

Brateck

Flexible Mounting Smarter Workspaces

HEAVY-DUTY FIXED TV WALL MOUNT

Mount large-screen TVs with confidence. The Brateck **MABT-LP73-69F** is built for professional installations, supporting TVs from 60" to 120" and up to 120 kg while maintaining a slim 35 mm profile.

Optimise Your Viewing Experience

Adjust your monitor exactly where you need it. With full motion movement and smooth positioning, the MABT-LP73-69F helps users achieve the perfect viewing angle for improved comfort and productivity.

HEIGHT ADJUSTMENT
Easy vertical positioning

Find your ideal viewing angle

More Desk Space. Less Clutter.

Free up valuable workspace by lifting your monitor off the desk surface. The sturdy arm design creates a cleaner setup while keeping cables and accessories neatly organised.

Smooth Movement. Strong Support.

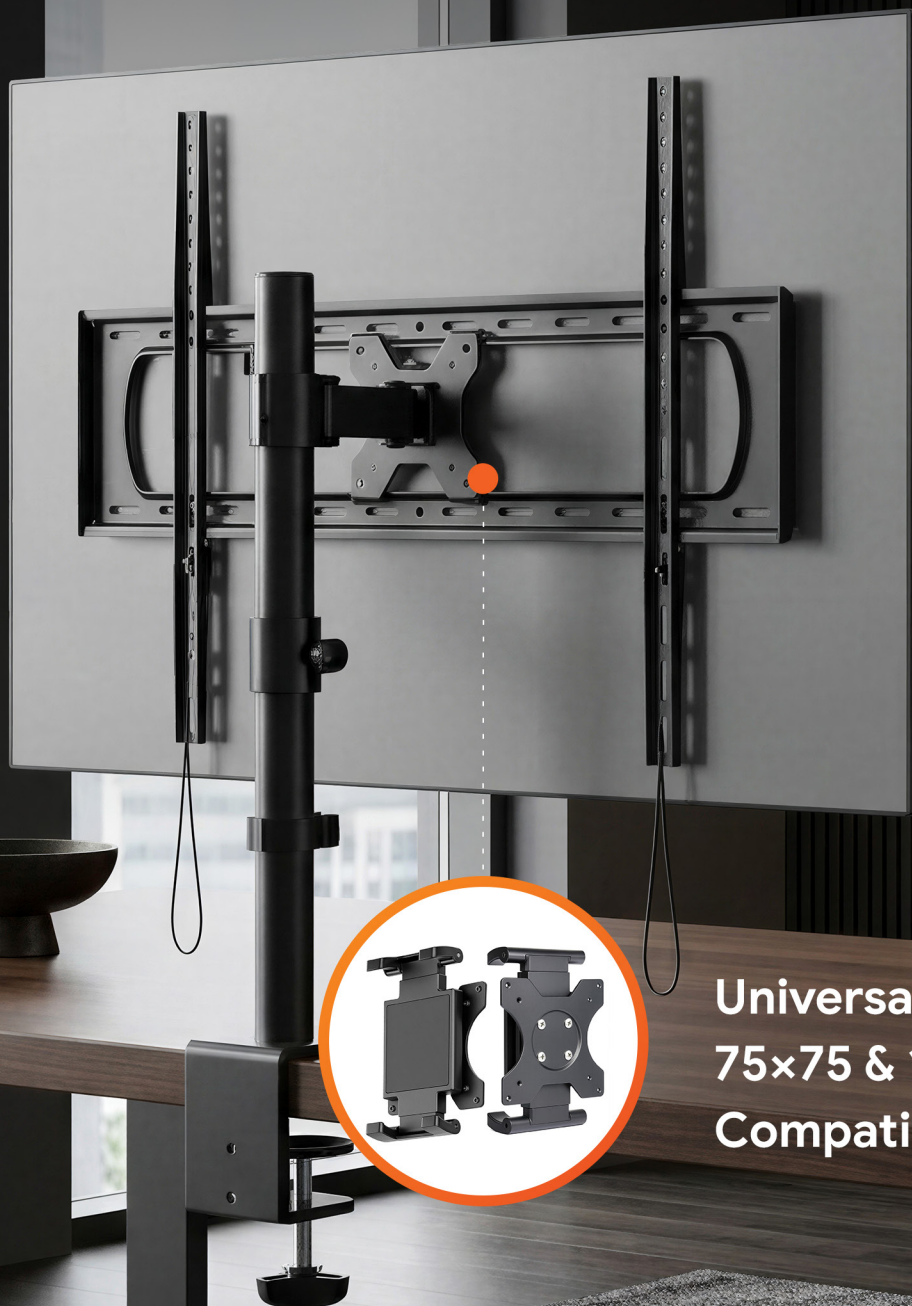

Built with a durable gas spring mechanism, the monitor arm provides effortless height adjustment and stable support for everyday professional use.

120kg

Ready for Most Modern Monitors

Compatible with both 75×75mm and 100×100mm VESA mounting patterns, the MABT-LP73-69F makes it easy to install a wide range of business and home office monitors for a secure, professional setup.
