Gas Spring Dual Monitor Arm

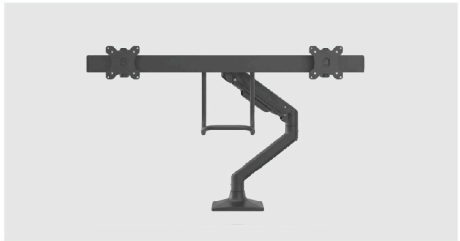

A Dual-Screen Setup with Precision and Control.

Featuring a counterbalance gas spring mechanism and a conveniently positioned central easy-grip handle, it allows users to adjust both monitors simultaneously for comfortable viewing.

Features

Built-In Spring Tension Gauge
Features an integrated spring tension gauge that helps users adjust the counterbalance mechanism.

Lateral-Shift Monitor Alignment
Equipped with adjustable lateral-shift brackets that allow users to fine-tune the horizontal positioning and spacing.

Integrated Cable Management
Keeps cables neatly routed and out of sight, reducing clutter and maintaining a professional desk setup.

Easy Installation
Combines detachable VESA mounting plates with flexible desk clamp or grommet installation.
