

Brateck

Every Detail Designed for Device Safety.

STEEL LAPTOP HOLDER

Transform your monitor arm into a versatile laptop workstation with the **Brateck Steel Laptop Holder**. Its sturdy construction, ventilation-friendly design, and adjustable retention lips provide reliable support for laptops used in home offices, corporate workspaces, and hybrid work environments.

Universal Laptop Compatibility

Featuring an adjustable width to fit most 11"–17" laptops and devices, and is compatible with standard VESA plates, making it suitable for use with most laptop.

Enhanced Device Protection

Featuring a secure safety strap, anti-slip ledge stoppers, and protective silicone padding, this holder keeps your laptop firmly in place, prevents accidental drops and slipping, and protects against scratches for maximum device security.

Open Ventilation Design

Open-frame construction promotes continuous airflow around your laptop, helping dissipate heat and maintain optimal performance during extended use.
