

Brateck

More Comfort at Every Click.

MOUSE PAD WITH GEL WRIST REST

Designed with a supportive gel wrist rest, **Brateck Mouse Pad with Gel Wrist Rest** helps create a more comfortable hand and wrist position during extended periods of work, study or browsing. The smooth mouse surface supports easy movement, while the compact blue design adds a practical and professional touch to any desk setup.

Comfort & Smooth Control

Soft gel wrist support cushions your wrist for added comfort, while the smooth fabric surface allows easy, consistent mouse movement and everyday control.

SMOOTH FABRIC
SURFACE

Anti-Slip Rubber Base

Helps keep the mouse pad securely in place and reduces unwanted movement during use.

Universal Mouse Compatibility

Designed for use with optical, laser and other common mouse types.
