

Articulating Steel Monitor Arm

The Practical Choice For Better Viewing.

The Brateck Single Screen Economical Articulating Steel Monitor Arm is a practical and cost-effective solution for enhancing workspace organization and viewing comfort.

Wide Monitor Compatibility

Supports most 17"-32" monitors and is compatible with VESA 75x75mm and 100x100mm mounting patterns.

Strong Load Capacity

Designed to securely hold monitors weighing up to 9kg, ensuring stable and reliable support.

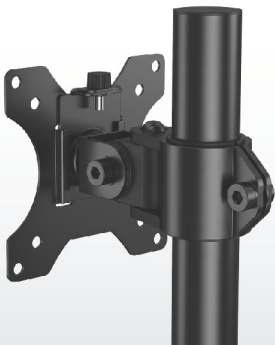

Gas Spring Height Adjustment

Provides smooth and effortless monitor positioning for improved ergonomics and viewing comfort.

Articulating Steel Monitor Arm

The Practical Choice For Better Viewing.

Featuring a fully articulating design, the arm allows users to adjust screen position through tilt, swivel, and rotation functions, helping achieve a more comfortable and ergonomic viewing experience.

Features

Flexible Viewing Angles

Features tilt, swivel, and rotation adjustments, allowing users to customize their monitor position with ease.

Built-In Cable Management

Keeps cables neatly organized and concealed for a cleaner, clutter-free workspace.

Dual Mounting Options

Includes both desk clamp and grommet mounting hardware for flexible installation on different desk setups.

Space-Saving Design

Elevates the monitor above the desk surface to maximize workspace efficiency and organization.
