

Brateck

Premium Flexibility. Perfectly Positioned.

ARTICULATING MONITOR STAND

The **Brateck Premium Aluminum Articulating Monitor Stand** is designed for most 17"–32" monitors, it combines a sleek aluminium finish with smooth, flexible positioning for a cleaner, more comfortable setup. Supporting monitors up to 8kg with VESA 75x75 and 100x100 compatibility, it's an ideal choice for modern home, office and professional workspaces.

Dual-Screen Workspace Efficiency

Supports a wide range of popular monitor sizes, making it suitable for everyday office, business and home use.

↗ SUPPORTS UP TO 32"

🛒 8KG WEIGHT CAPACITY

Flexible Viewing, Effortless Adjustment

Smoothly tilt, extend and reposition your monitor forward, backward or sideways to achieve a more comfortable viewing angle, reduce glare and adapt easily to different tasks and desk setups.

FREE TILTING DESIGN

FLEXIBLE ARM ADJUSTMENT

90°

90°

Portrait & Landscape Rotation

Quickly switch between horizontal and vertical screen orientations for spreadsheets, coding, documents, creative work or everyday browsing.

Quick & Simple Setup

The quick-release VESA plate with keyhole slot makes monitor mounting faster and simpler, allowing easy attachment, removal and setup.
