

Brateck

The Practical Choice for Better Viewing.

ARTICULATING STEEL MONITOR ARM

The **Brateck Single Screen Economical Articulating Steel Monitor Arm** is a practical and cost-effective solution for enhancing workspace organization and viewing comfort. Featuring a fully articulating design, the arm allows users to adjust screen position through tilt, swivel, and rotation functions, helping achieve a more comfortable and ergonomic viewing experience.

Broad Monitor Compatibility

Supports most 13"–32" LCD monitors with a weight capacity of up to 8kg, making it suitable for a wide range of display models.

↗ SUPPORTS UP TO 32"

🏋️ 8KG WEIGHT CAPACITY

Flexible Screen Adjustments

The articulating arm allows smooth tilt, swivel, and rotation adjustments, enabling users to position the monitor at the most comfortable viewing angle for improved ergonomics and productivity.

Easy Installation

Designed for quick and straightforward setup, allowing users to securely mount their monitor with minimal effort.

DETACHABLE
