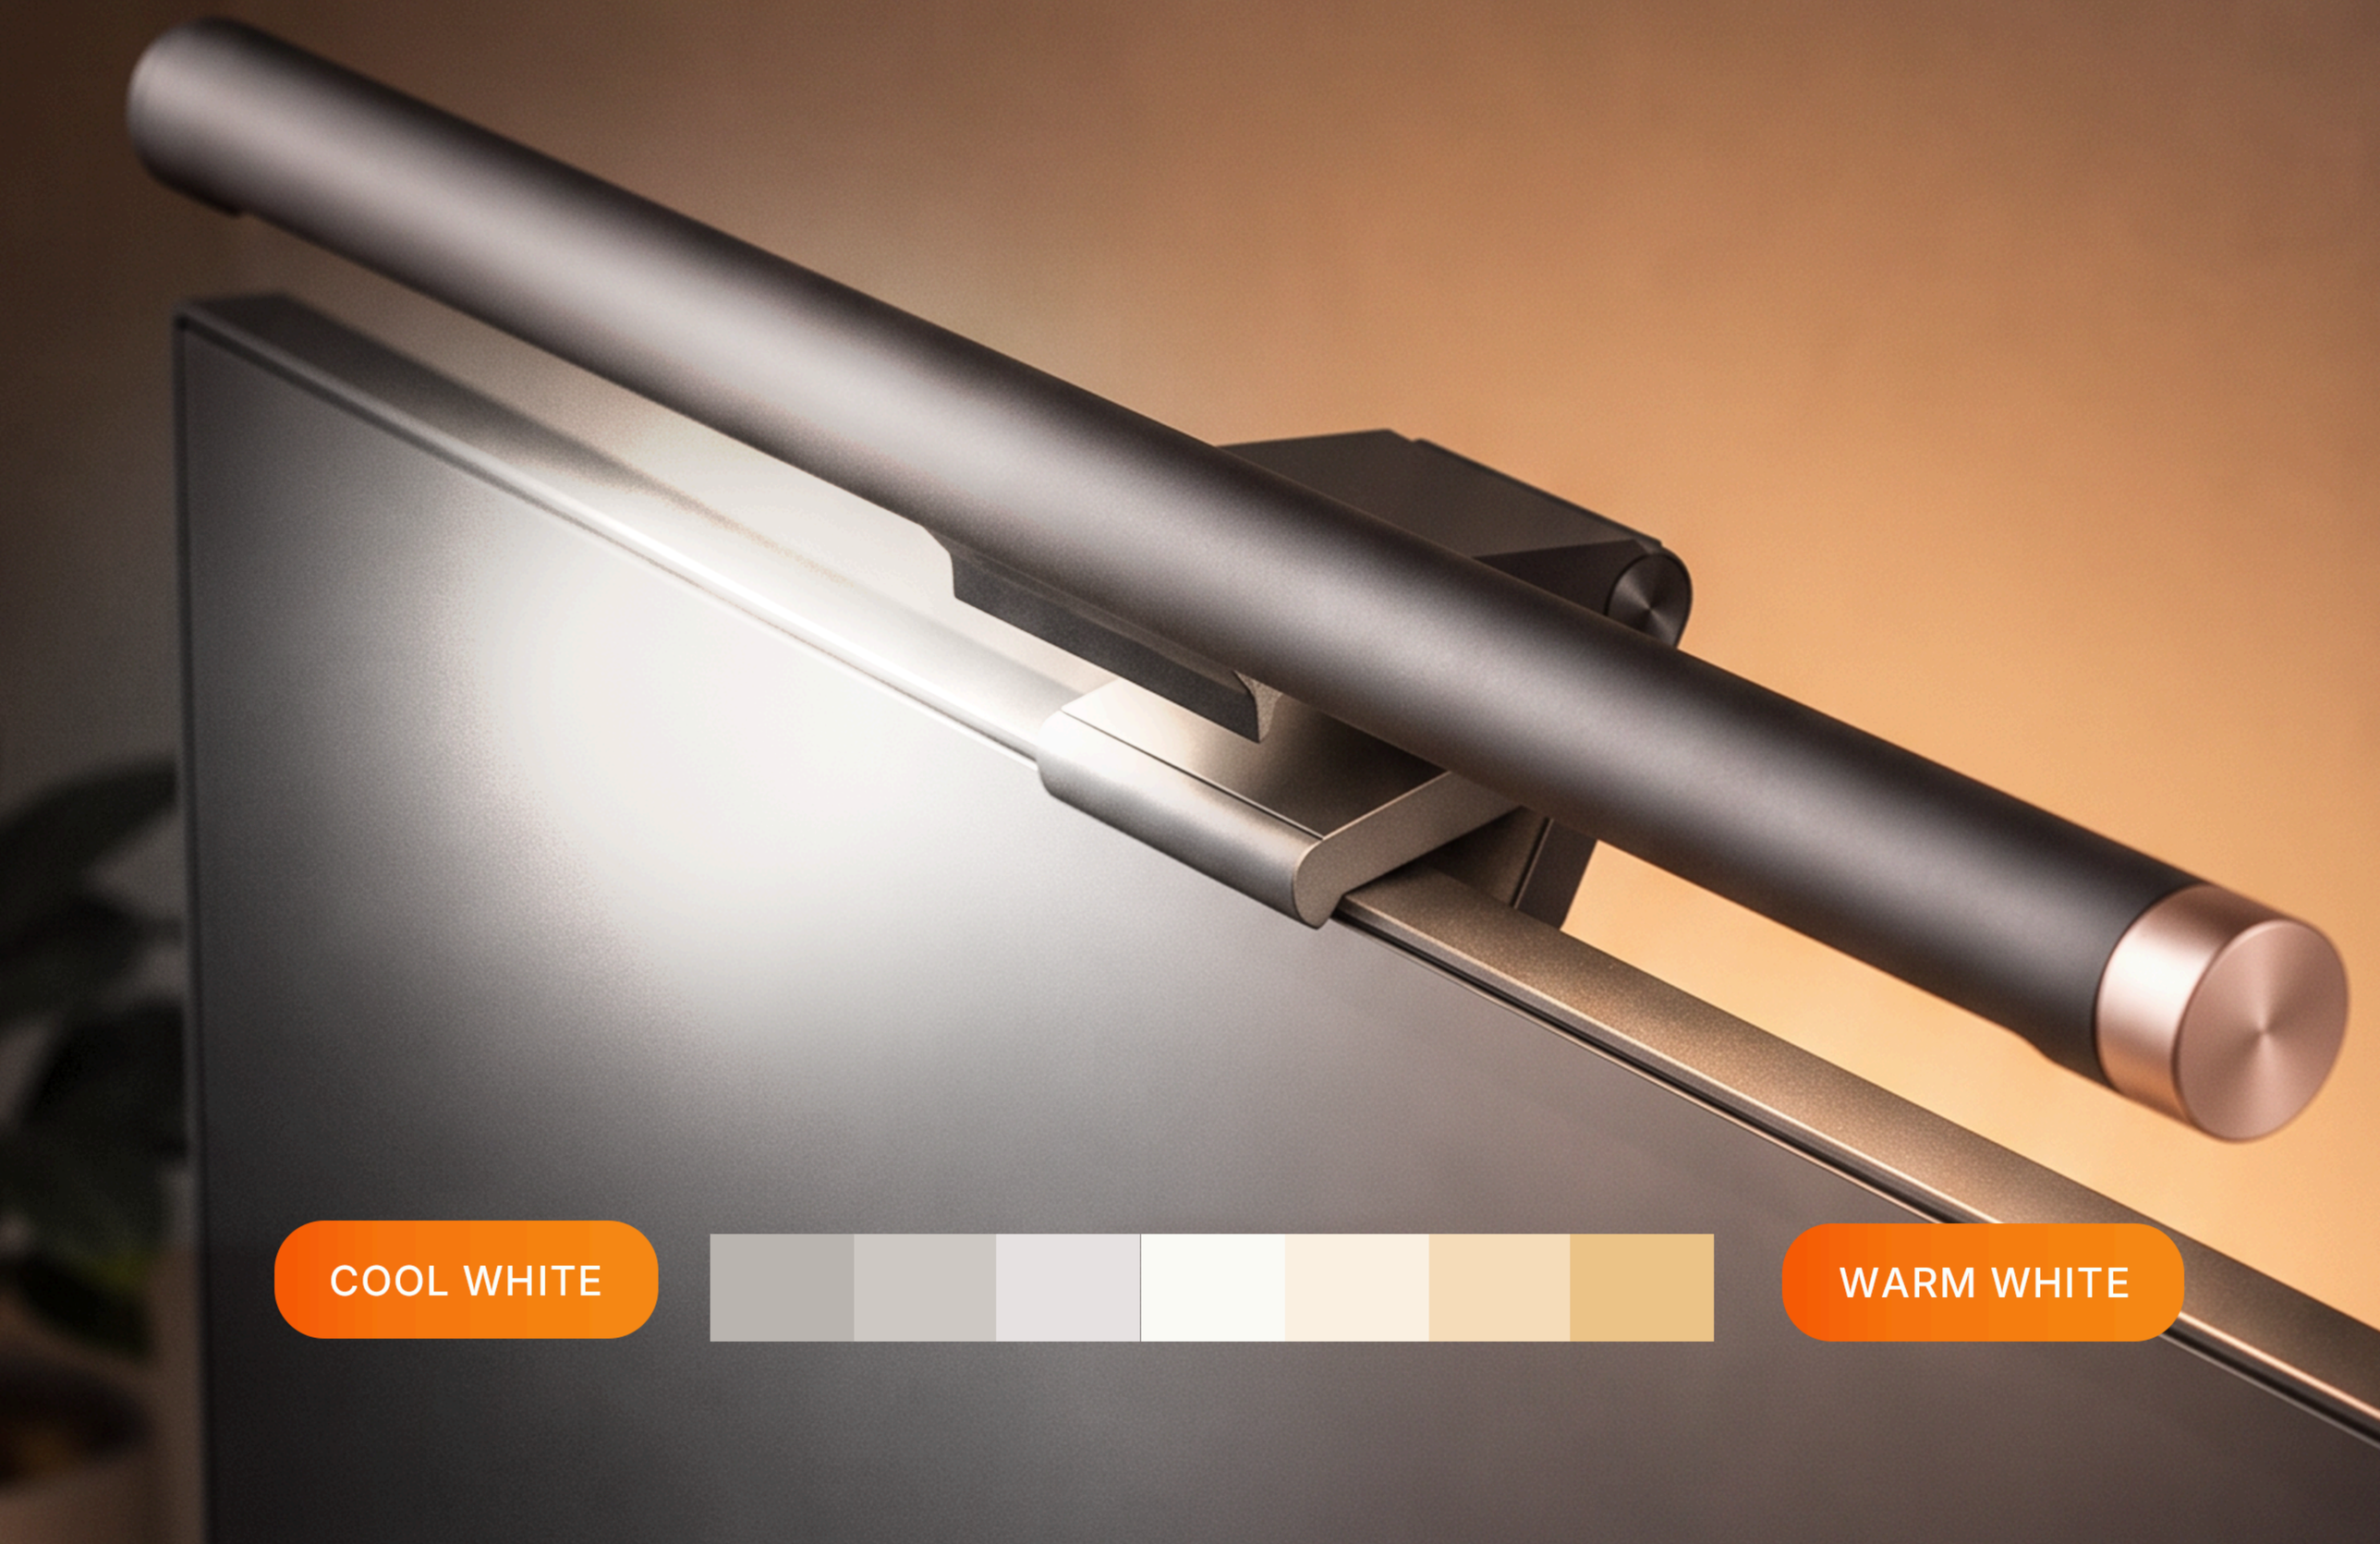

Light Up Your Workspace. Set the Mood.

SCREEN HANGING LIGHT

The **Brateck LDL16-2 Screen Hanging Light** combines functional desk illumination with vibrant RGB backlighting in a sleek, space-saving design. It provides comfortable task lighting while adding a personalised atmosphere to modern workspaces, gaming setups and home offices.

Adjustable Colour Temperature & Brightness

Features smooth, stepless brightness control and adjustable colour temperatures, allowing users to customise their lighting from warm to cool white for different personal preferences.

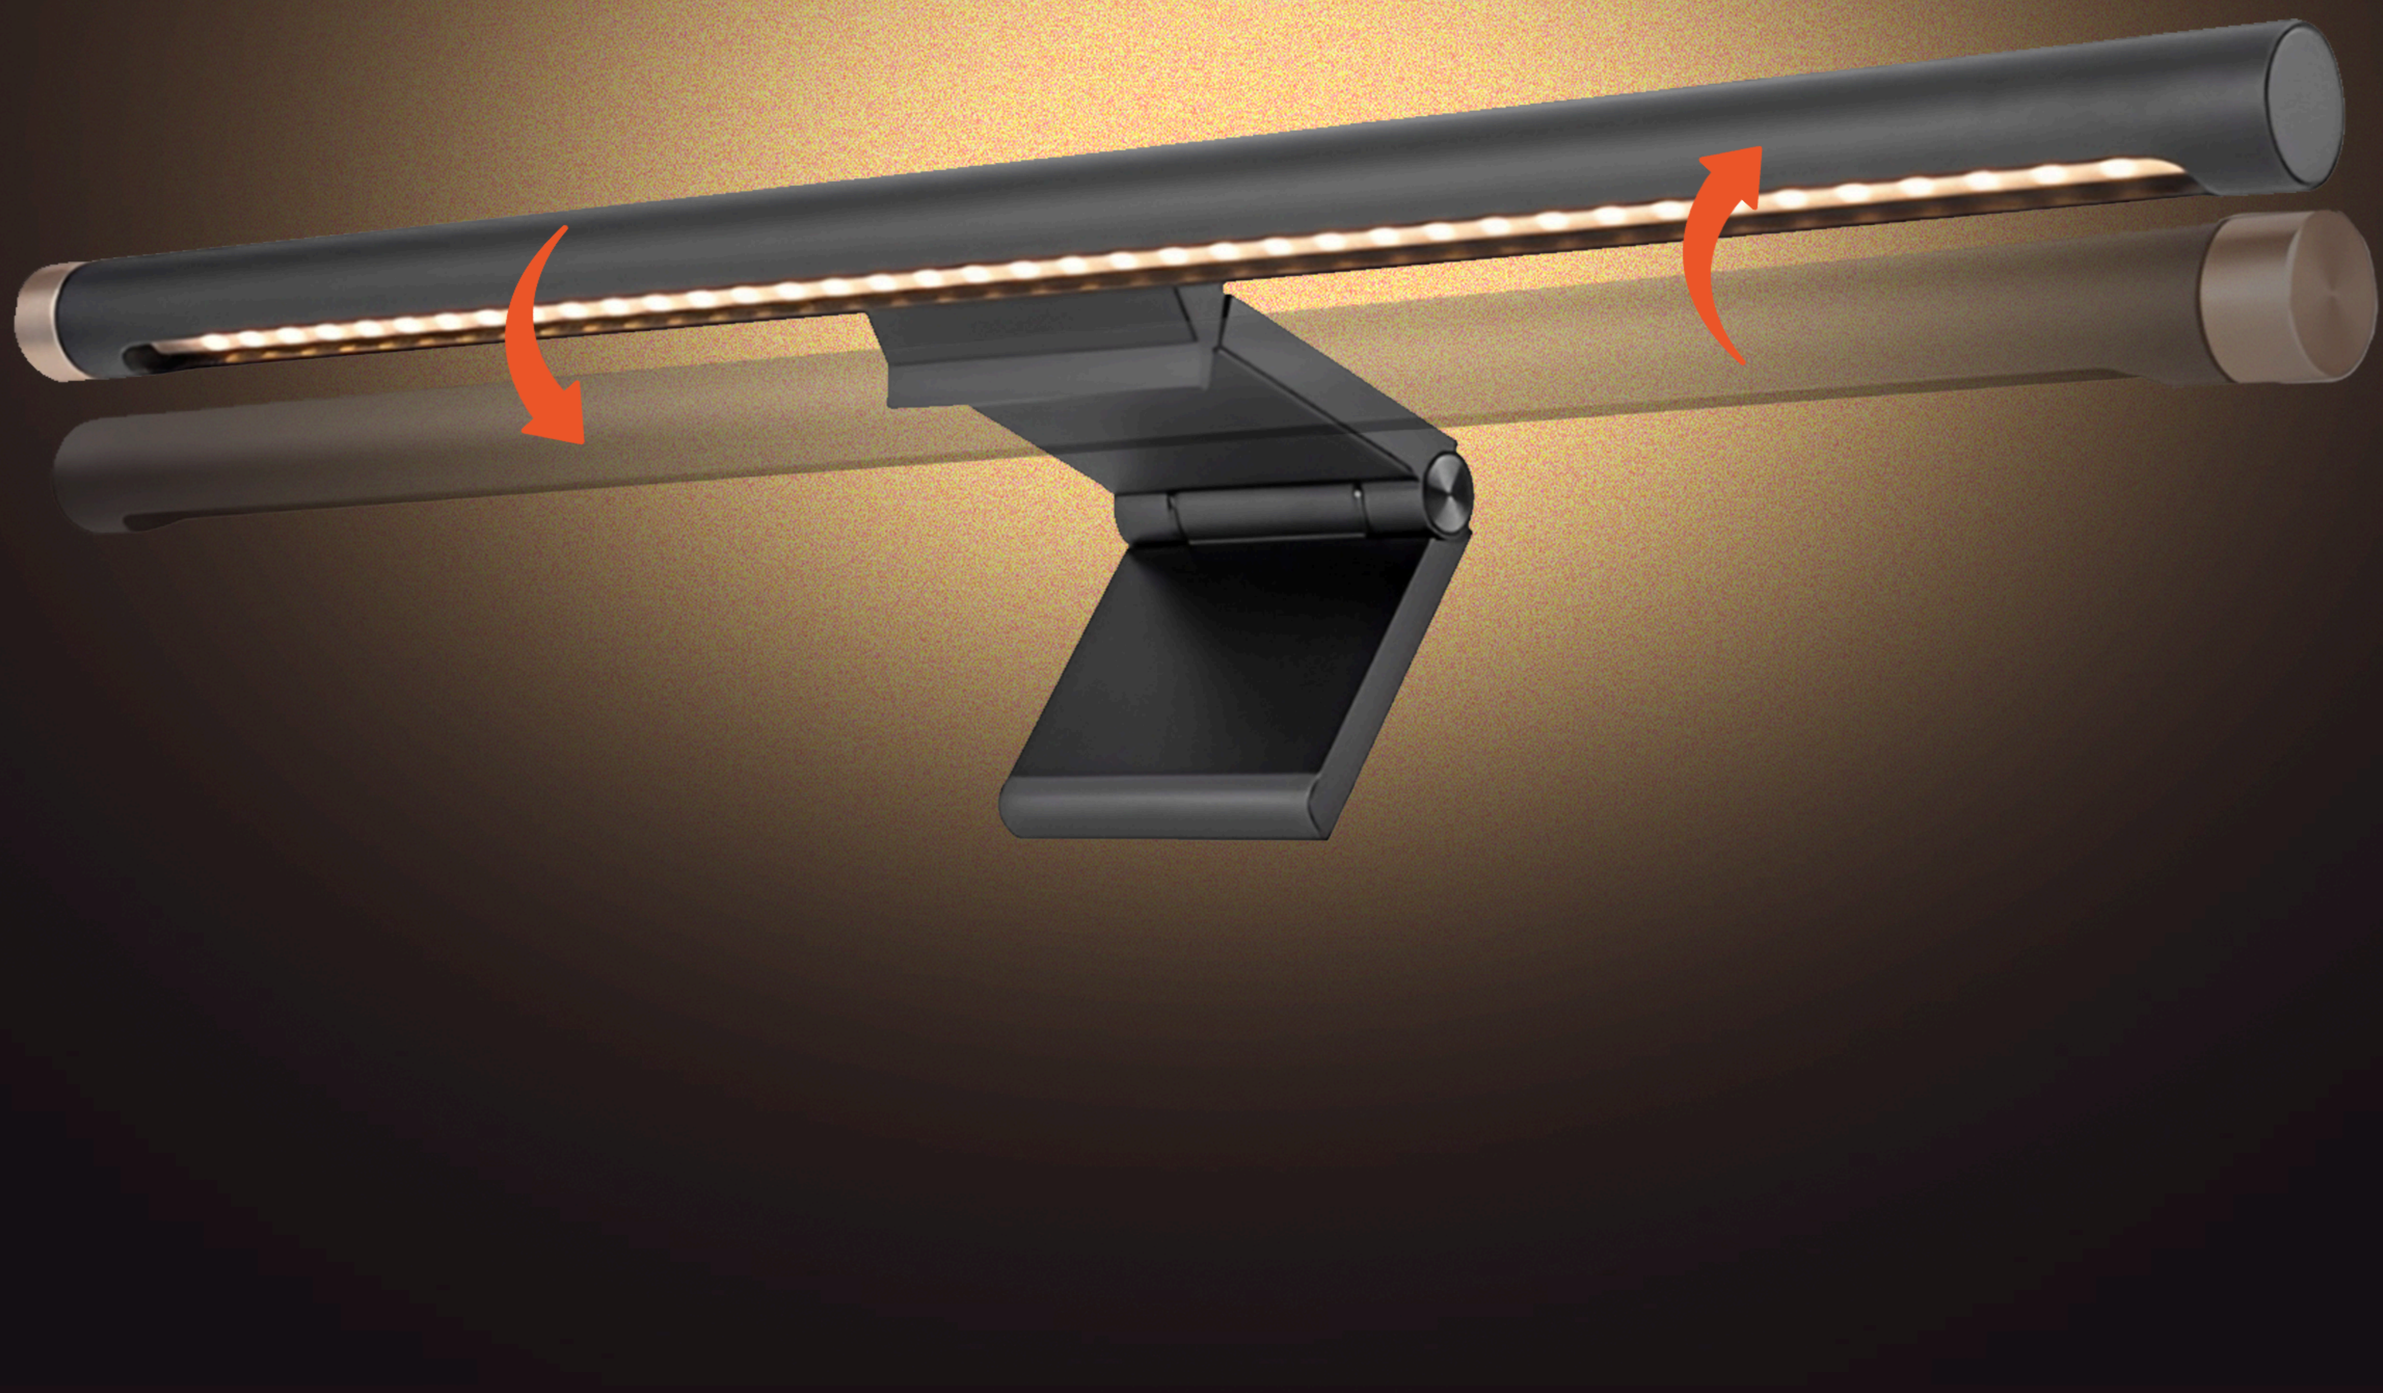

Dual-Purpose Lighting with RGB Backlighting

Combines practical LED task illumination with four colourful backlighting modes, allowing users to brighten their workspace while creating an immersive atmosphere.

Flexible Tilt & Foldable Construction

Offers adjustable tilting for directing illumination where needed, while its foldable design, lightweight construction and slim profile provide convenience for different workspaces and easy storage.

Space-Saving Clip-On Design

Features a secure, monitor-mounted clip with anti-skid protection, allowing the light bar to sit neatly above the screen.
