Brateck

Everything You Need to Build a Smarter Studio Setup.

DUAL-MONITOR ALL-IN-ONE STUDIO SETUP

The **Brateck MDS10-2 Dual-Monitor All-in-One Studio Setup Desktop Mount** combines versatile equipment mounting, flexible positioning and space-saving functionality for modern content creation environments. Featuring a sturdy vertical pole, independently adjustable monitor arms and dedicated accessory mounting points.

All-in-One Studio Mounting System

Combines dual-monitor support with dedicated mounting points for microphones, cameras and lighting accessories, allowing creators to organise essential production equipment around one.

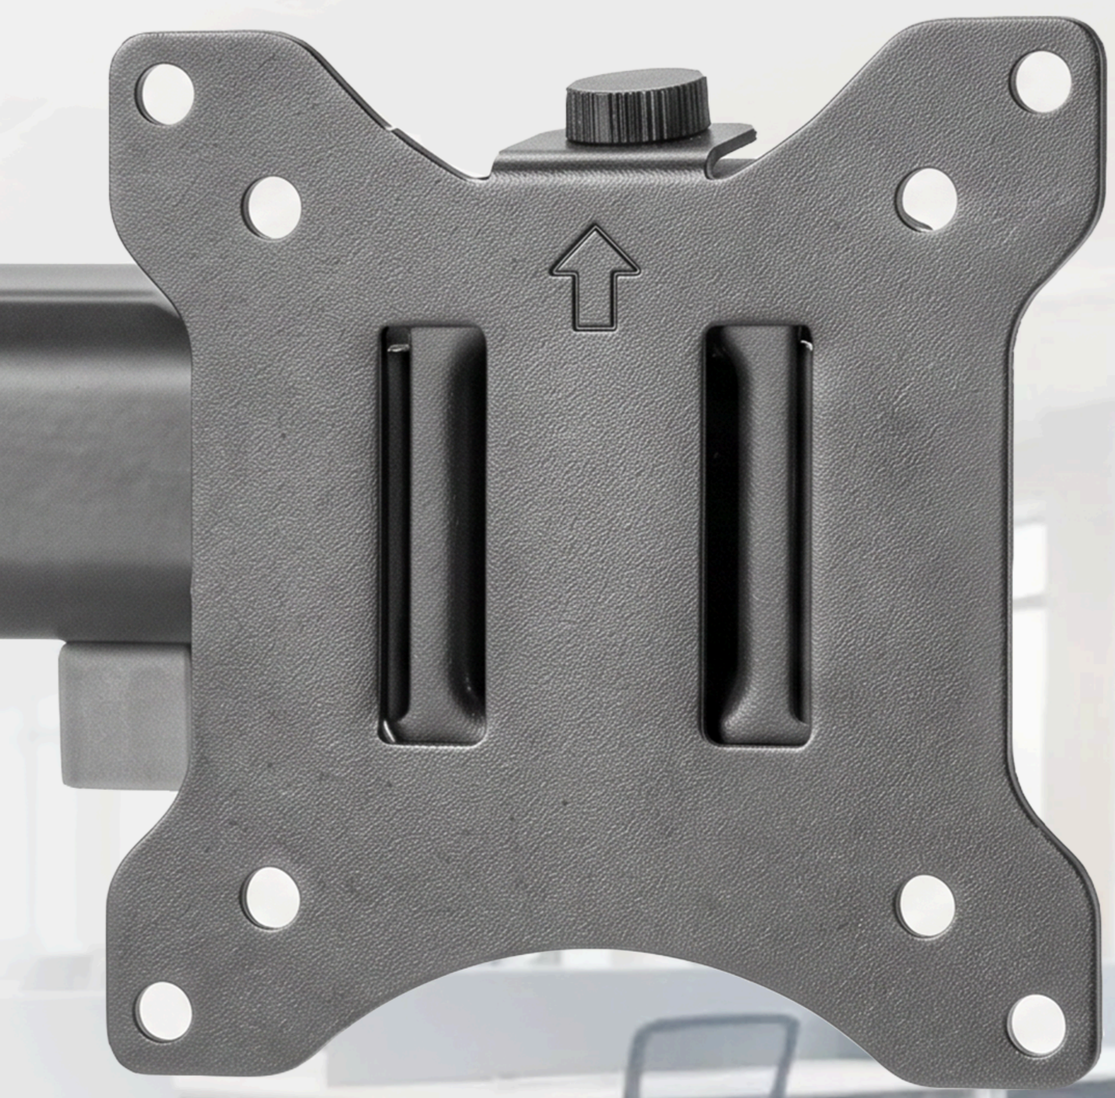

Reliable Dual-Monitor Support

Featuring independently adjustable arms that provide flexible positioning for content editing and multitasking.

Flexible Multi-Equipment Positioning

Allowing users to easily reposition each device for optimal angles, comfortable operation and a more versatile, professional content creation setup.
