Brateck

Double the Displays. Simplify Your Setup.

LIFT MONITOR STAND

The **Brateck LDT41-T02MP Dual Screens Vertical Lift Monitor Stand** flexible dual-screen positioning, ergonomic height adjustment and integrated thin-client CPU storage in one space-saving workstation solution. Complete with flexible tilt, swivel and rotation adjustments, built-in cable management and a premium matte black finish.

Space-Saving Dual-Screen & CPU Integration

Combines support for two monitors and a dedicated thin-client CPU holder in one freestanding stand, helping keep essential workstation equipment organised.

Integrated Adjustable Thin-Client CPU Holder

Includes a dedicated CPU mount supporting up to 3kg, with an adjustable width of 5–70mm to accommodate compatible thin-client devices.

Smooth Vertical Lift Adjustment

Features a durable, maintenance-free helical spring mechanism and convenient easy-grip handle, allowing users to raise or lower the dual-monitor assembly.

Freestanding Design

Features a sturdy freestanding base that requires no desk clamps or grommet installation.
