

# Heavy-Duty Fixed TV Wall Mount

## Flexible Mounting. Smarter Workspaces.

Mount large-screen TVs with confidence. The **Brateck MABT-LP73-69F** is built for professional installations, supporting TVs from 60" to 120" and up to 120kg while maintaining a slim 35mm profile. Its open architecture supports airflow and cable access, with quick-release cords for easier servicing.

### Professional Heavy-Duty Support

Supports large-screen TVs up to 120kg (264lbs), giving professional installations dependable strength and stability.

### Flexible 60"-120" Fit

Fits a wide range of large-screen TVs from 60" to 120", including curved displays and VESA patterns up to 900x600.

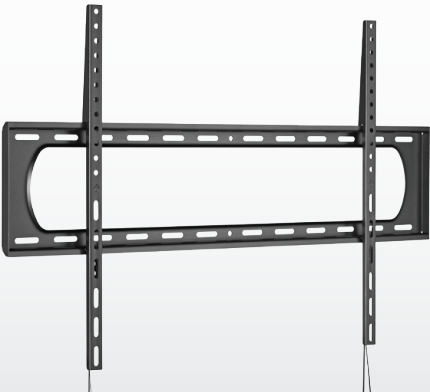

### Slim 35mm Profile

Keeps large displays close to the wall with a clean 35mm (1.4") mounting profile suited to professional spaces.

# Heavy-Duty Fixed TV Wall Mount

## Flexible Mounting. Smarter Workspaces.

Built for professional installations, the **MABT-LP73-69F** supports 60"-120" TVs up to 120kg with a slim 35mm profile, open architecture for airflow and cable access, and quick-release cords for easy servicing.

### Features

#### Professional-Grade Construction

Steel construction with 2mm cold-rolled bracket arms and wall plate for dependable strength in professional installations.

#### Open Architecture

Improves ventilation and provides easier access to cables behind the display.

#### Large-Screen Compatibility

Supports TVs from 60" to 120", including curved displays, for flexible large-format mounting.

#### Quick-Release Servicing

Automatic spring locks and quick-release cords make display removal easier when servicing access is required.

#### 120kg Load Capacity

Supports displays up to 120kg (264lbs) and is listed as strength tested to 4 times approved.

#### Flexible Mounting Compatibility

VESA and universal mounting patterns provide broad installation flexibility, with a maximum mounting hole of 974x602mm.

#### Slim 35mm Profile

A 35mm (1.4") profile keeps the display close to the wall for a clean, space-efficient finish.

#### Installation Ready

Supports solid-wall or double-stud mounting and includes a hook-on bubble level to assist installation.
