

Brateck

Triple the Screens. Ultimate Control.

GAS SPRING MONITOR ARM

Featuring durable aluminum construction and smooth gas spring adjustment, The **Brateck Triple Monitor Gas Spring Aluminum Monitor Arm** allows users to effortlessly position three monitors for optimal comfort and viewing flexibility. Ideal for professionals, creators, traders, and multitaskers, it helps maximize desk space while enhancing workflow efficiency and reducing workspace clutter.

Smooth Gas Spring Mechanism

Allows effortless monitor positioning with precise height, tilt, and reach adjustments for enhanced comfort and ergonomic support throughout the workday.

Precision Adjustment with Easy Installation

Features a built-in spring tension gauge for accurate weight balancing and a detachable VESA plate design that enables quick, simple, and hassle-free monitor installation.

Clean Desk Cable Routing

Keeps cables neatly organized and concealed within the arm structure, creating a clutter-free and professional-looking workstation.

Triple-Monitor Configuration

Supports three monitors in a streamlined setup, helping users multitask more efficiently and manage multiple applications simultaneously.
