

Brateck

Light Up Every Move.

RGB GAMING MOUSE PAD

Smooth control meets custom RGB lighting with a water-resistant surface and anti-slip backing for reliable everyday performance.

7 Colours. 3 Lighting Modes.

Choose from seven RGB colours and Breathing, Cycling or Wave modes to match your keyboard, mouse and desktop setup.

Smooth Surface. Easy Movement.

The smooth fabric surface helps reduce resistance for easy, responsive mouse movement across the extended pad.

Water-Resistant. Anti-Slip.

Water-resistant construction helps protect against accidental spills, while the anti-slip rubber backing keeps the pad securely in place.

Built-In Lighting Control.

Use the integrated switch button to change lighting modes quickly and keep control within easy reach.
