

Brateck

Better Angles. Better Viewing.

TILT TV WALL MOUNT

The **Brateck Tilt TV Wall Mount** is designed to enhance everyday viewing by positioning your TV for greater comfort and a more immersive experience. Its space-saving design helps create a clean, modern look while reducing glare and improving screen visibility from different seating positions.

Tilt Adjustment Design

Allows users to adjust the screen angle to reduce glare and achieve a more comfortable viewing experience.

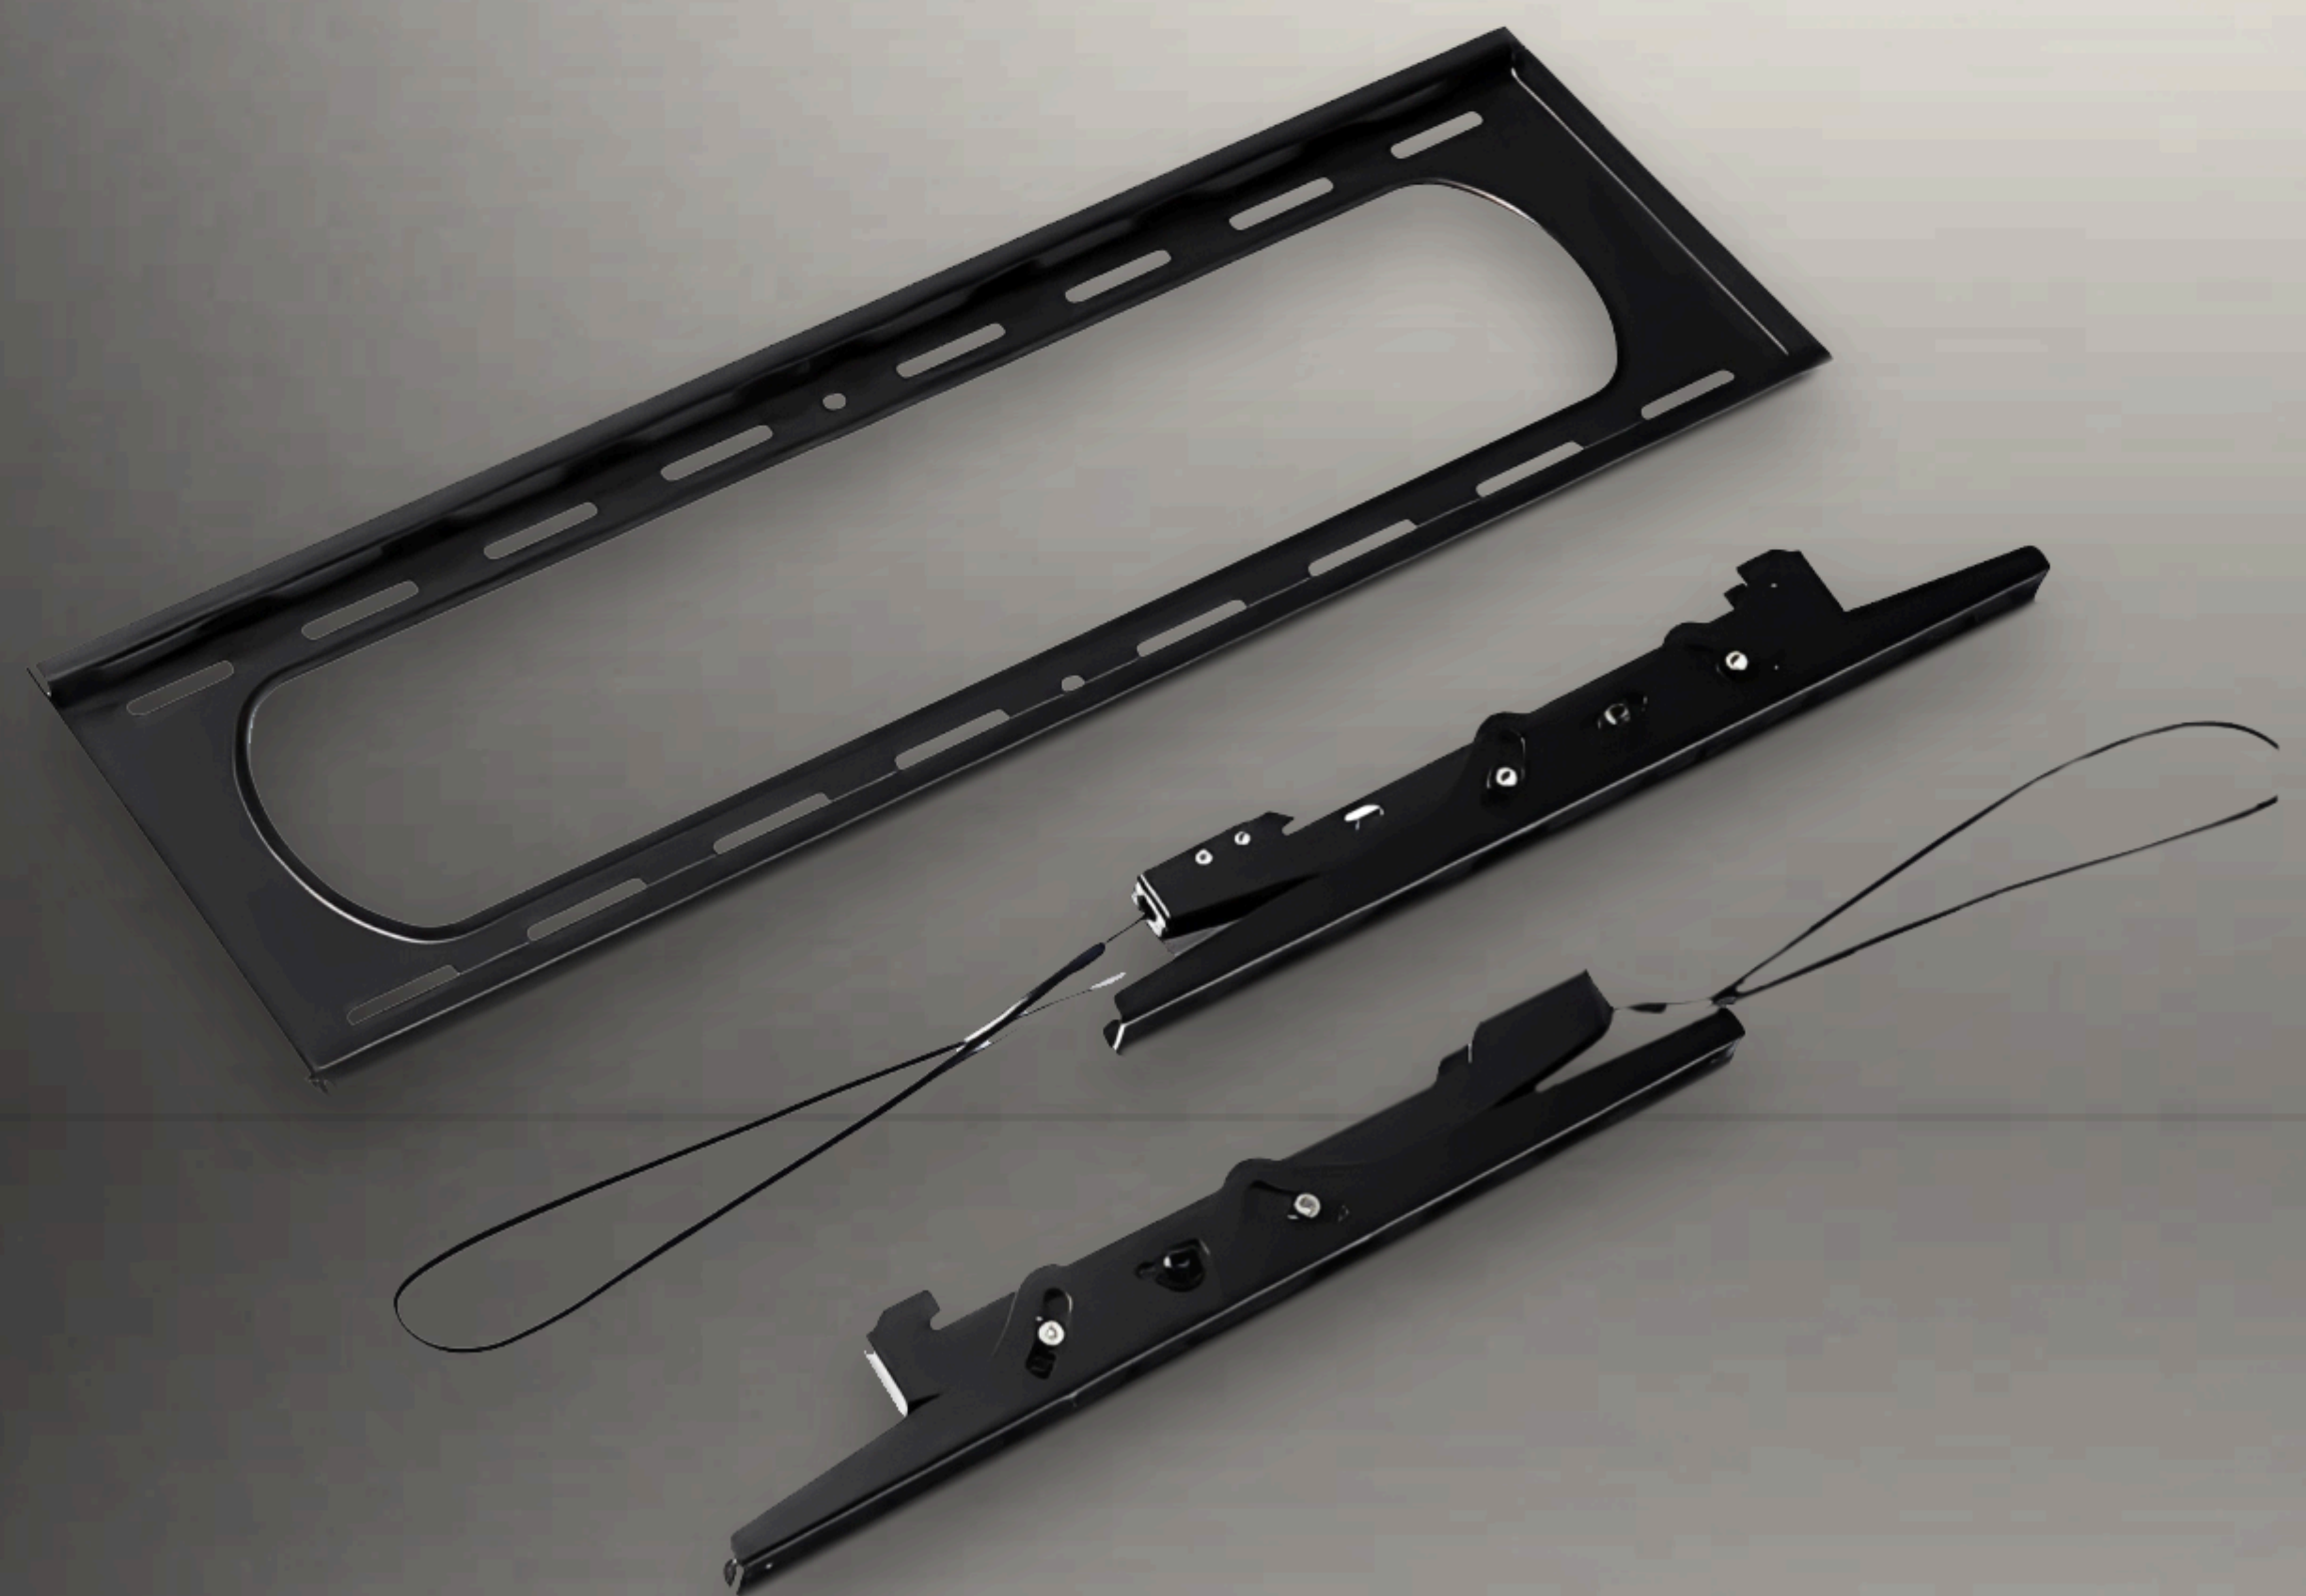

Quick-Release Spring Lock

Features a spring-lock mechanism that makes mounting and removing the TV quick, convenient, and secure.

Strong & Reliable Support

Built with durable steel materials to deliver long-lasting stability and confidence for everyday entertainment and professional applications.

Open Architecture Design

Enhances airflow around the display to help reduce heat buildup while providing easier access to cables for a cleaner, more convenient installation and maintenance experience.
