

Dual Monitor Gas Spring Arm

Upgrade Dual-Screen Comfort.

The **Brateck MABT-LDT37-C024P-GG** delivers effortless dual-screen positioning with a premium gloss-grey aluminium finish, smooth gas spring adjustment, and flexible installation for modern workspaces.

Smooth Dual-Screen Adjustment

Gas spring technology counterbalances each monitor for easy movement and comfortable positioning throughout the day.

Smart Setup & Protection

Quick-release VESA plates, spring tension adjustment and silicone padding make setup simple and desk-friendly.

Flexible Mounting

Clamp or grommet installation supports a wide range of modern desk setups.

Dual Monitor Gas Spring Arm

Upgrade Dual-Screen Comfort.

The **Brateck MABT-LDT37-C024P-GG** combines smooth gas spring movement, precise screen positioning and a refined gloss-grey finish for professional dual-monitor workspaces.

Features

	Smooth Gas Spring Adjustment Counterbalances each monitor for easy, comfortable movement.		Quick-Release VESA Plates Detachable plates simplify monitor installation and removal.
	Built-In Spring Tension Gauge Fine-tune the arm to each screen for balanced performance.		High Grade Silicone Padding Helps prevent movement while protecting the desktop from scratches.
	Clamp or Grommet Mounting Flexible installation for a wider range of desk setups.		Integrated Cable Management Routes cables neatly through the arm for a cleaner workspace.
	Wide Viewing Adjustment Tilt, swivel and rotate each screen to suit your viewing position.		Dual Screen Compatibility Supports two 17"-32" monitors, including curved displays.
