Perfect angles for infinite flexibility

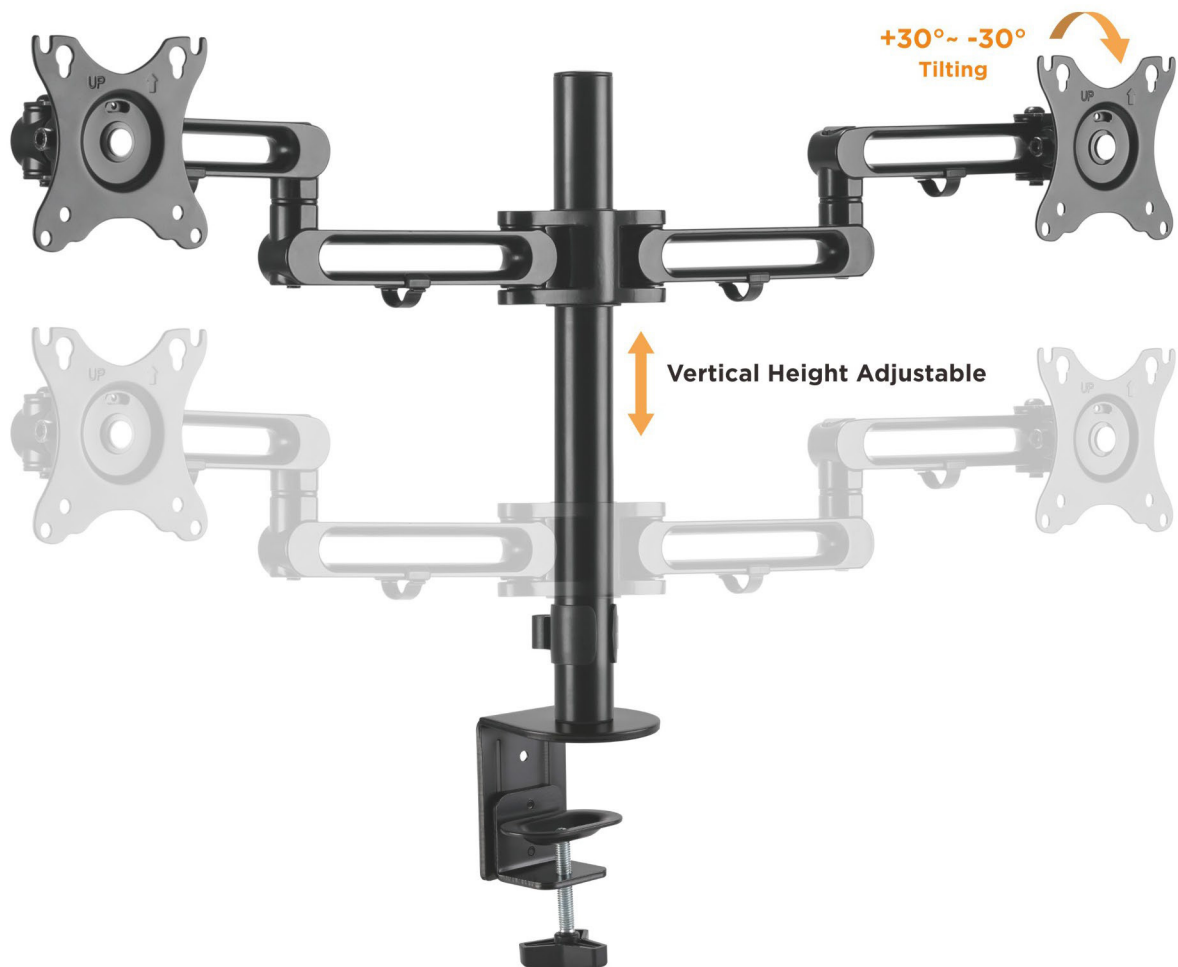

LDT30-C024 MONITOR ARM

The **LDT30-C024** combines value and versatility into a single product solution. The aluminum arm creates a stylish and elegant look adding to any home or office décor. The flexible arm joint and rotating/tilting VESA plate allows the user to adjust the height and angle of monitors, offering the absolutely best viewing experience.

Lightweight Premium Aluminum Construction

Crafted from high-grade aluminum and steel, this premium arm delivers a refined, minimalist aesthetic. The metallic finish adds a modern look to your workspace while remaining light enough for effortless adjustments.

360° Rotary VESA Plate & Free-Tilting Design

Achieve the perfect viewing angle to reduce glare and eye strain. Easily rotate your screens between portrait and landscape modes, and tilt or swivel the arms to position each monitor exactly where you need it.

Dual 17"–32" Heavy-Duty Screen Capacity

Engineered to hold two large monitors simultaneously, this mount supports screen sizes from 17" to 32" and up to 8kg (17.6lbs) per arm, delivering rock-solid stability for expansive dual setups.

Built-in Cable Management

Route your power and display cords seamlessly along the articulating arms. The integrated channels keep wiring hidden from sight, ensuring a clean, symmetrical, and distraction-free workspace.
