Gas Spring Monitory Arm

Heavy-Duty by Design. Flexible by Nature.

Designed for most monitors, it combines strong gas-spring support with smooth, flexible positioning to help improve viewing comfort and free up valuable desk space.

Smooth & Flexible Movement
Gas spring support allows effortless screen repositioning throughout the day.

Keyhole Pattern
Simplifies monitor mounting for faster and easier installation.

180° Rotation Stop
Helps prevent the monitor arm from swinging into nearby walls, screens or workspace elements.

Gas Spring Monitory Arm

Heavy-Duty by Design. Flexible by Nature.

Its single-arm design is ideal for users who want heavy-duty support for larger monitors in a simpler, streamlined setup without the added connectivity features of USB-equipped models.

Features

Wide Monitor Compatibility
Supports most 17"–45" monitors with VESA 75x75mm and 100x100mm compatibility.

Integrated Cable Management
Keeps cables neatly organized for a clean and clutter-free workspace.

Clean & Organized Workspace
Keeps cables neatly routed and out of sight, reducing clutter and maintaining a professional desk setup.

Matte Black Finish
Gives the setup a clean, professional and understated appearance.
