Brateck

Made for Big TVs and Modern Spaces.

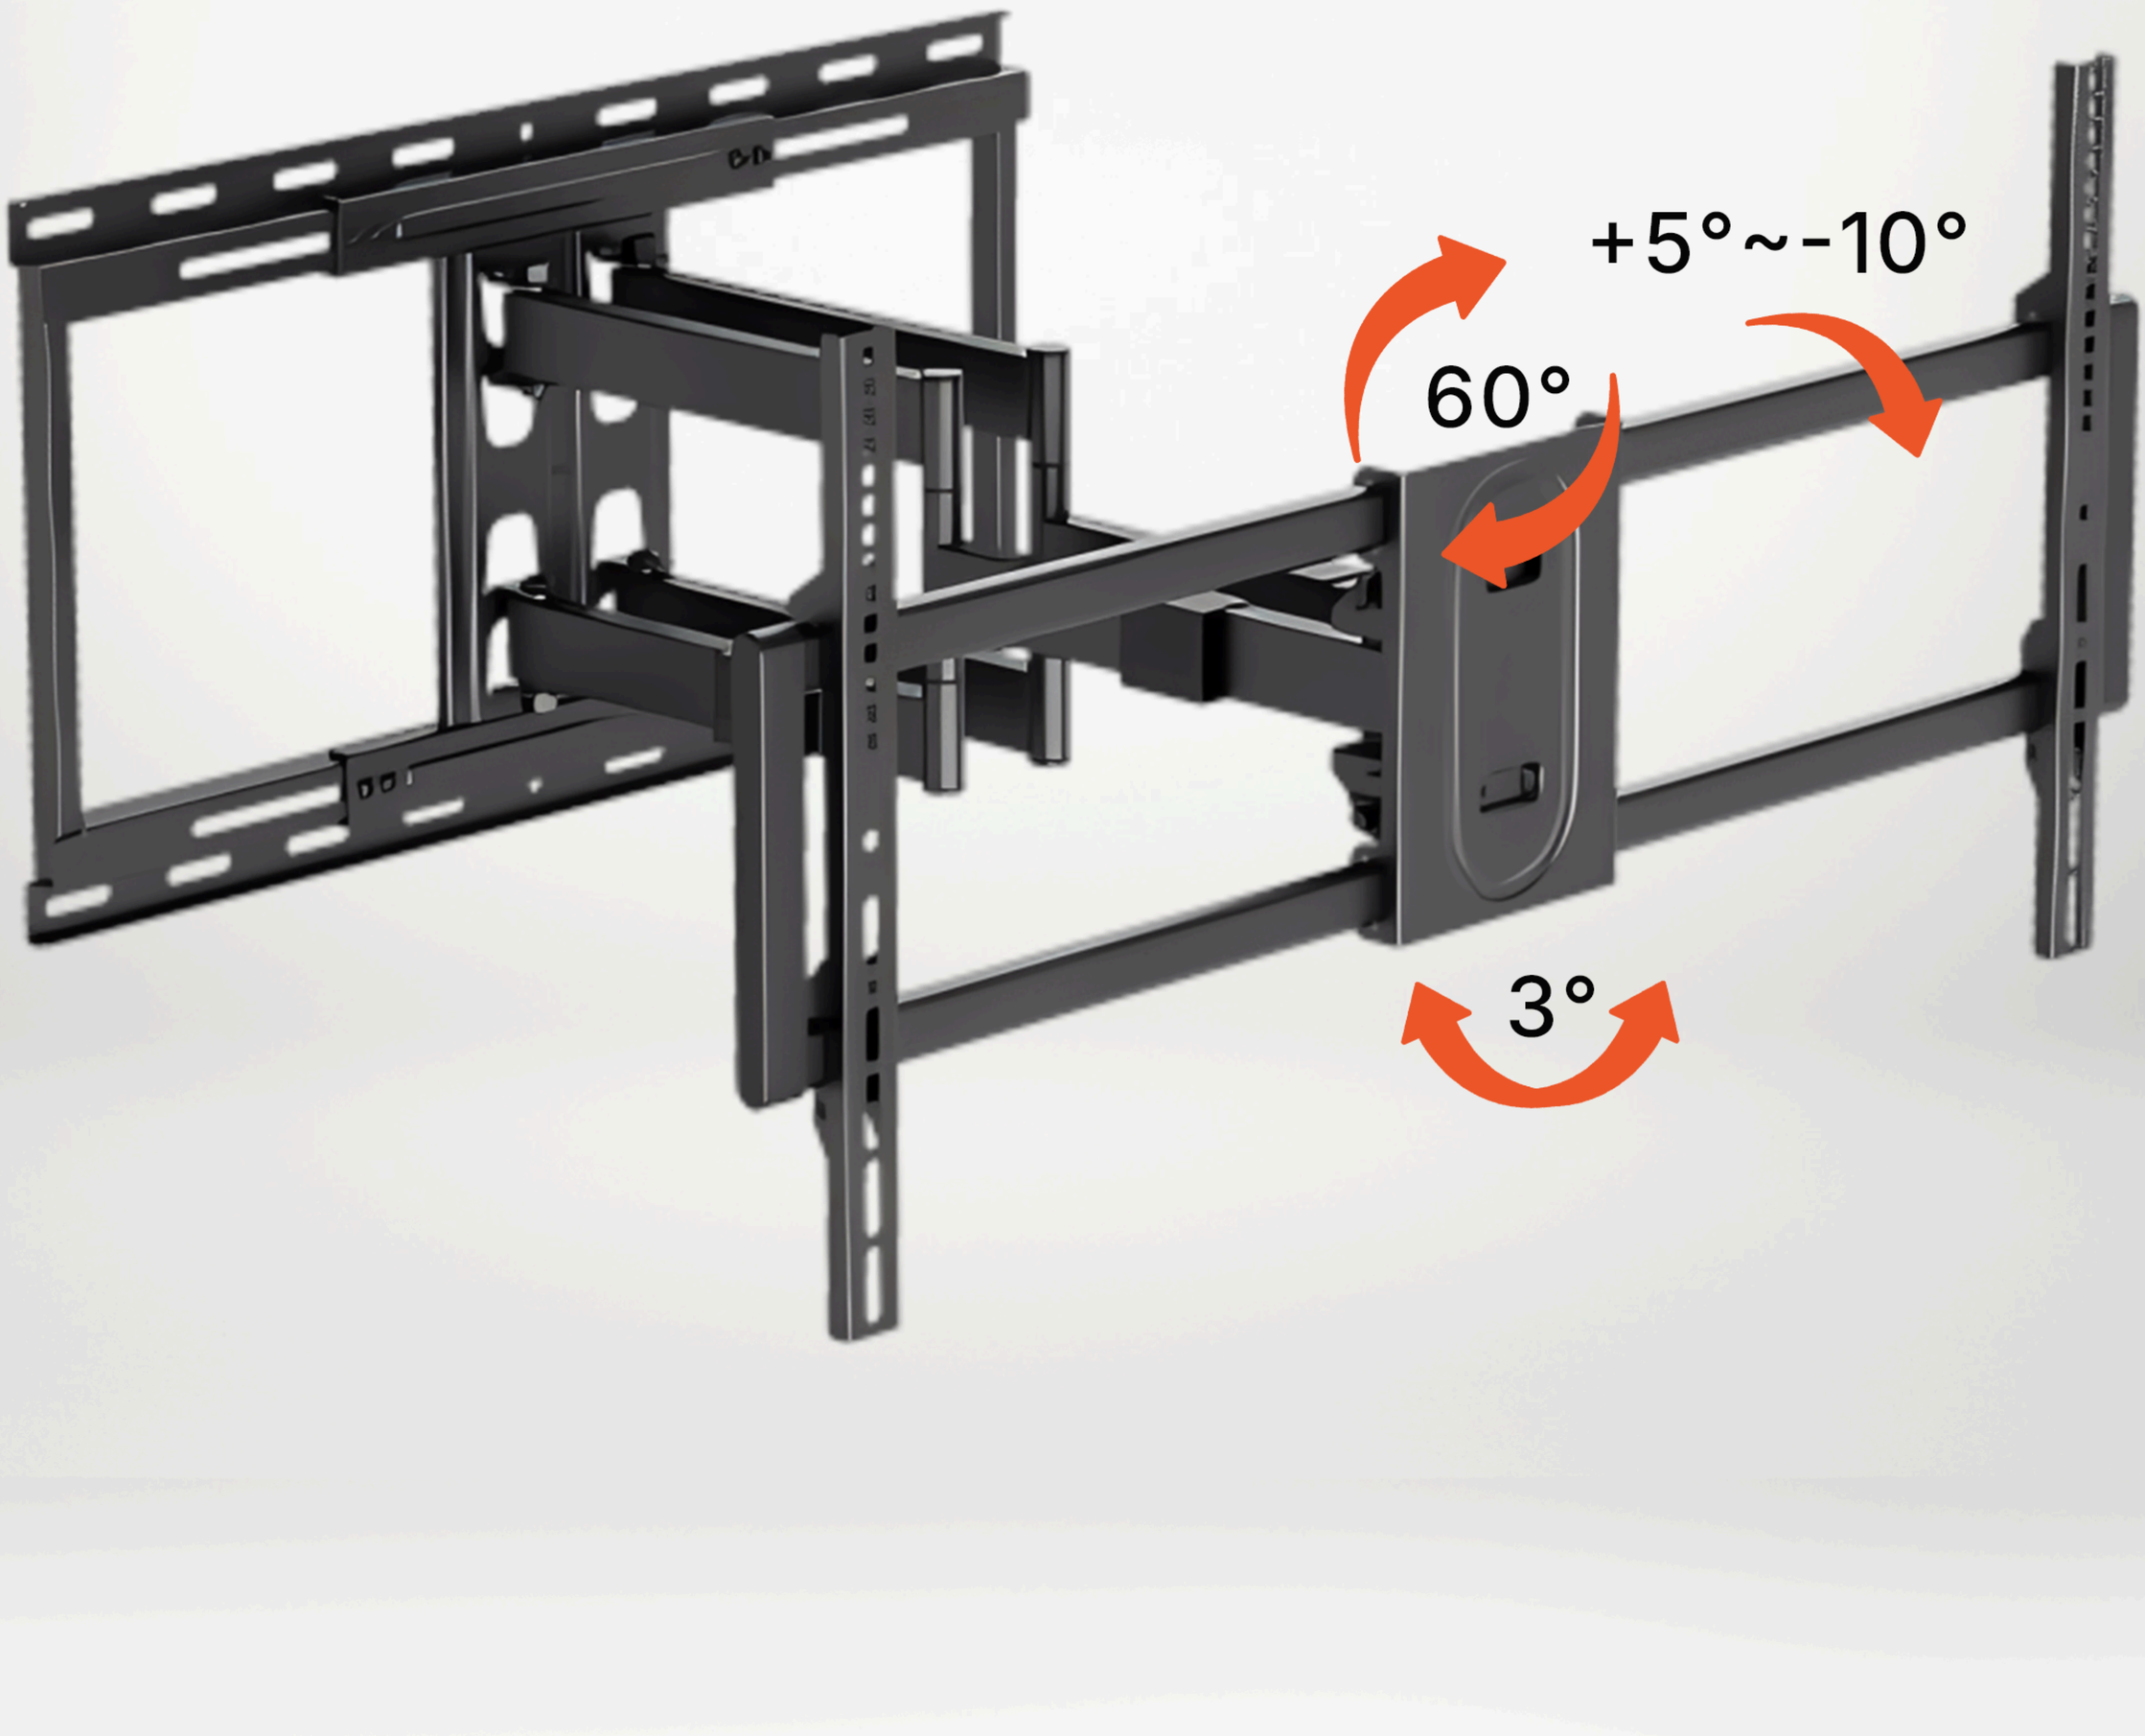

TV WALL MOUNT WITH LATERAL SHIFT

Built for demanding large-screen installations, the **Brateck LPA80-486A Heavy-Duty Full-Motion TV Wall** livers strong, flexible support with a lateral-shift wall plate for easier screen positioning after installation. It provides a secure, professional solution for home entertainment, meeting rooms, hospitality spaces and commercial display environments where strength, adjustability and precise placement matter.

Heavy-Duty Full-Motion Design

Combines strong structural support with flexible screen adjustment for demanding large-screen applications.

Lateral Shift Wall Plate

Lets the TV move left or right after mounting, helping achieve better screen placement even with off-centre studs.

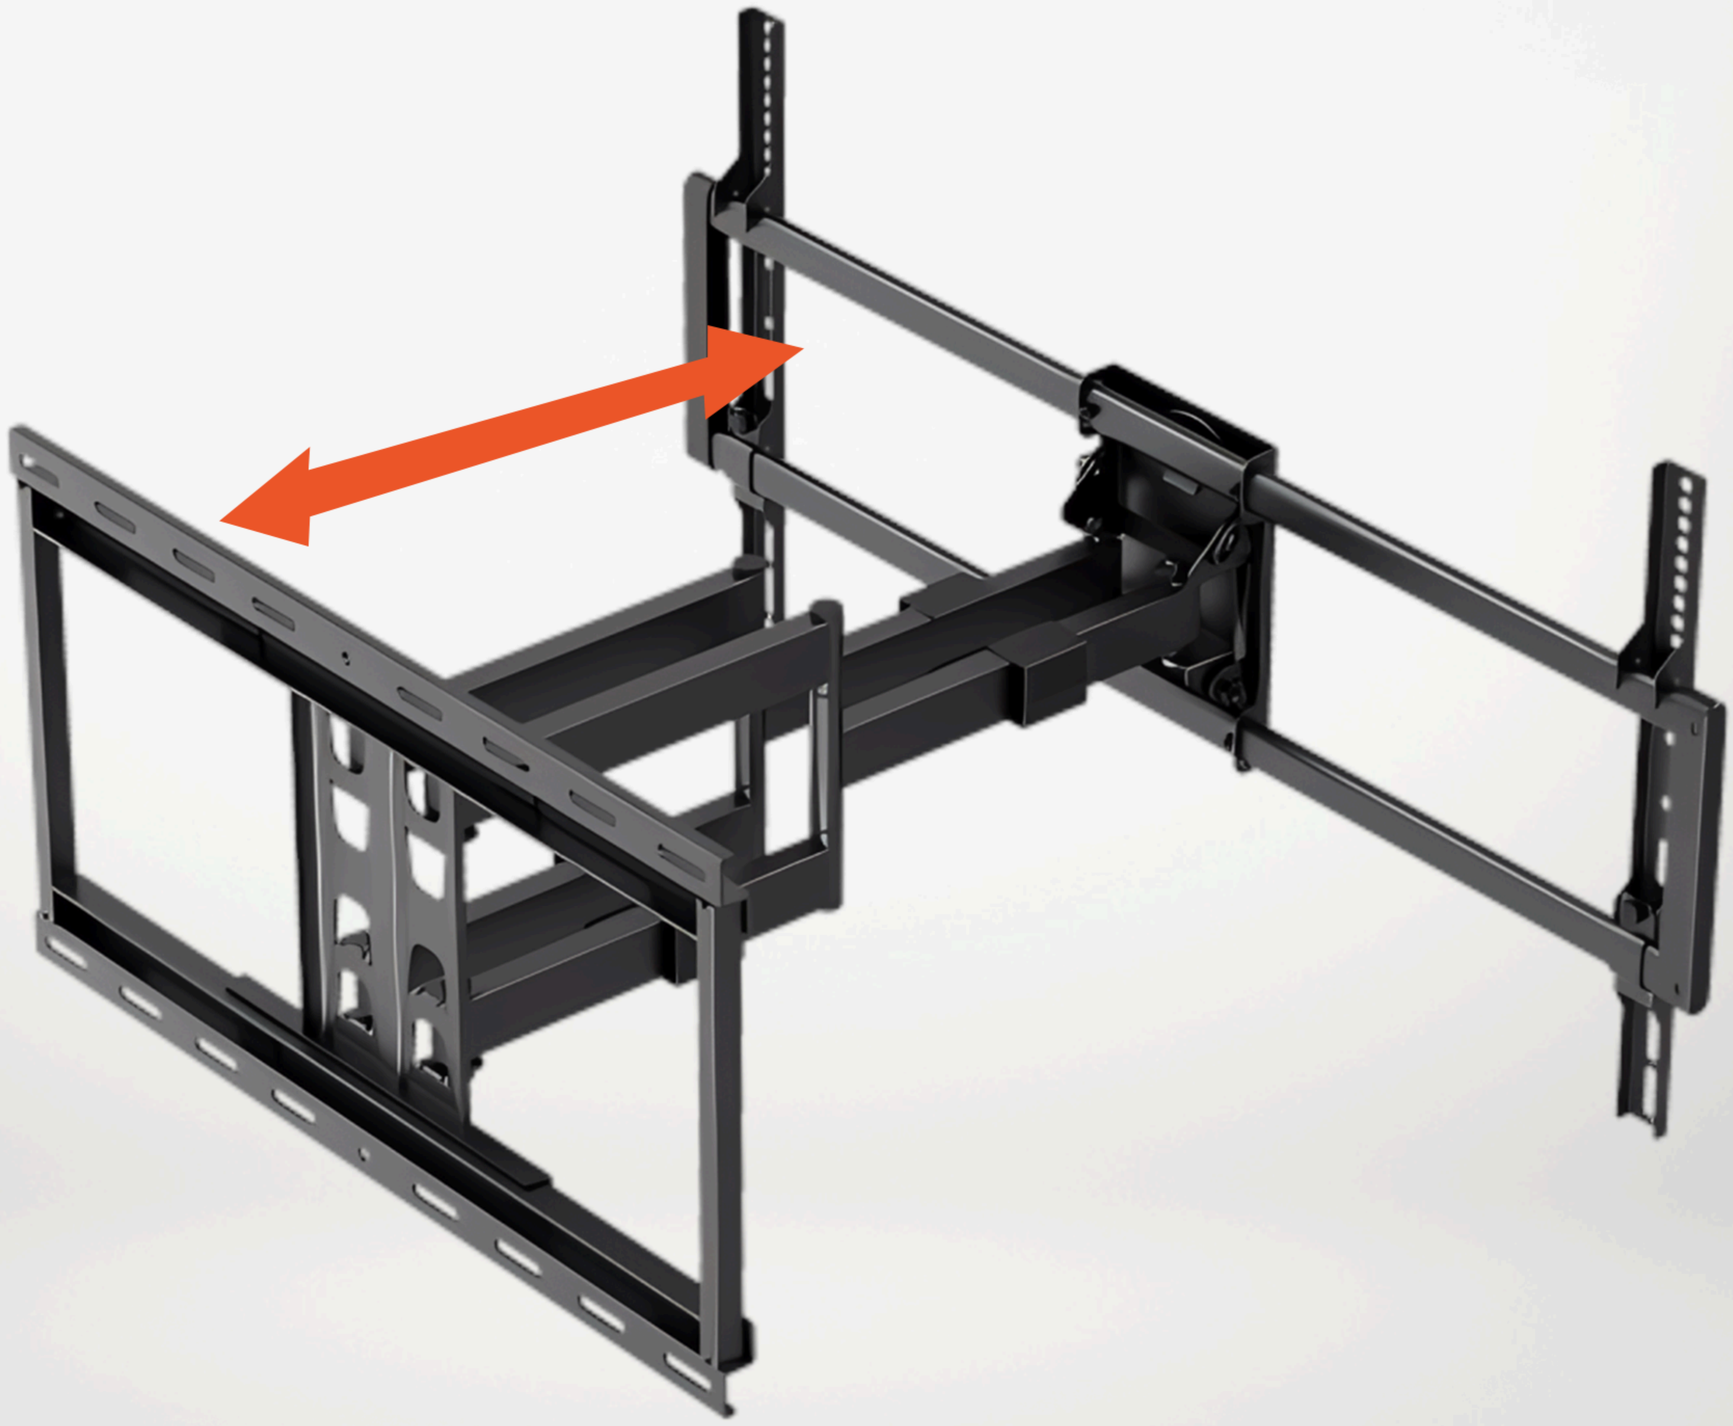

Easy Installation & Better Access

The detachable wall plate simplifies mounting for quicker assembly, while the open architecture improves ventilation and provides easier access to cables and connections.

Smooth Movement & Extended Reach

Designed for effortless adjustment with a generous extension range, allowing the TV to move closer, farther or into a more comfortable viewing position.
