Gas Spring Monitor Arm

Heavy-Duty Performance Without the Bulk.

The Brateck LDT87-C012-B Titan combines serious weight capacity with smooth gas-spring adjustment for easier repositioning of large, ultrawide and high-performance screens.

180 Rotation Stop

Helps prevent the arm from swinging into nearby walls, screens or other workspace elements.

Universal VESA Compatibility

Supports VESA mounting patterns for broad compatibility with popular monitors.

Wide Monitor Compatibility

Designed to support most 24"–57" flat and curved monitors weighing up to 27 kg, making it a versatile choice for home offices workstations, and professional setups.

Gas Spring Monitor Arm

Heavy-Duty Performance Without the Bulk.

The heavy-duty structure helps free up valuable desk space while allowing more ergonomic screen placement.

Features

Full-Motion Viewing

Easily adjust your screen for the perfect viewing angle whether you're working, creating, or watching content.

Clean & Organized Workspace

Built-in cable clips help route and organize monitor cables along the stand, reducing clutter and giving your workstation a cleaner appearance.

Durable Construction

Built with a sturdy structure and powder-coated finish, the stand is designed for reliable everyday use while providing solid support for your monitor.

Pneumatic Height Adjustment

The gas spring mechanism allows smooth and effortless vertical height adjustment, making it easy to position your monitor
