Brateck

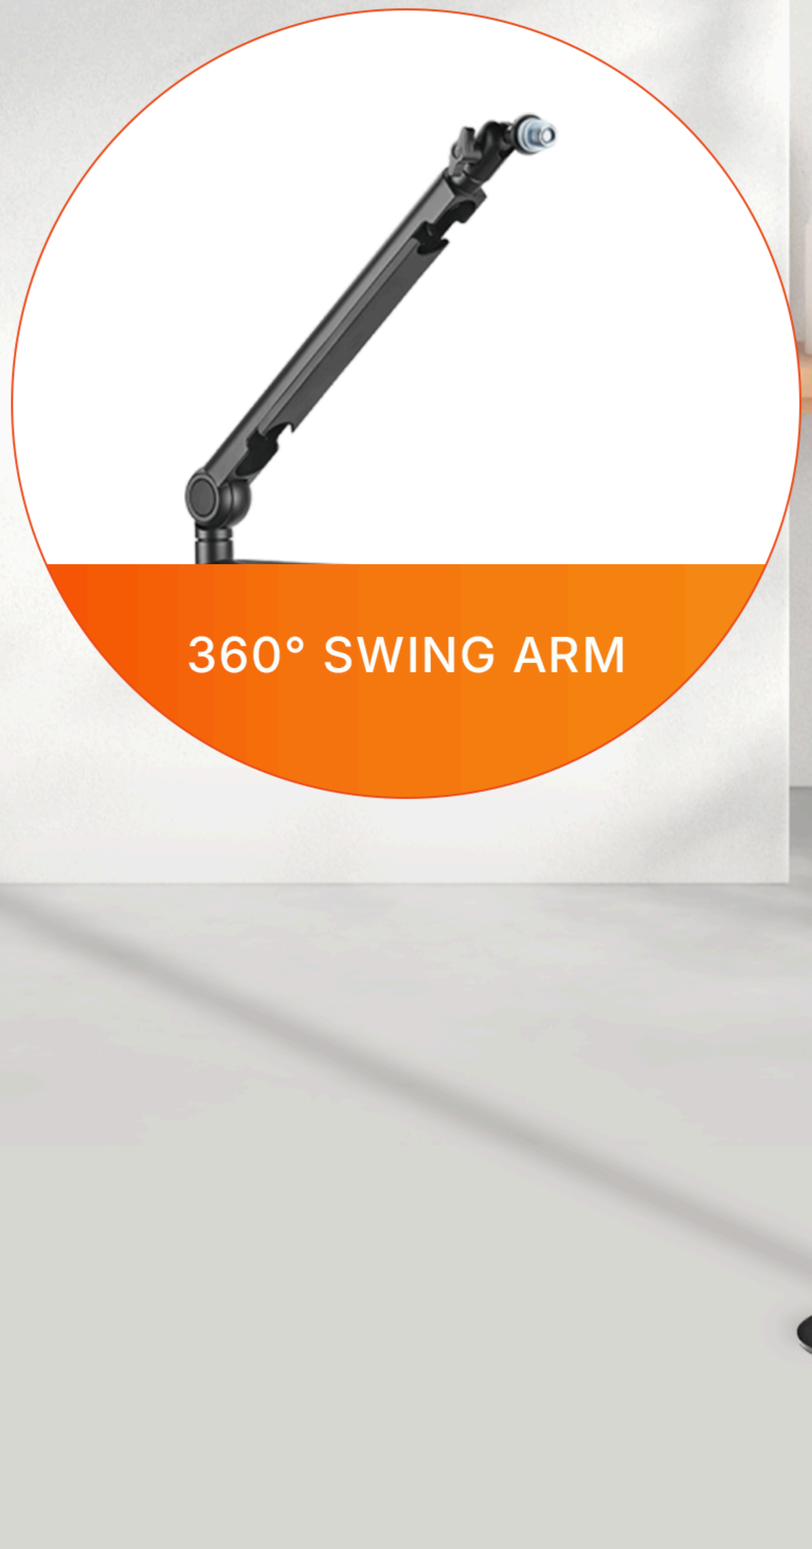

The Right Height. The Right Angle.

MICROPHONE FLOOR STAND

The **Brateck MDS16-3-B Flexible Swing-Arm Microphone Floor Stand** combines versatile positioning, adjustable height and dependable stability for professional recording and content creation. Designed for podcasting, live streaming, voice recording and studio applications.

360° Flexible Swing-Arm Positioning

Features a fully rotating swing arm that allows users to adjust the microphone's direction and position for more comfortable sessions, with flexible forward or backward orientation.

Adjustable Height for Every Setup

Allowing users to position their microphone at a comfortable level for seated or standing recording, interviews, live streaming and other creative applications.

Wide Microphone Mounting Compatibility

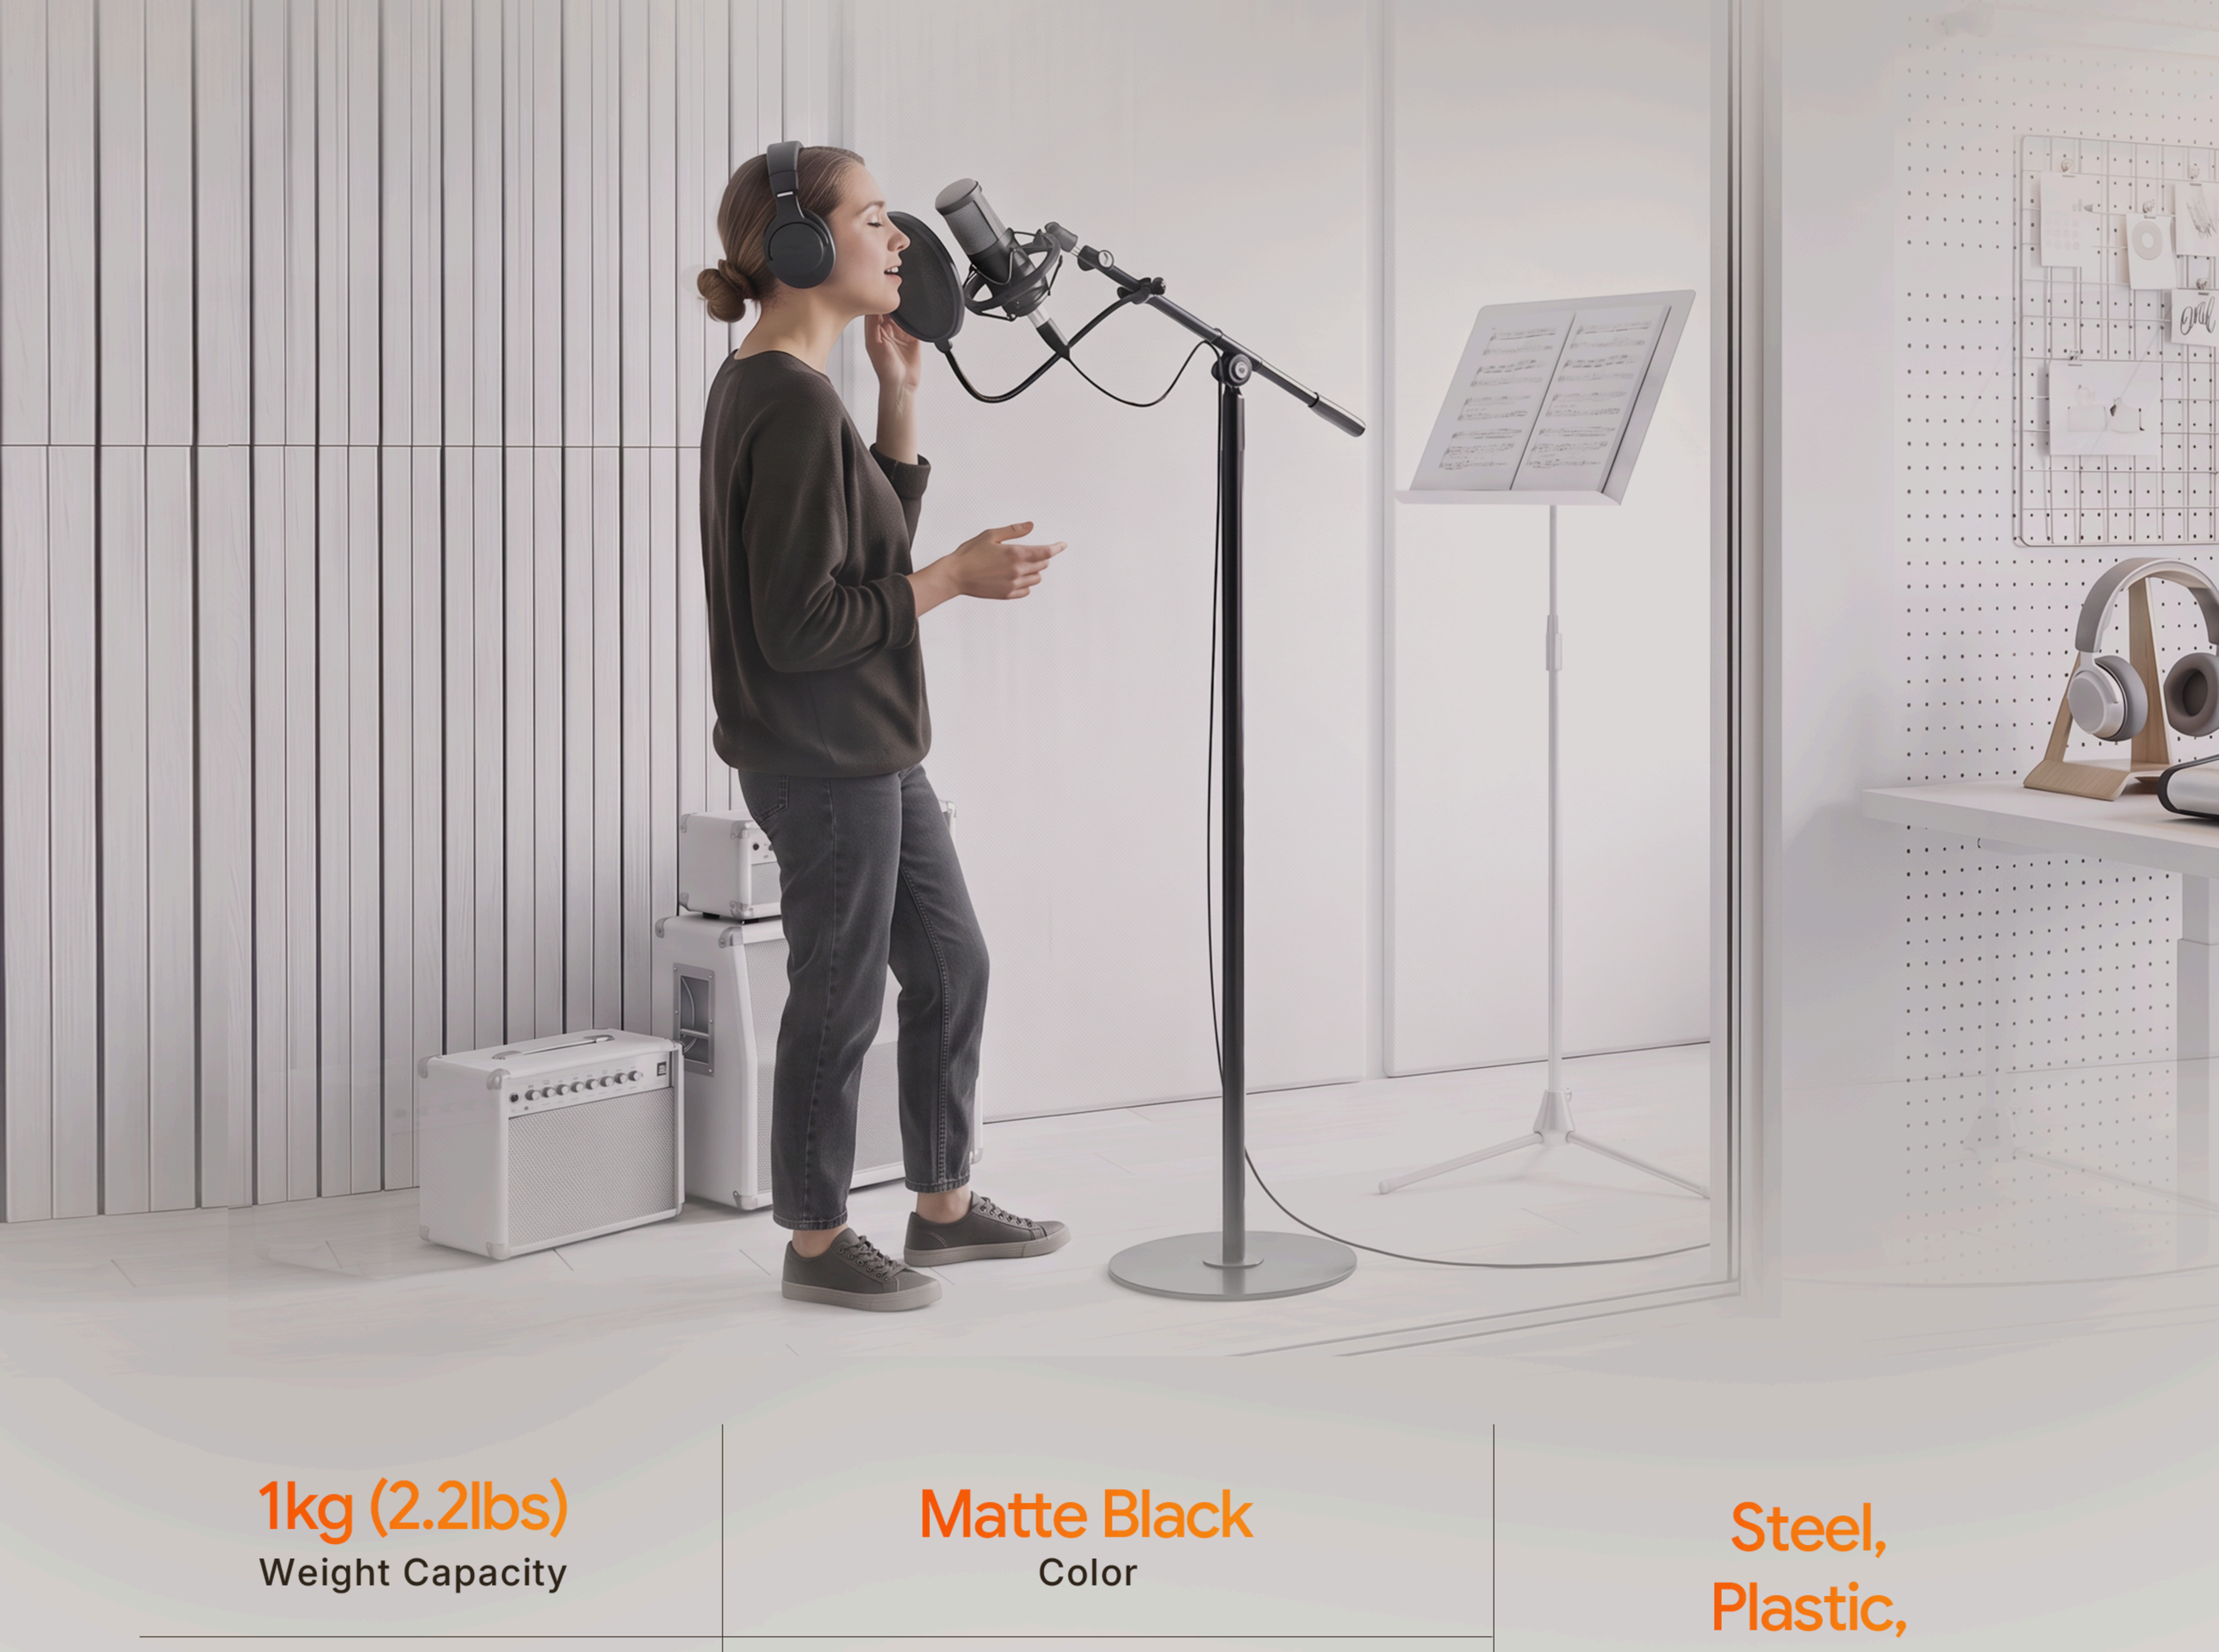

Compatibility with many popular vocal and dynamic microphones, supporting compatible microphones and accessories with a combined weight of up to 1kg.

INCLUDES 3/8" AND 5/8" ADAPTERS

Integrated Cable Management

Features built-in cable management to help route microphone cables neatly along the stand, reducing visible clutter.
