Articulating Steel Monitor Stand

A Flexible Setup to Keep Your Workflow Moving.

It allows users to customise each monitor's height, tilt, swivel and rotation for comfortable viewing.

Features

Stable Freestanding Base

Features a sturdy freestanding base that supports both monitors without requiring permanent installations.

360° Rotary VESA Plates

Allowing users to switch between portrait and landscape orientations for different tasks.

Integrated Cable Management

Keeps cables neatly routed and out of sight, reducing clutter and maintaining a professional desk setup.

Durable Steel Construction

Features sturdy powder-coated steel construction supporting up to 8kg per monitor.
