Brateck

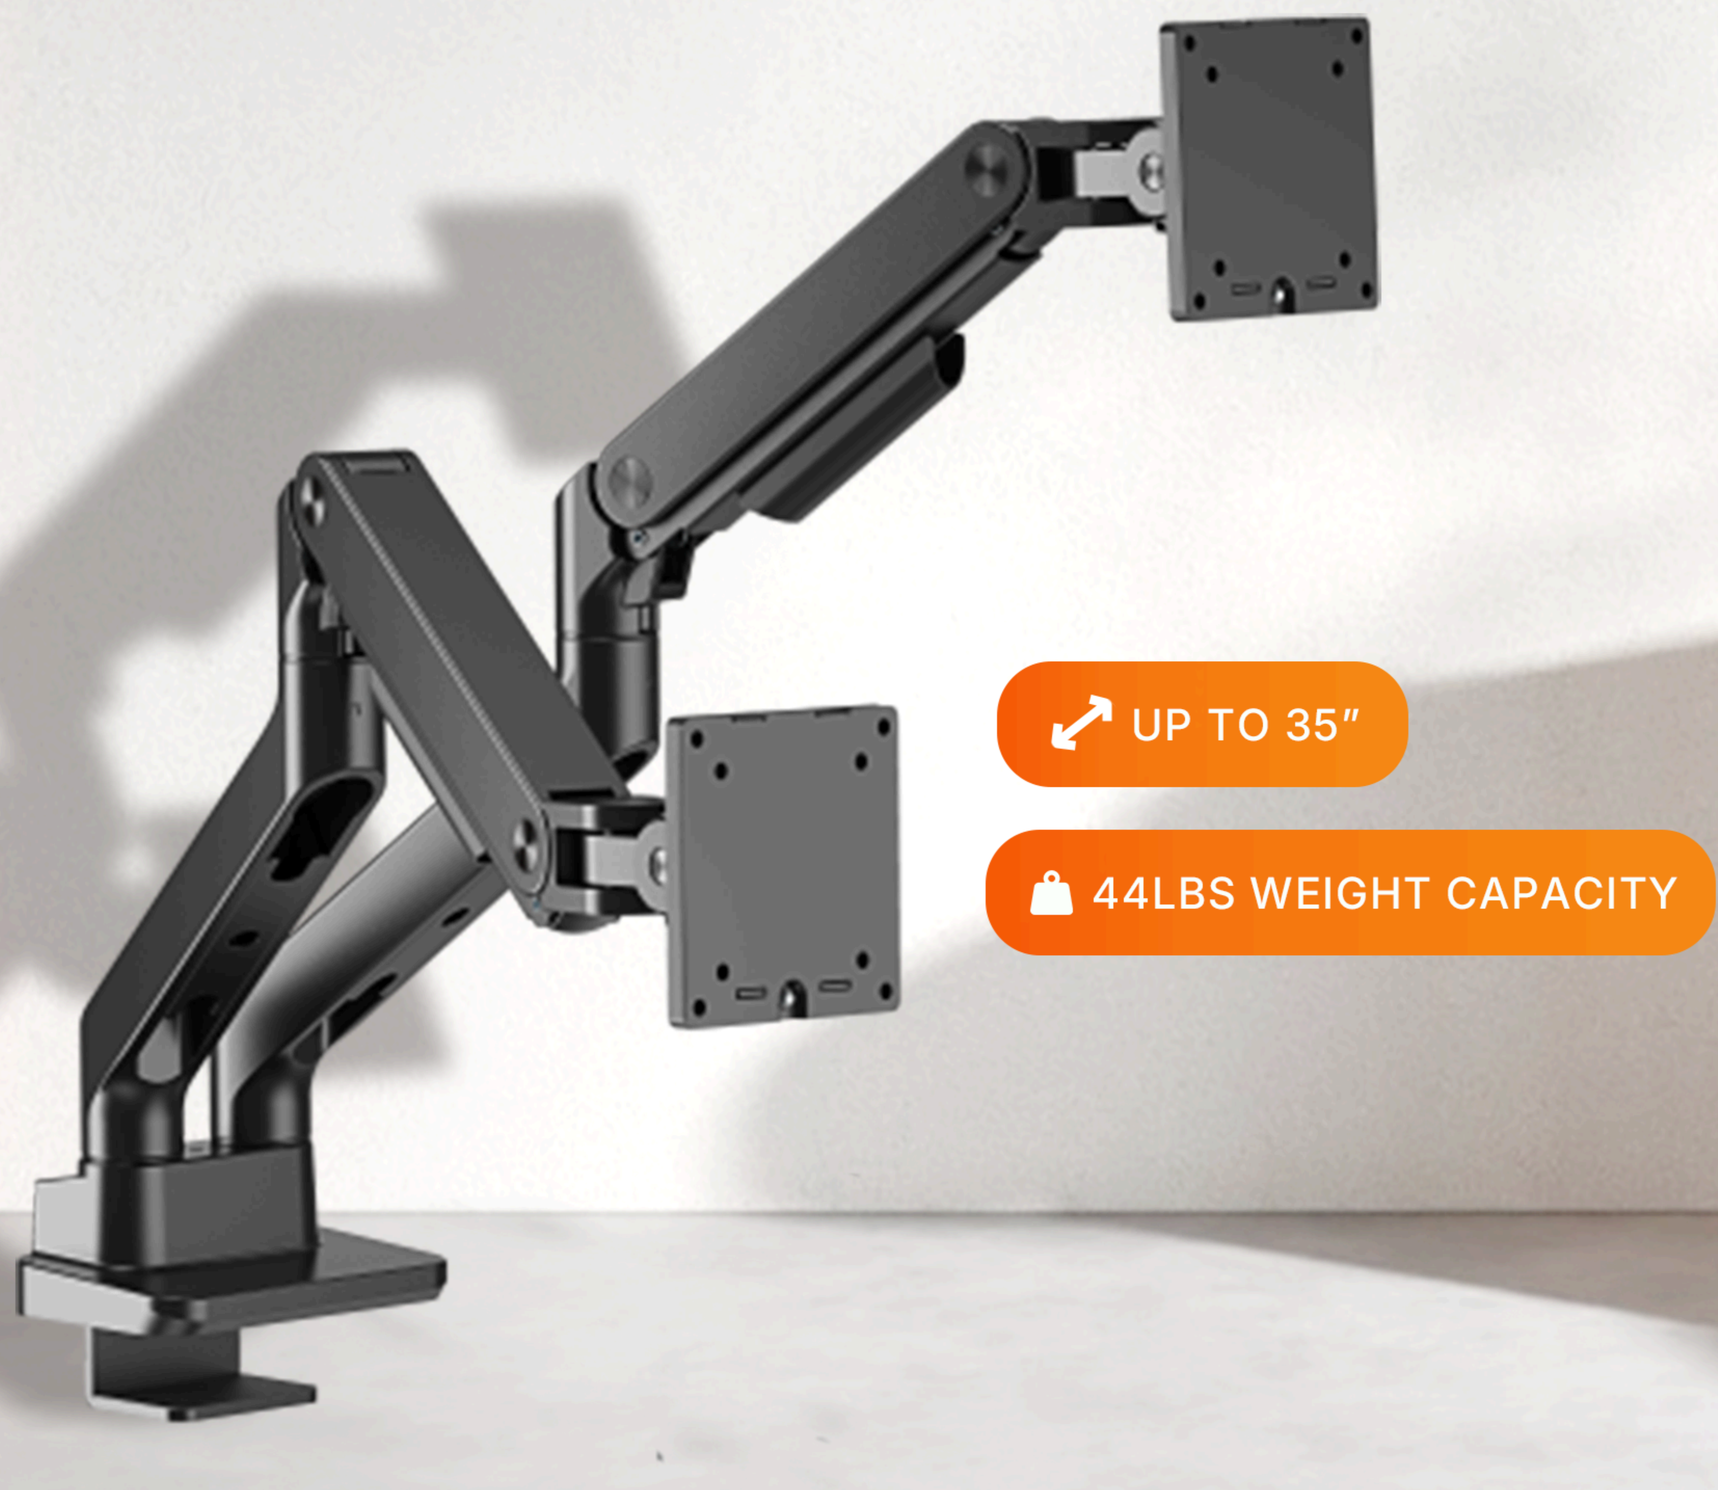

Two Displays.
One Streamlined Solution.

GAS SPRING DUAL MONITOR ARM

The **Brateck LDT81-C024-B Heavy-Duty Gas Spring Dual Monitor Arm** is ideal for productivity, creative work, trading, gaming and professional multi-screen environments. Each display can be positioned independently for better viewing comfort and workflow flexibility, while the fine-texture black finish keeps the setup modern, minimal and professional.

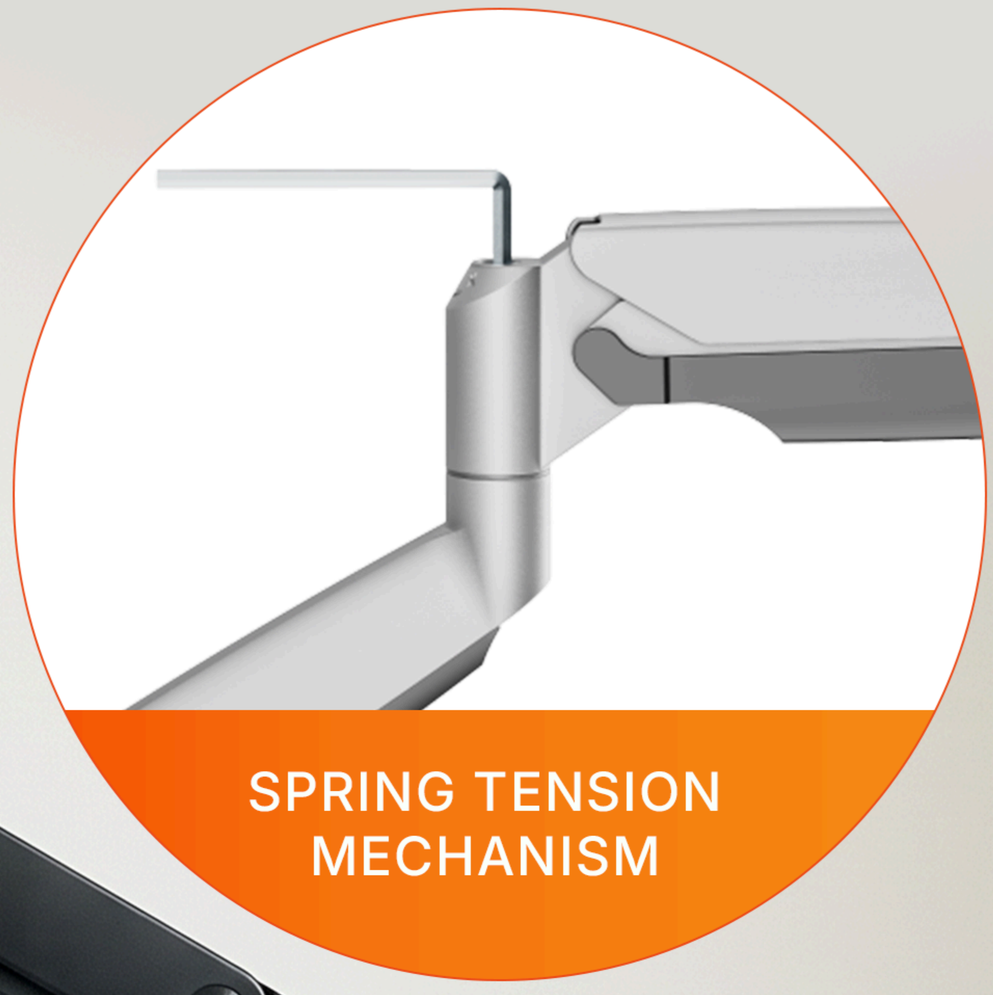

Heavy-Duty Support for Large Displays

Supports most 17"–35" large, ultrawide, flat or curved monitors with a weight capacity of up to 44 lbs per screen, while allowing smooth and stable repositioning.

Smooth Gas-Spring Adjustment

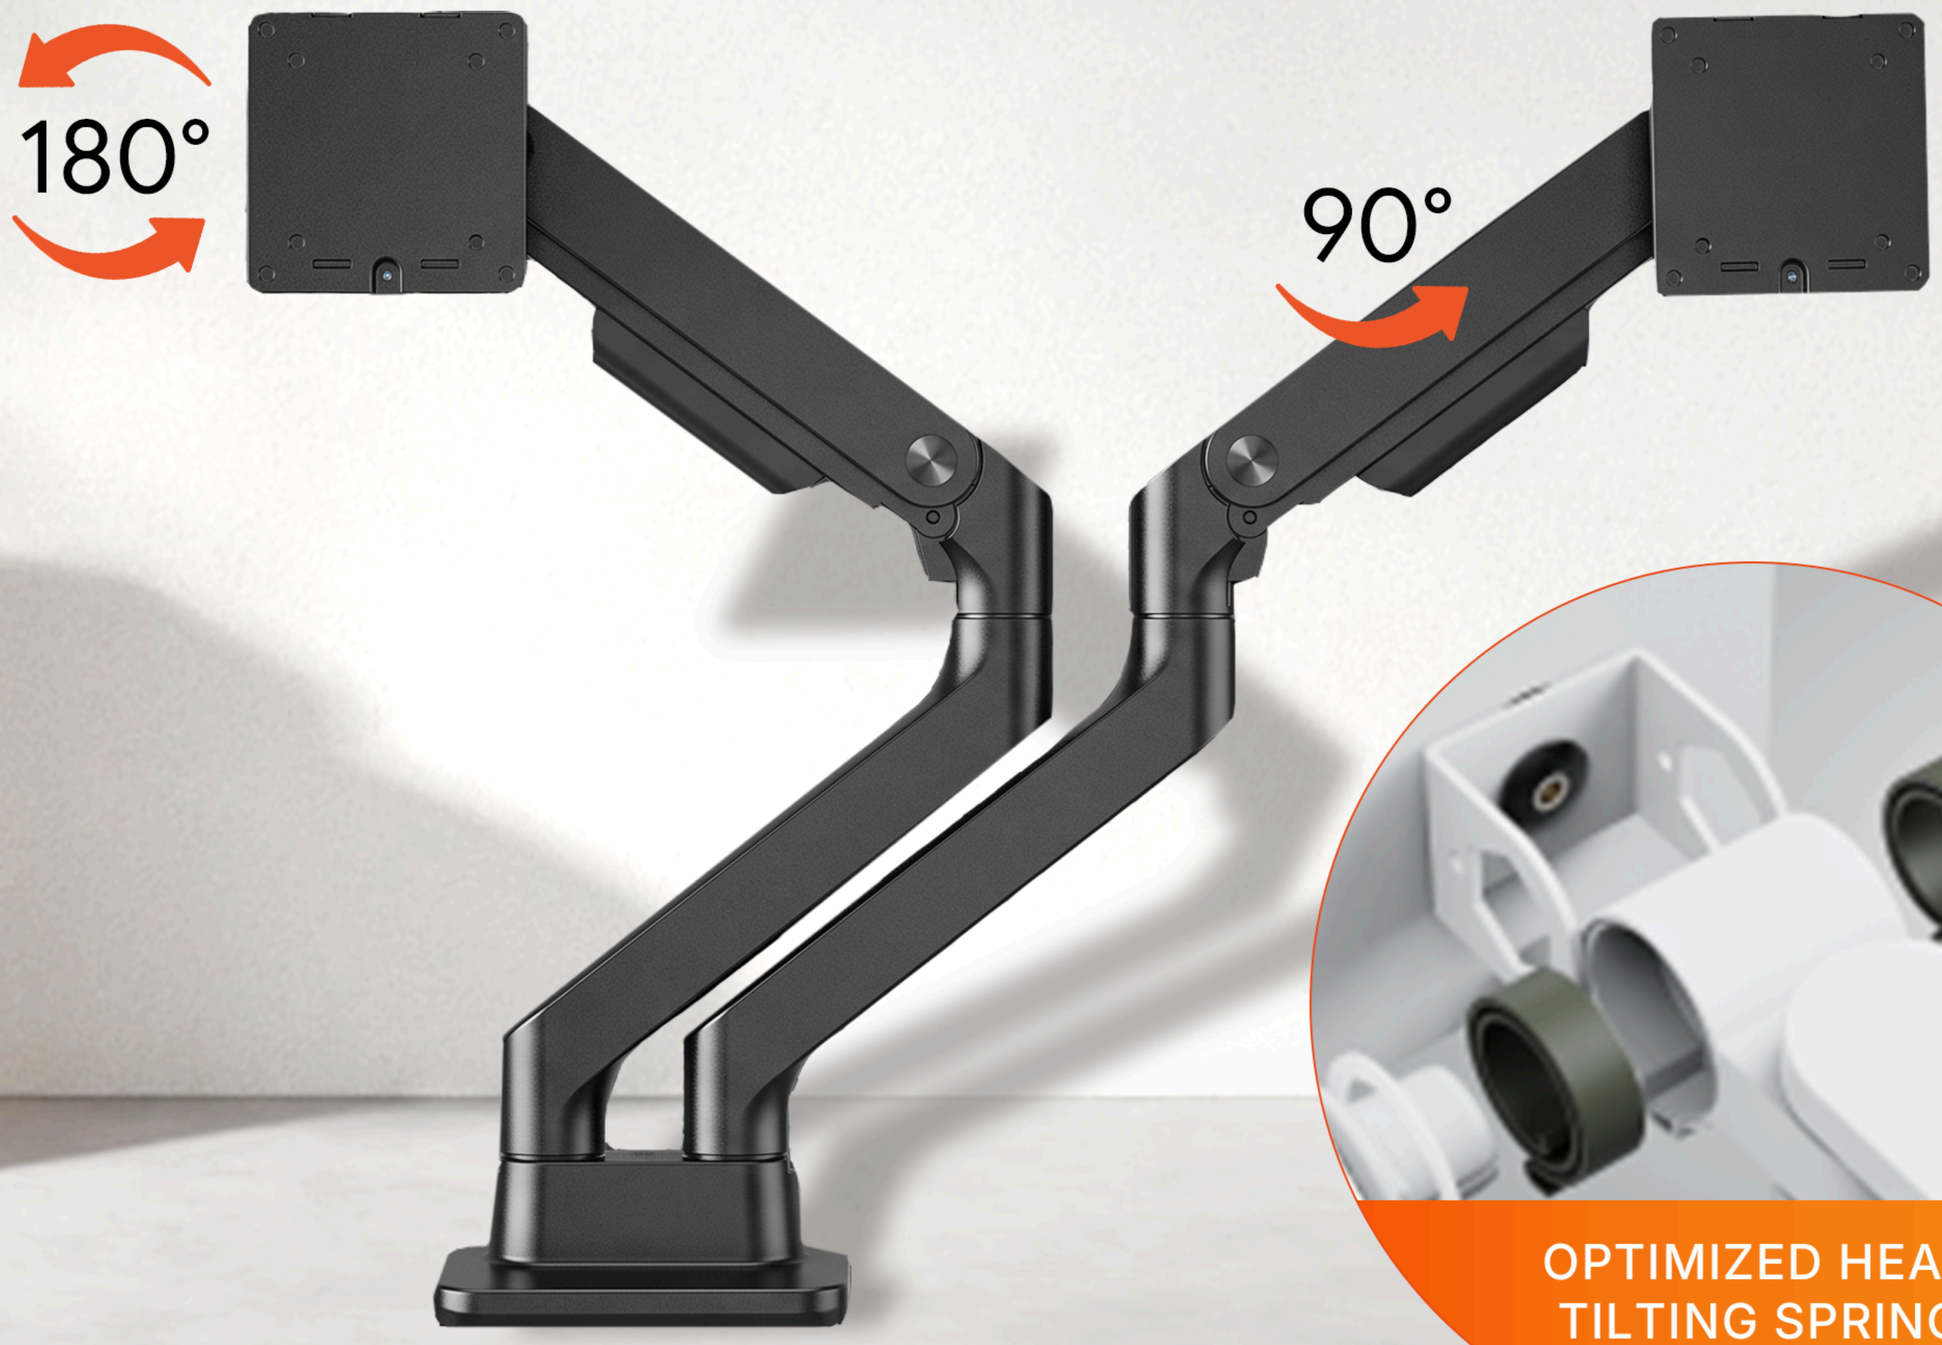

Independently reposition both monitors with responsive, effortless movement throughout the working day.

SPRING TENSION MECHANISM

Smooth Tilt & Adjustable Height

The optimized tilting structure provides strong, controlled support for larger screens, while freely adjustable height helps position each monitor for a more comfortable and ergonomic viewing setup.

Easy Installation

Install the mount entirely from above the desk for easier setup, while the 360° rotary VESA plate lets you switch between portrait, landscape or customised viewing positions.
