Brateck

Your Ideal Viewing Angle Across Both Screens.

ARTICULATING MONITOR ARM

The **Brateck LDT33-C024 Dual-Monitor Steel Articulating Monitor Arm** delivers reliable support, flexible screen positioning and everyday affordability for modern professional and home workspaces. Featuring sturdy steel construction, a vertical pole and independently adjustable articulating arms.

Flexible Articulating Arms

Allowing users to reposition each monitor for comfortable viewing angles, better visibility and flexible multitasking.

Adjustable Pole-Mounted Height

A vertical pole with manually adjustable monitor positioning, helping users customise screen height and alignment.

360° Rotary VESA Plates

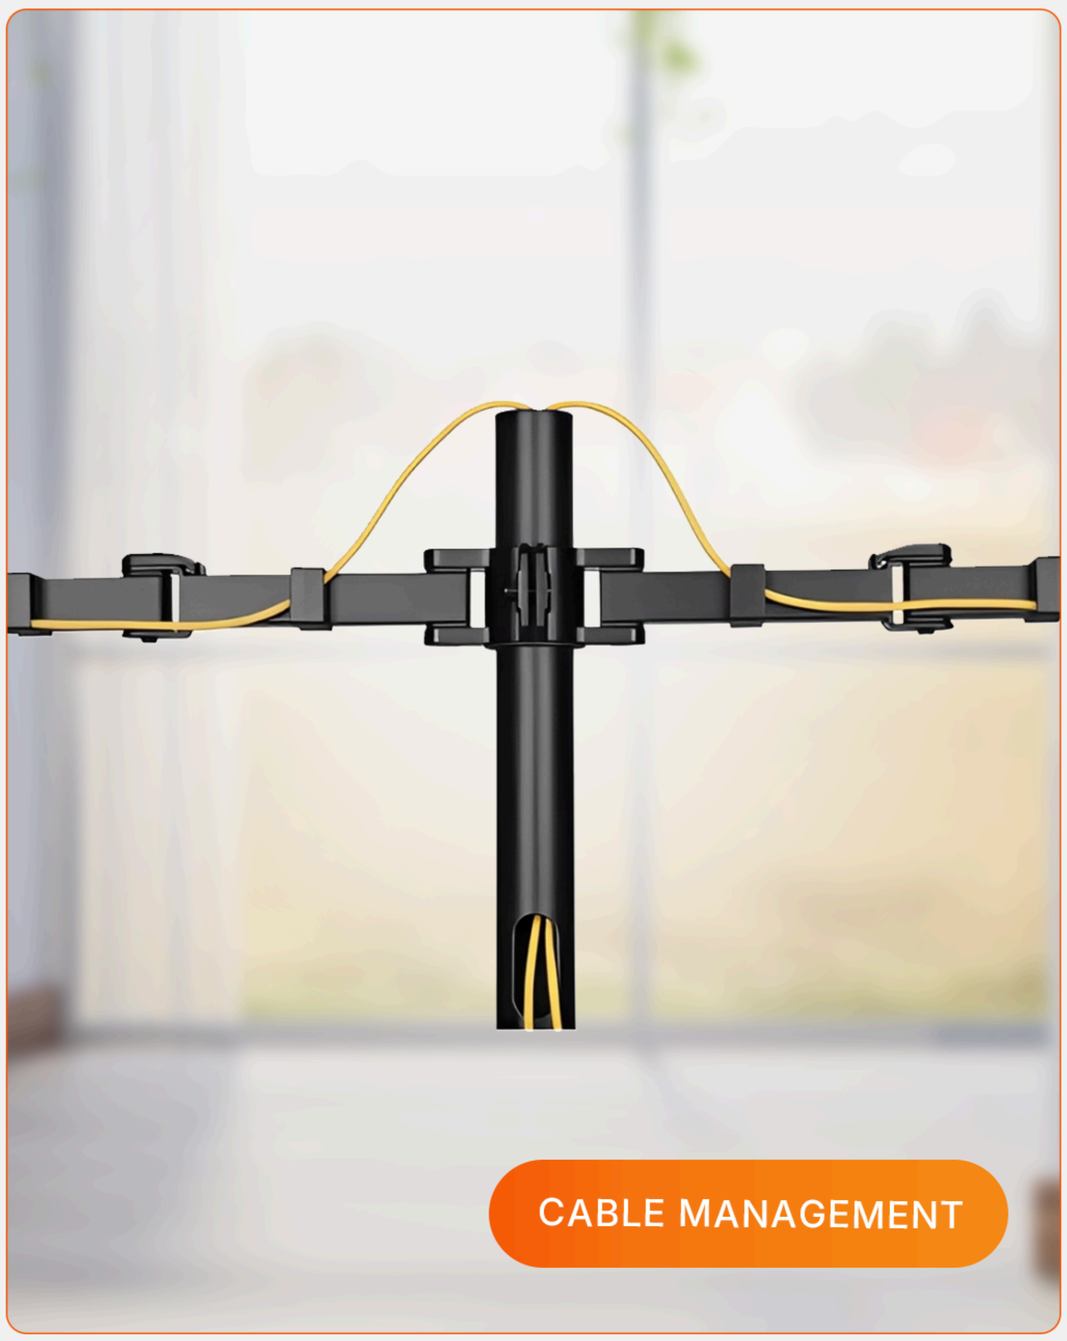

Offers full 360° rotational positioning through the VESA mounting plates, allowing users to switch between portrait and landscape orientations.

360° VESA PLATES

Easy Installation & Built-In Cable Management

Combines with both desk clamp and grommet installation options for convenient setup and includes built-in cable management clips that help route monitor cables neatly.
