

Brateck

Built for Better Multitasking

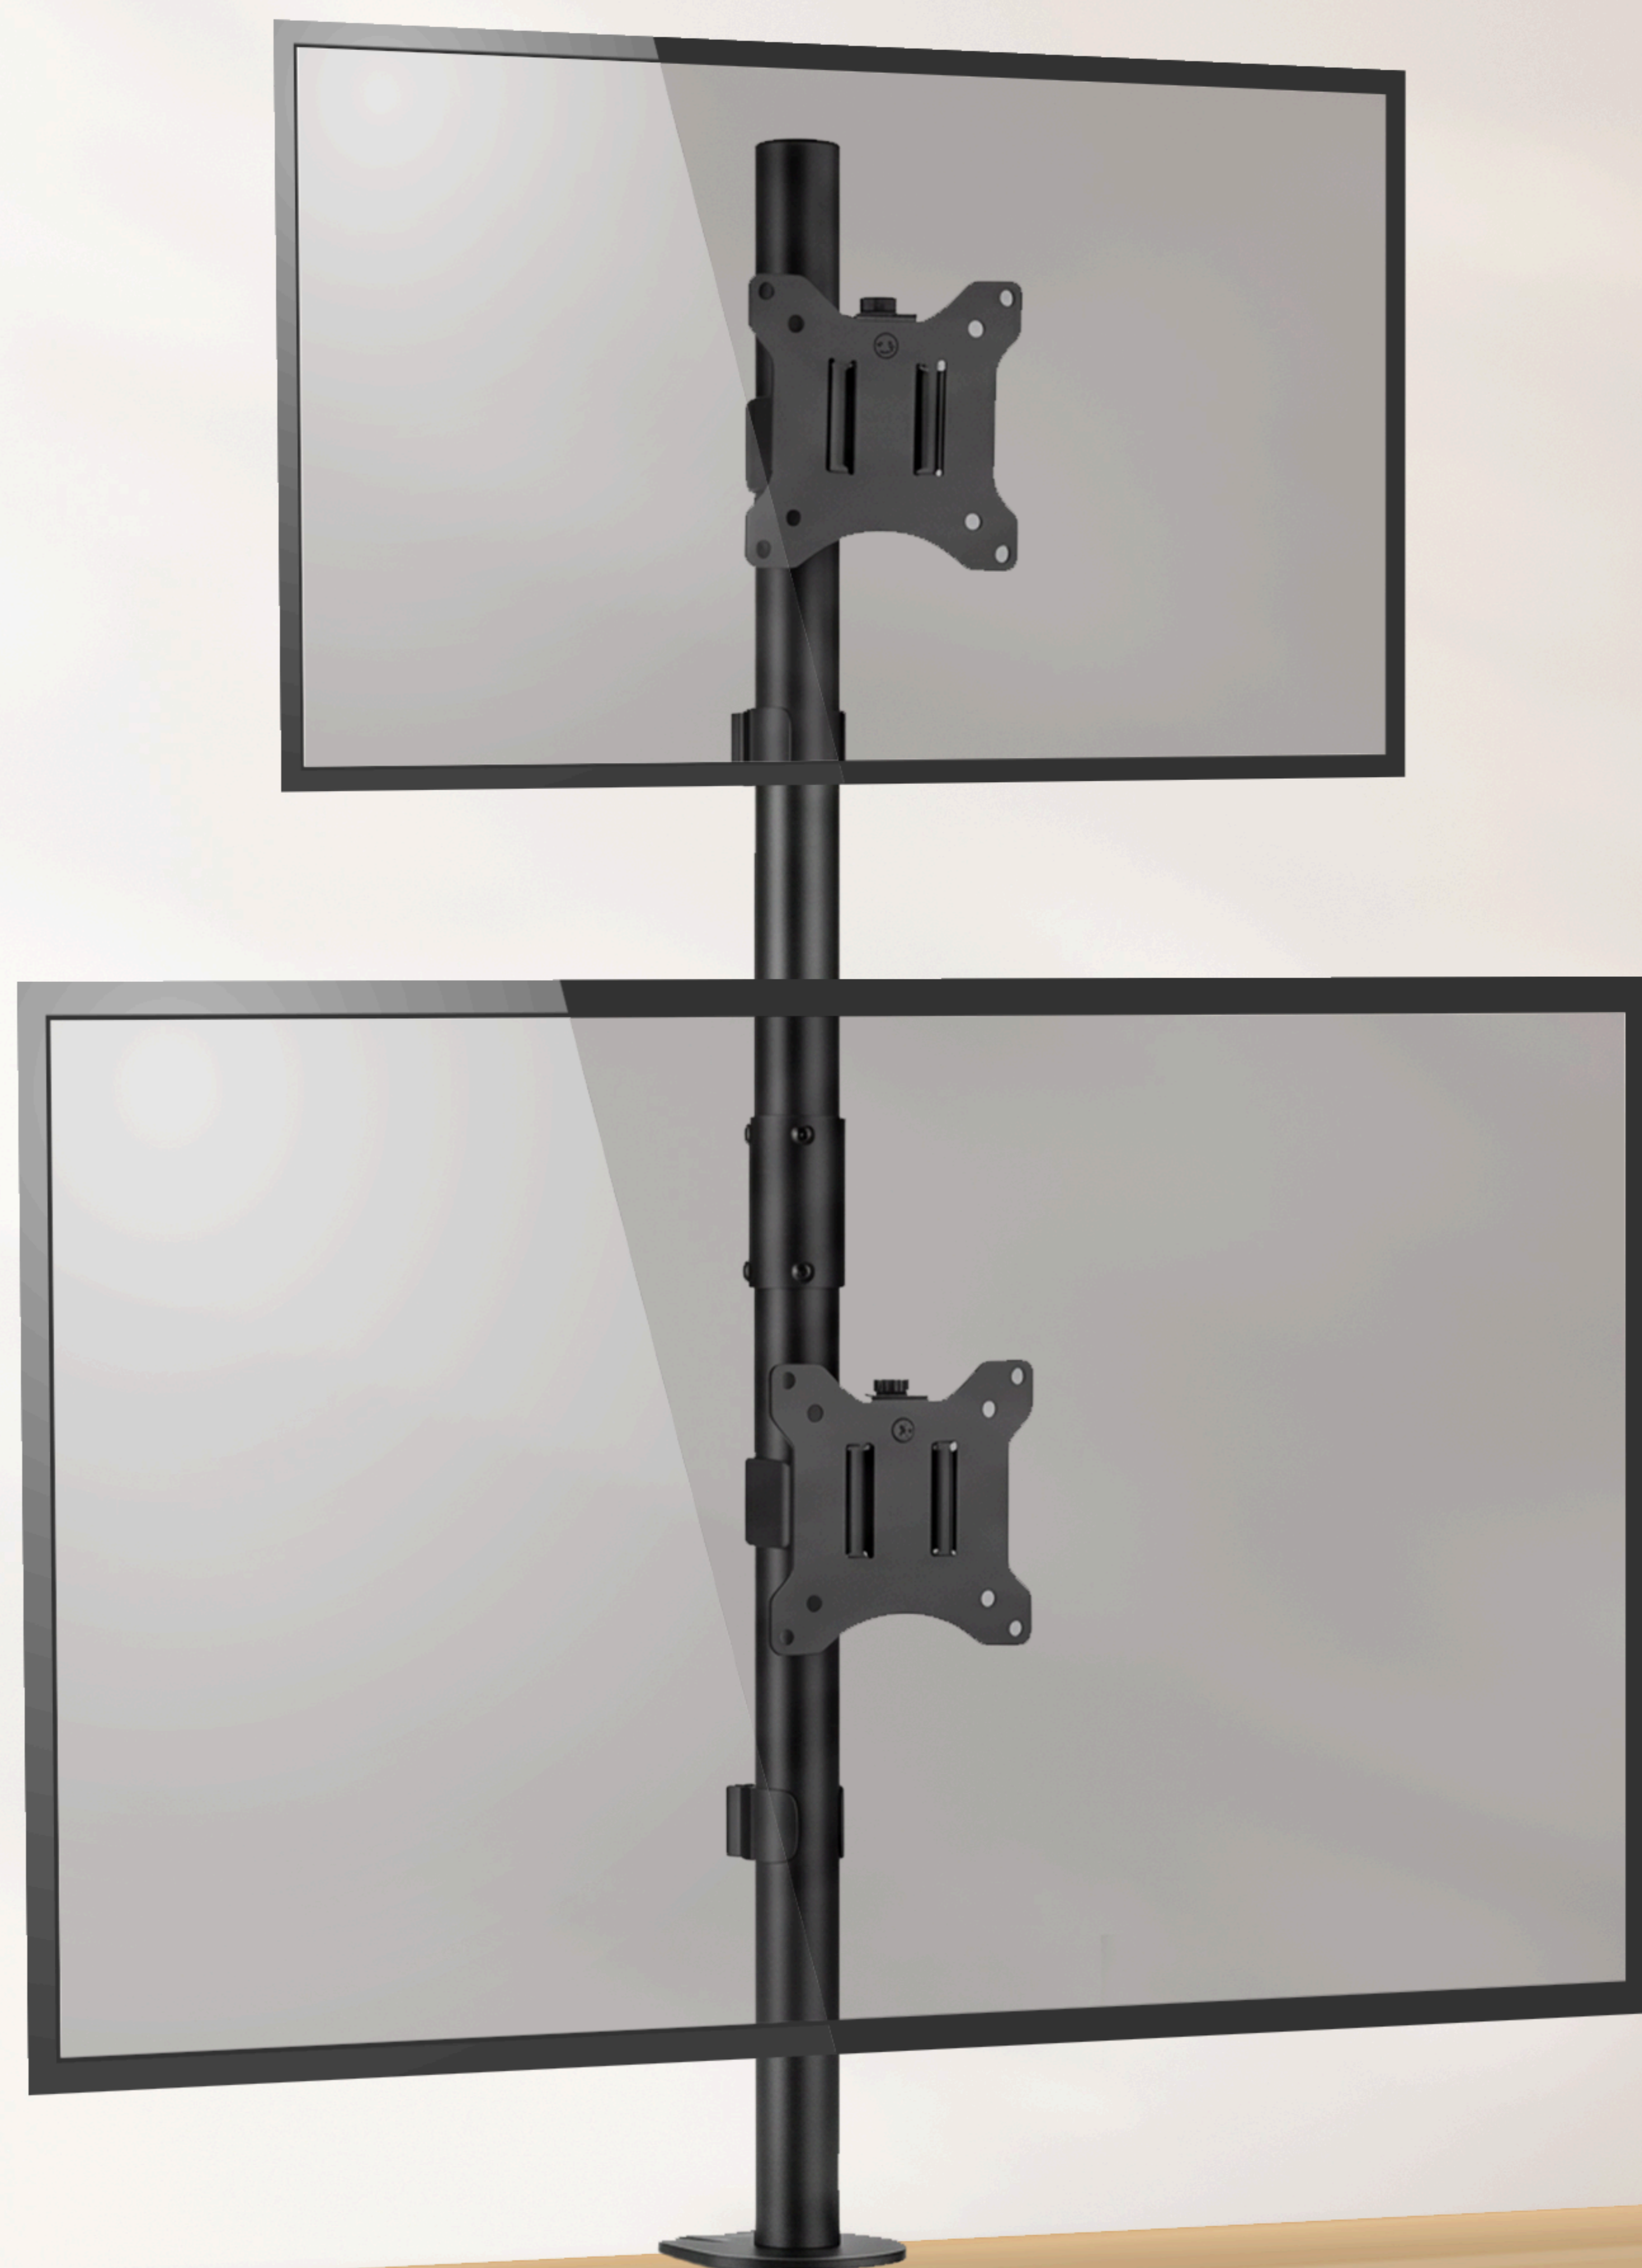

VERTICAL POLE MOUNT

The **Brateck Vertical Pole Mount Dual-Screen Monitor Mount** is a space-saving and ergonomic solution designed to securely hold two 17"–32" monitors with support for up to 9kg per screen. Featuring a sturdy vertical pole design and VESA 75x75/100x100 compatibility, it helps create a cleaner, more organized workstation while improving viewing comfort and multitasking efficiency.

Dual-Screen Vertical Mounting Design

Supports two 17"–32" monitors in a vertical stacked layout for improved workspace efficiency and multitasking.

Heavy-Duty Weight Support

Strong construction securely holds monitors up to 9kg per screen for stable and reliable performance.

Ergonomic Viewing Flexibility

Adjustable monitor positioning helps improve viewing comfort and reduce neck and eye strain during extended use.
