

Brateck

Designed to Move with Your Workflow.

ARTICULATING STEEL MONITOR STAND

Upgrade your workstation with the **Brateck Single Free-Standing Double-Joint Articulating Steel Monitor Stand**. Its double-joint articulating arm provides flexible positioning for improved viewing comfort, while the free-standing steel base offers stable support without the need for desk clamping. It's an economical solution for creating a more organized and ergonomic workspace.

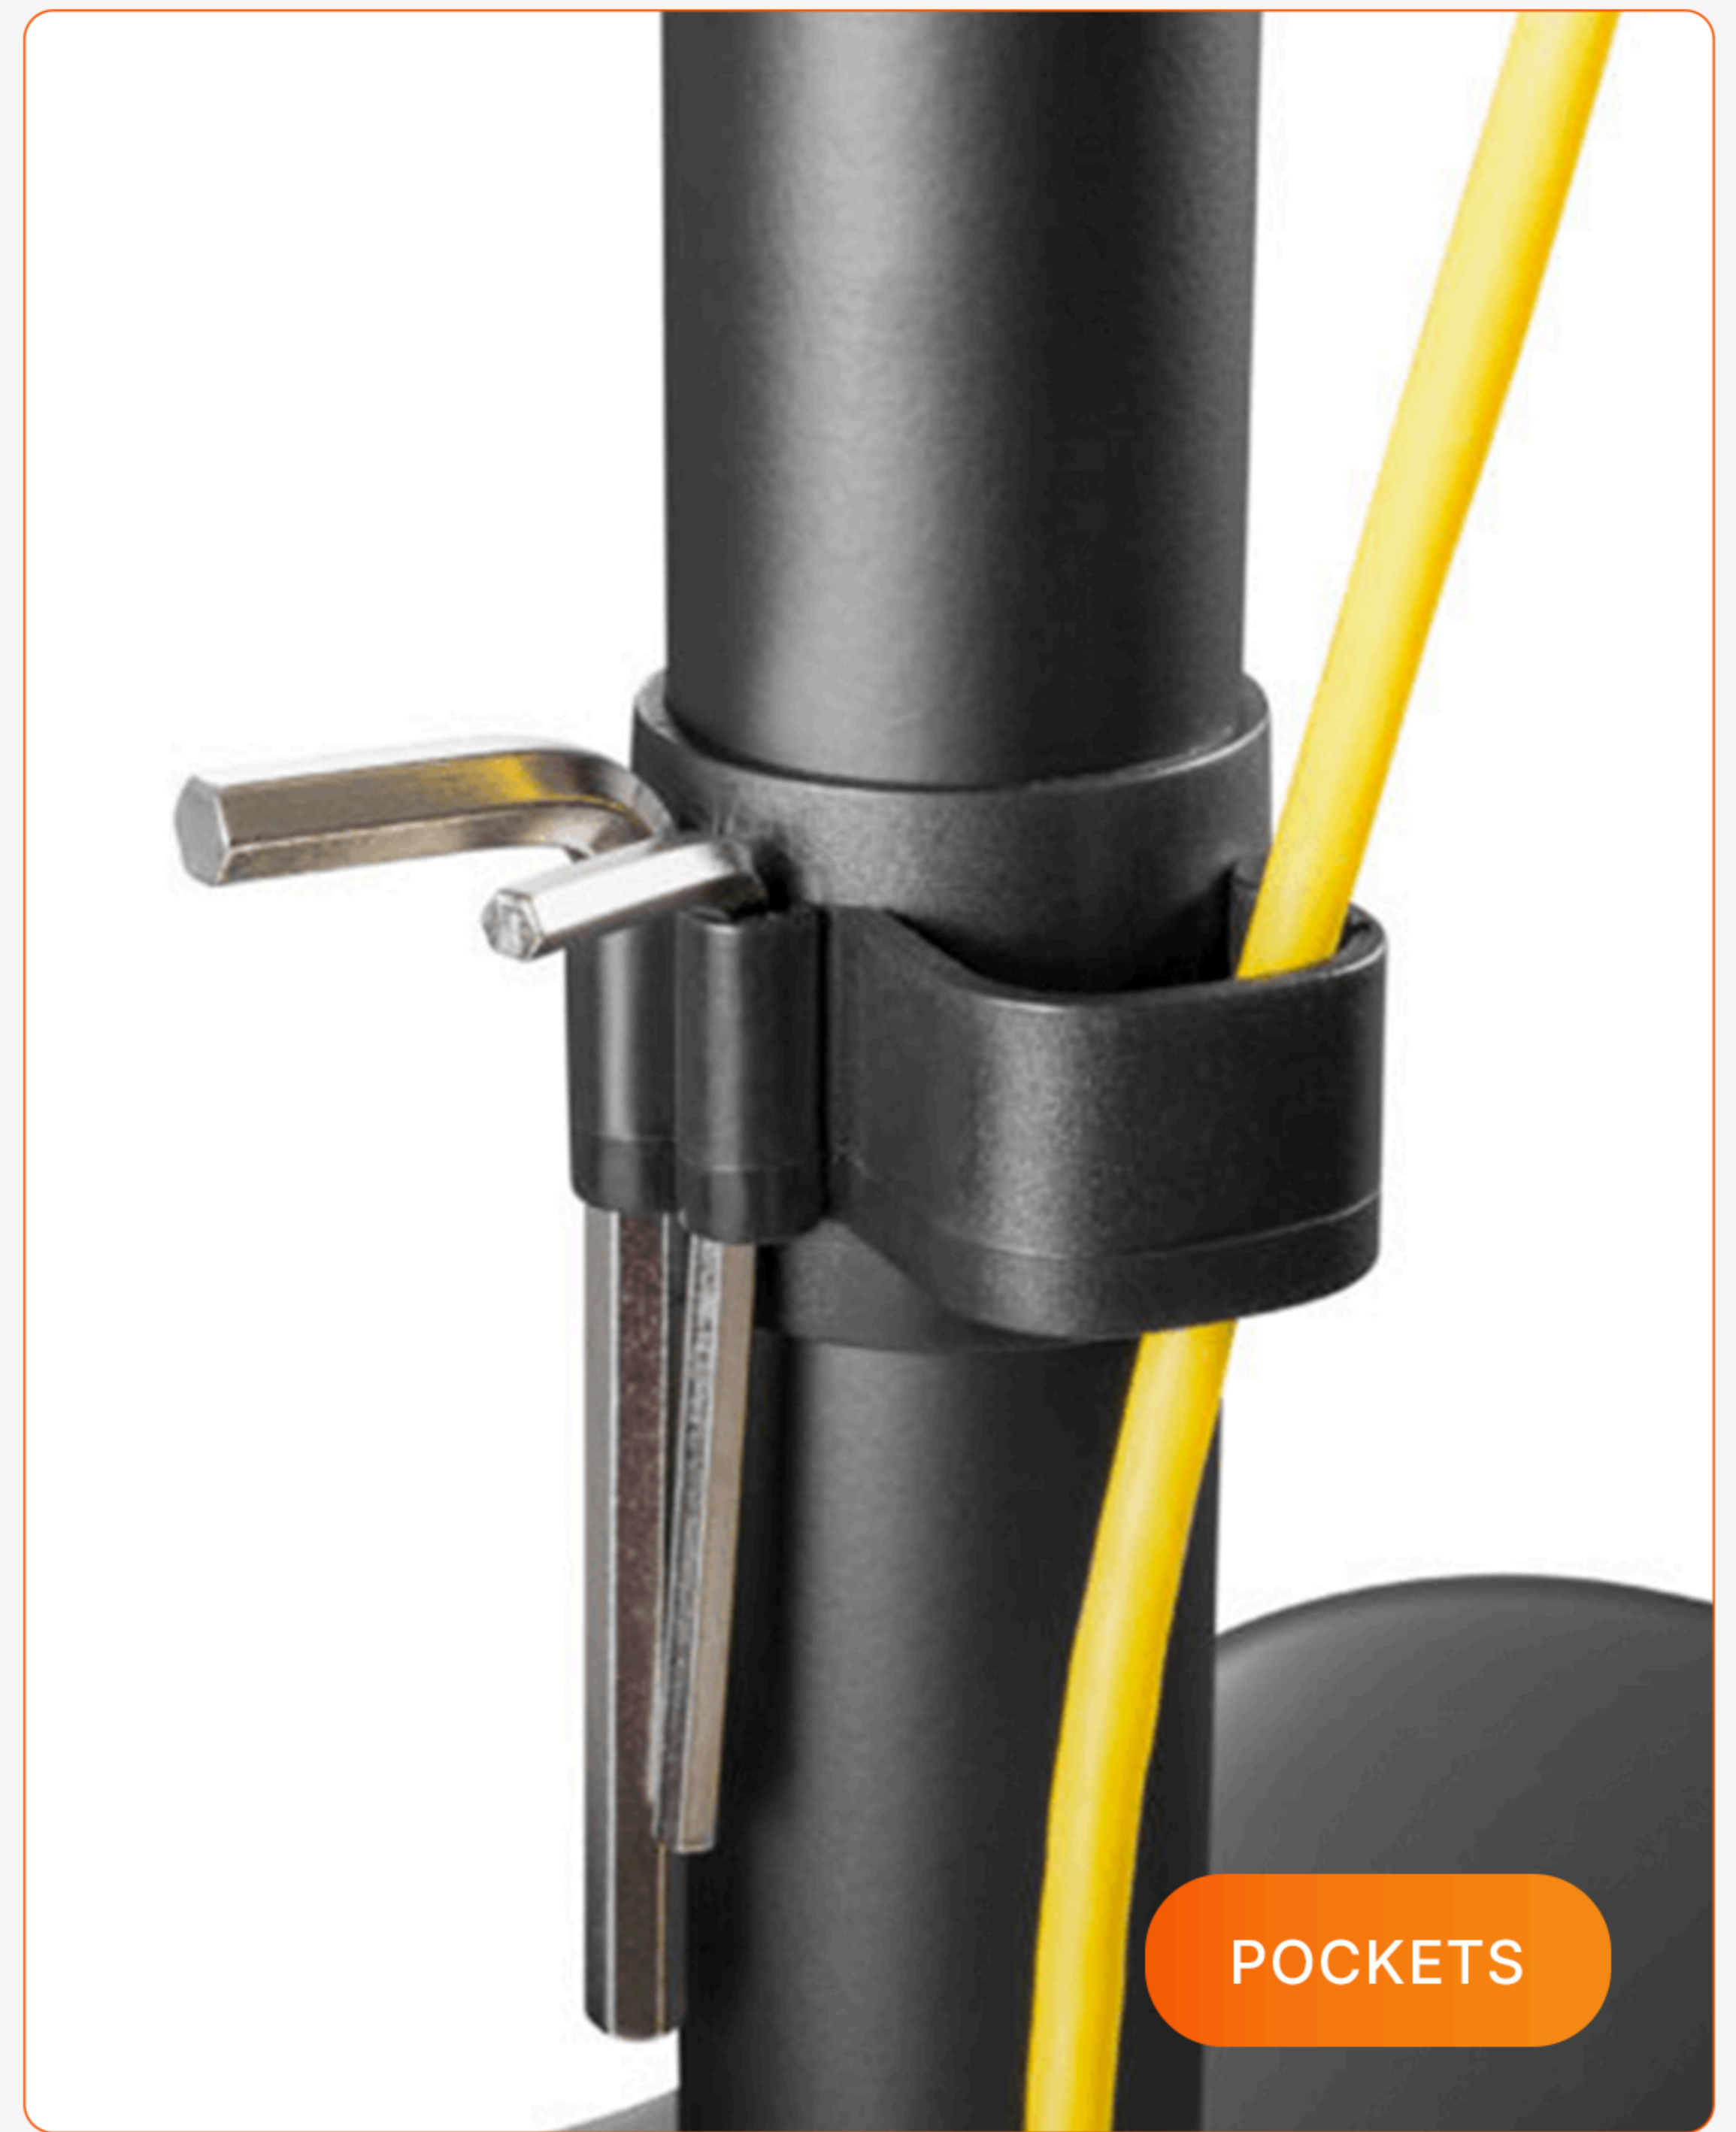

Quick-Release VESA Plate

The detachable VESA 75×75 mm and 100×100 mm plate allows for fast, simple, and hassle-free monitor installation.

Integrated Cable Management

Built-in cable routing keeps power and display cables neatly concealed for a clean and organized workspace.

Double-Joint Articulation & 360° Rotation

Easily extend, swivel, and rotate your monitor between landscape and portrait orientations for flexible positioning and enhanced ergonomic comfort.
