Dual Monitor Full Extension Gas Spring Dual Monitor Arm

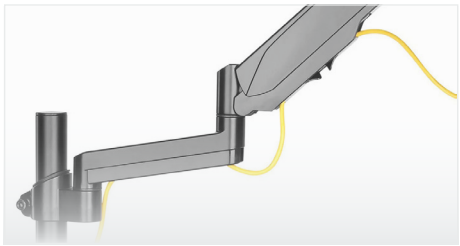

Double the view, free the desk.

Designed to be high performance monitor arm, LDT16-C024 helps you free up space and optimise your health and wellness. A built-in gas spring allows for smooth and accurate adjustment to comfortable reading positions. Flexible tilt, pivot and swivel functionality provides comfotable monitor angles. Moreover, the product incorporates a quick-release VESA plate which makes installation easier.

Gas Spring Support

Counterbalances monitor weight for smooth and stable adjustments.

Flexible Tilting

Adjusts the monitor to multiple angles for comfortable viewing.

Cable Management

Conceals display cables for a cleaner, organised workspace.

Made to Move, Built for Comfort

Create a more productive dual-screen workspace with independent gas-spring arms that adjust smoothly to suit your ideal viewing position.

Designed for two 17"–32" monitors weighing up to 8kg each, the LDT16-C024 offers flexible tilt, swivel and 360° rotation. Quick-release VESA plates simplify installation, while clamp or grommet mounting and integrated cable management help maintain a clean, organised workstation.

Features

Smooth Gas-Spring Adjustment

Built-in gas-spring mechanisms counterbalance the weight of each monitor, allowing both screens to be raised, lowered and repositioned smoothly. Adjustable gas pressure supports monitors of different weights for controlled, reliable movement.

Independent Full-Motion Arms

Position each monitor independently to suit different tasks and viewing preferences. The arms support ±35° tilt, ±90° swivel and full 360° screen rotation for landscape or portrait viewing.

Quick-Release VESA Plates

Detachable VESA plates make monitor installation more convenient. Attach the plates to the displays first, then securely connect them to the monitor arms—without needing to hold the screens throughout the complete installation process.

Clean and Flexible Installation

Integrated cable management routes display cables neatly along the arms for a cleaner desktop. Both desk-clamp and grommet mounting hardware are included, providing secure installation options for different workstation layouts.

Specifications
