Brateck

Built for Bigger Screens. Designed for Connectivity.

GAS SPRING DUAL MONITOR ARM

The **Brateck LDT80-C024UCP Super Heavy-Duty Dual Monitor Arm** is engineered for demanding multi-screen workspaces. Its robust pole-mounted design, smooth gas spring adjustments and integrated USB-A and USB-C ports deliver exceptional stability, flexible positioning and convenient connectivity.

Smart USB Connectivity

Providing convenient access for connecting compatible devices, transferring data and charging accessories.

Super Heavy-Duty Monitor Support

Supports most 24"–57" flat and curved monitors
with a weight capacity of up to 27kg per flat
screen or 22kg per curved screen.

Smooth Gas Spring Adjustment

Enables smooth, effortless adjustments to accommodate different monitor weights, allowing users to easily reposition large displays for optimal viewing comfort.

Easy Installation

Simplifies setup with convenient top-side installation and detachable VESA plates for effortless monitor mounting and removal, while included VESA adapters ensure compatibility with different mounting patterns.
