

Articulating Monitor Arm

Triple Displays. Triple Efficiency.

The Brateck Triple-Monitor Steel Articulating Monitor Mount helps create a more organized and efficient workspace by elevating multiple screens off the desk.

Enhanced Multitasking Efficiency
Supports a three-screen setup, allowing users to manage multiple applications simultaneously for improved productivity and workflow.

Maximum Viewing Flexibility
Enables each monitor to tilt, swivel, and rotate independently for customized positioning and optimal viewing comfort.

Ergonomic Viewing Position
Allows users to easily adjust monitor height to help reduce neck and eye strain during extended work sessions.

Articulating Monitor Arm

Triple Displays. Triple Efficiency.

Its flexible design allows users to position each monitor for greater comfort and improved viewing, making multitasking easier for professionals, creators, and gamers.

Features

Versatile Screen Configuration

Supports both portrait and landscape modes to accommodate different tasks, from coding and content creation to data analysis.

Quick & Easy Installation

Simplifies monitor mounting and replacement, making setup faster and more convenient.

Clean & Organized Workspace

Keeps cables neatly routed and out of sight, reducing clutter and maintaining a professional desk setup.

Flexible Installation Methods

Includes both desk clamp and grommet mounting options for secure attachment to a wide range of desk configurations.
