

**Brateck**

# Work Smarter. Stay Organised.

ADJUSTABLE LAPTOP TRAY FOR MONITOR ARMS

Combining ergonomic design with practical workspace efficiency, the **Brateck NBH-7** integrates your laptop into a monitor arm setup for a cleaner, more comfortable workstation. Supporting 12"–17" laptops with height adjustment, ventilation, and a foldable design, it helps maximise desk space while improving productivity.

## Dual-Screen Productivity

Position your laptop alongside your monitor for a more comfortable viewing experience and improved workflow efficiency.

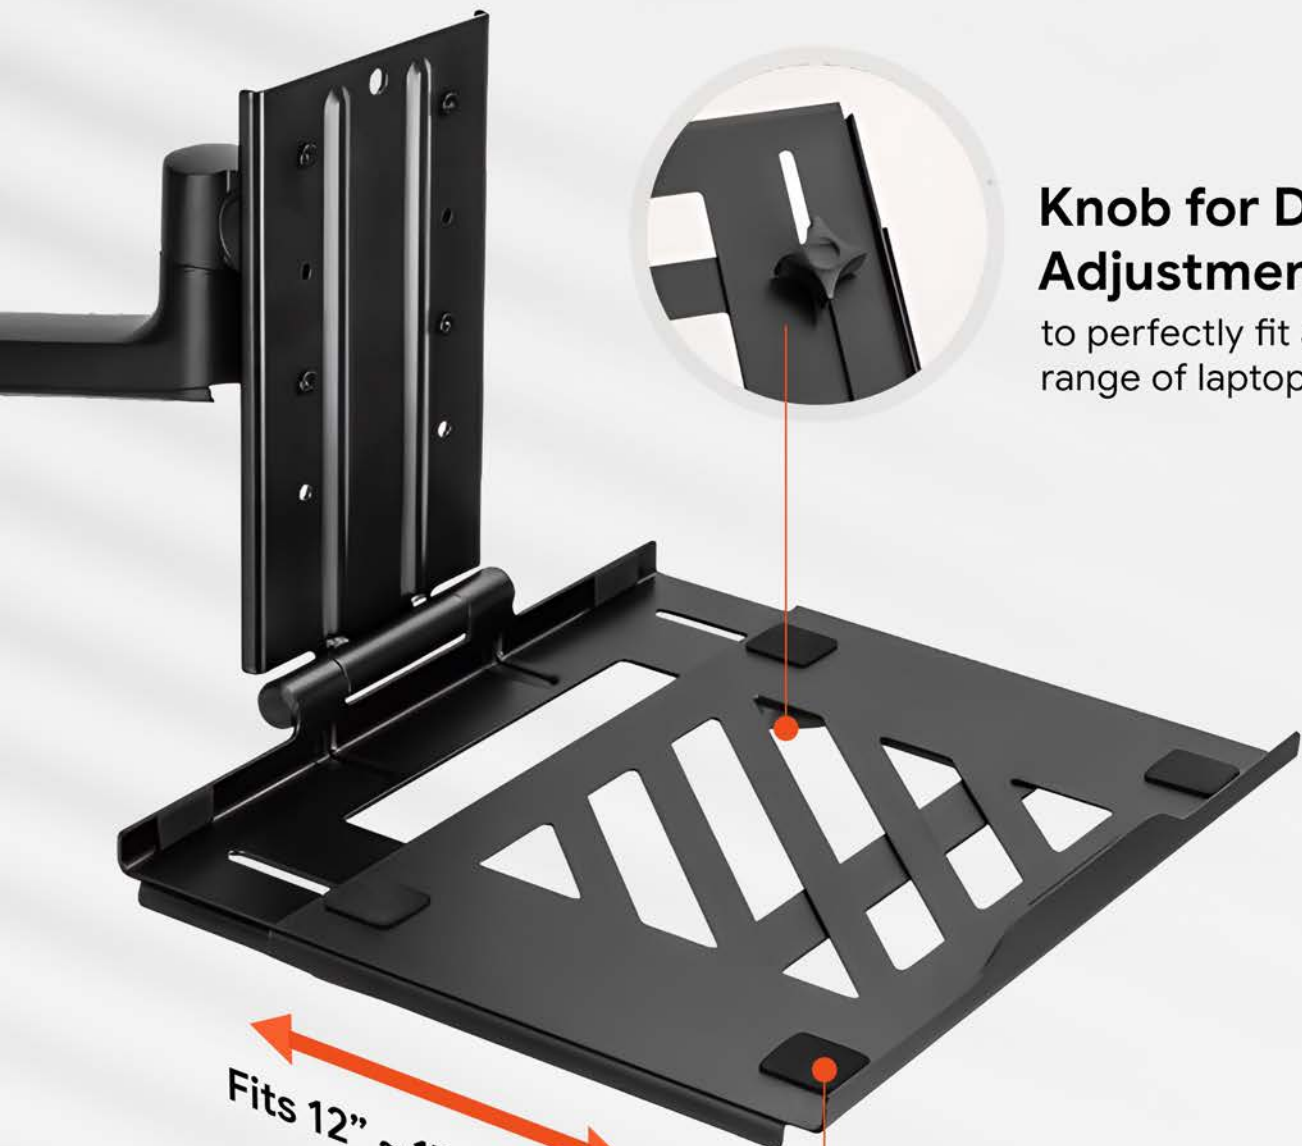

**2-Level Height Adjustment**

**Adjustable Mounting Height**  
to fit different needs and personal preference

## Fits 12"–17" Laptops

Adjustable depth accommodates a wide range of laptop sizes, providing a secure and flexible mounting solution.

### Knob for Depth Adjustment

to perfectly fit a wide range of laptop sizes

Fits 12" ~ 17" Laptops

### Non-Slip EVA Pads

prevent the laptop from scratches

## Ventilated & Foldable Design

Open architecture promotes airflow for improved heat dissipation, while the foldable tray design helps maintain a tidy workspace when not in use.

## Seamless Monitor Arm Integration

Compatible with standard 75×75 VESA monitor arm mounts, making it easy to create a streamlined workstation with minimal desk clutter.
