

Brateck

Six Levels. One Better View.

L A P T O P R I S E R

Work more comfortably wherever the day takes you with the **Brateck LPS03-3-03 Portable 6-Level Adjustable Aluminum Laptop Riser**. It offers six height levels to help raise the screen to a more comfortable viewing position. Its lightweight aluminum construction and foldable portable design make it a practical companion for home offices, study areas, shared workspaces and travel setups.

6 Height Settings

Choose from six adjustment levels to find a viewing position that best suits your desk and posture.

6 ADJUSTABLE LEVELS

Secure Support & Better Ventilation

The safety ledge helps prevent your laptop or tablet from sliding forward, while the open design improves airflow to help dissipate heat during extended use.

Lightweight Aluminum Construction

Combines strength with a sleek, lightweight
and modern appearance.

Fully Foldable Design

Collapses flat for easy storage, transport or carrying between home, office and study spaces.
