

Laptop Riser

Six Levels. One Better View.

Work more comfortably wherever the day takes you with the Brateck LPS03-3-03 Portable 6-Level Adjustable Aluminum Laptop Riser. It offers six height levels to help raise the screen to a more comfortable viewing position.

Ergonomic Screen Elevation

Raises your laptop or tablet closer to eye level for a more comfortable viewing angle during work, study or everyday use.

6 Height Settings

Choose from six adjustment levels to find a viewing position that best suits your desk and posture.

Fully Foldable Design

Collapses flat for easy storage, transport or carrying between home, office and study spaces.

Laptop Riser

Six Levels. One Better View.

Its lightweight aluminum construction and foldable portable design make it a practical companion for home offices, study areas, shared workspaces and travel setups.

Features

Safety Ledge Stopper

Helps prevent laptops and tablets from sliding forward during use.

Lightweight Aluminum Construction

Combines strength with a sleek, lightweight and modern appearance.

Open Ventilation Structure

Promotes increased airflow around the device to help dissipate heat during extended use.

Non-Toxic Silicone Pads

Help protect your device from scratches while keeping it securely positioned on the stand.
